## Lloyd Mats

The premier manufacturer of custom-application floor and cargo mats for three decades and counting, Lloyd's obsessive attention to perfect fit and finish makes them the choice of Corvette enthusiasts everywhere. If you want the best – demand Lloyd.

### Ultimat

As the name suggests, enjoy “living room” luxury in your Corvette! Ultimats use two pounds of 2-ply twisted nylon yarn per square yard to create a dense 5/16” pile that holds up to hard use. Bound edges can never unravel. OE colors (Jet Black, gray or Browstone) with embroidered logo appliqué. Floor mats anchor same as factory. Specify coupe or convertible model when ordering cargo mats.

## Advanced Composite Specialties

ACS.COMPOSITE.COM

RTM (Resin Transfer Molding) technology produces parts of exceptional OE quality, made by injecting fiberglass into match molds then compressing it all under high pressure. The result is a uniform thickness and both-sides smooth finish, plus RTM's accelerated cure time eliminates any possibility of "wet" parts becoming distorted after leaving the molds. Finished pieces are CNC trimmed for clean edges and precise shape. Advanced Composite Specialties defines superior fit, superior finish and superior appearance!

## G-LOC Brake Pads

G-LOC makes the most of ceramic, carbon, Kevlar, and semi-metallic compounds producing the highest level of performance friction. Rotor friendly with unmatched modulation and release characteristics. Designed and engineered by racers for racers.

### G-LOC GS-1

High-performance ceramic street compound. Very little dust and noise maintains excellent initial bite and torque. Unmatched rotor friendliness and longevity. Excellent performance with incredible braking force without ABS intervention. Operating range starts at ambient up to 800°F.

DB-1272	14-19	Base & Z51 GS-1 front pads .....	<b>168.99</b>
DB-1273	15-19	Z06/GS J56 GS-1 front pads .....	<b>265.99</b>
DB-1274	14-19	Base, Z51 & Z06/GS J56 GS-1 rear pads .....	<b>164.99</b>

### G-LOC R6

Specifically engineered for Autocross applications. Delivers consistent performance from dead cold (0°F) up to 1000°F. Advanced compound matrix provides excellent initial bite, high coefficient of friction at lower temperatures along with progressive brake modulation. NOT recommended daily street use or road racing (closed circuit) applications.

DB-1284	14-19	Base & Z51 R6 front pads .....	<b>188.99</b>
DB-1285	15-19	Z06/GS J56 R6 front pads .....	<b>288.99</b>
DB-1286	14-19	Base, Z51 & Z06/GS J56 R6 rear pads .....	<b>176.99</b>

### G-LOC R8

High torque brake compound with a wide temperature range of 74°F-1250°F. Good initial bite with excellent modulation and release. Extremely high fade resistance. Perfect for track day use on any tire and can still be driven safely on street. NOT recommended daily street use.

DB-1275	14-19	Base & Z51 R8 front pads .....	<b>203.99</b>
DB-1276	15-19	Z06/GS J56 R8 front pads .....	<b>307.99</b>
DB-1277	14-19	Base, Z51 & Z06/GS J56 R8 rear pads .....	<b>186.99</b>

### G-LOC R10

Much stronger initial bite and higher coefficient of friction. Smooth release, excellent modulation and rotor friendliness. Broad temperature range beginning at 118°F and fade resistance in excess of 1475°F (47°C – 801°C). NOT recommended for street use due to elevated levels of dust and noise.

DB-1278	14-19	Base & Z51 R10 front pads .....	<b>219.99</b>
DB-1279	15-19	Z06/GS J56 R10 front pads .....	<b>320.99</b>

### AP Racing Radi-Cal Brake Package

Serious performance calls for serious brakes - and there's nothing more serious than AP Racing's Radi-Cal brake calipers and rotor package. Forged aluminum caliper bodies designed to meet AP Racing stringent validation testing. 20% strong and lighter than comparable cast aluminum calipers. Front calipers feature 6-piston design for greater torque and surface area; 4-piston design rear calipers. Package includes AP's proprietary cast iron alloy brake rotors, designed for both track and street use and stainless-steel hoses. Cross-drilled or AP's patented "J" hook design; specify red or black powder coated calipers. No discount.

## OE Design vs. Full Cast

OE Design co-cast rotors are cast in two separate processes. The hub is cast first and can be made using a different metallurgy. Hub is then placed into a mold where the braking surface is cast around it. Co-cast rotors are generally lighter with heat dissipation concentrated on braking surface alone.

Full Cast Rotors are cast in one process using the same metallurgy throughout the entire rotor. Heat is dissipated from the braking surface to the rotor hub, creating more surface area and greater heat dissipation.

### "1-Click" Brake Rotor & Pad Kits

Carbon fiber infused ceramic compound brake pads combined with Power Stop's Tru-Cast Rotors. Z23 Evolution Sport brake pads are an excellent choice for daily driver/spirited street use. For high horsepower or plus-size wheel and tire combos, Zip recommends Power Stop's Z26 Street Warrior. Bigger bite, yet still sheds minimal dust. Car set.

## Exhaust/Header Wrap

Common knowledge says heat is the enemy of power. Composite wrap reduces under hood temps up to 50% and promotes increased exhaust flow. Sold in 2" x 50' roll. Tan withstands 1200F direct and 2000 intermittent heat, titanium 1800/2500F respectively. Hi-Temp silicone spray coating penetrates to seal, protect and prolong the life of tan wrap. Spray is not recommended for titanium wrap. 304 stainless steel ties secure wrap to pipes/collectors for a clean, finished look. Tie wrap tool to makes job even easier.

On the subject of Corvette replacement radiators, the term “direct fit” often gets used rather loosely. By definition, one would expect it to drop right in and hook right up – unfortunately, that’s not necessarily reality in a lot of cases. However, that’s exactly the case with Zip’s Direct Fit® radiators!

## Direct Fit® Aluminum Radiators

Like the name says, our radiators are designed to bolt right in – no ifs, ands or buts. Every Direct Fit radiator is Made in the USA and begins life as a double-row core furnace brazed for strength and accuracy. Press formed end tanks are meticulously TIG welded by real craftsmen to ensure leak-free performance and knockout looks. Have a work of art under your hood!

### Direct Fit Aluminum Radiator

For a stock C7, the factory radiator does its job very well. But as soon as modifications come into play, cooling needs to be addressed. Direct Fit increases capacity 100% over OE unit, eliminates failures due to cracked plastic end tanks and/or gasket leaks and is epoxy free.

RA-245 14-19 Direct Fit Aluminum Radiator ..... 839.99

### Z06 Heat Exchanger

Improved efficiency with increased capacity AND more tube-to-fin contact area. Allows supercharger to be more efficient (producing more power!) while in boost and with quicker cool down after high boost runs.

RA-326 15-19 Z06 heat exchanger..... 599.99

### Engine Oil Cooler Kit

Custom two pass oil cooler designed to mount behind grill opening for optimum air flow. Replaces factory water-to-oil cooler with a custom engine adapter and stainless braided lines for air-to-oil cooler. Detailed instructions. No discount.

RA-327 14-19 Engine oil cooler kit..... 899.99

### Venair Silicone Radiator Hose

Silicone is superior to factory rubber hoses for withstanding intense engine heat and extreme coolant pressures. Plus, it looks trick, too! Especially recommended if running engine power mods. Includes upper & lower radiator hoses. Specify red or black.

PM-744 14-19 Silicone radiator hoses ..... 159.99

### Skid Plate/Radiator Support Cradle

Because of the C7’s low ride height, a common issue is damage to the front skid plate/radiator support cradle caused by parking lot stops, sneaky curbs and nose-first collision. Reproduction front skid plate & radiator support cradle bolts to the front frame extensions. Heavy duty aluminum tube construction, professional welds and solid billet aluminum mounts.

### Mantic Twin Disc Clutch

Twin-disc grip with 100% billet construction. Unique sprung center with cushioned ceremetallic twin discs. Dual 9" diameter discs greatly reduces the Moment of Inertia (MOI). More power to the ground as well and quicker shifts over the stock clutch. Lightweight flywheel allows quicker revs. Includes twin-disc aluminum pressure plate, bearing and slave cylinder, billet steel flywheel and mounting hardware. Fits all LT1 and LT4 models. No discount.

TM-419 14-19 Mantic twin disc clutch w/ceremetallic discs.....**2,249.99**

### McLeod Clutch

McLeod RST twin disc clutch kit economically priced for high horsepower street fans. Organic lined clutch discs for smooth engagement and soft pedal effort. Includes: pressure plate, two organic friction discs, floater plate, adapter plate, steel flywheel and pilot tool. Not designed for competition. Good for up to 800hp and remain street able. Fits all LT1 and LT4 models. No discount.

TM-423 14-19 McLeod RST twin disc clutch w/organic discs.....**1,400.99**

### Clutch Release Bearing, Master & Slave Cylinder

 TM-424 14-19 Clutch master cylinder.....**139.99**

### Hurst Billet Plus Manual Shifter

High ratio pivot mechanism for reduced shifter throw and 6061-T6 aluminum housing with heat treated billet steel selector for ultimate strength. Self-centering alignment improves 2nd to 3rd up-shift gear changes. Patented adjustable bias spring loads allow stick tension to be tailored to the driver's preference. Must use aftermarket shift knob.

PM-456 14-19 Hurst Billet Plus manual shifter.....**325.99**

### Hurst Billet Plus Pistol Grip Shifter

Billet/Plus Pistol-Grip 7-speed manual shifter. Hurst CNC 6061-T6 aluminum in MIL-Spec black anodized finish. 16% reduction in shifter throw. Pistol-Grip Blackwood side grip plates for fighter jet good looks to match the cockpit and attitude of your Stingray Corvette.

ST-579 14-19 Hurst Billet Plus pistol grip shifter.....**437.99**

### Hurst Billet Plus Automatic Shifter Handle

## POLICIES & SHIPPING – Zip Products

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items! Packages ship UPS Ground or USPO unless otherwise requested or unavailable due to location or size and weight of parts. Expected delivery is 1-6 business days within the continental USA. Please provide complete street address to ensure delivery. Saturdays, Sundays and holidays are not included in UPS delivery times.

**SHIPPING CHARGES** - Shipping charges are most precisely calculated by shipment type, order weight and destination. Customers will be notified of shipping charges prior to order shipment. Please call or go online for shipping charge quotes if desired.

**UPS AIR SERVICES**- UPS provides all guaranteed Air services for Zip Products unless specified by the customer. Available services include Next Day Air, 2nd Day Air, and 3 Day Select. All charges are based on weight or dimensional weight (whichever is greater) and shipment destination. Saturday service is available on Next Day Air shipments only.

**TRUCK SERVICES**- Some parts in our catalog are too large to be shipped by UPS. These parts are noted in the catalog as "truck". Truck shipments are required to be prepaid for the total parts cost plus freight charges by check, money order or credit card. The customer is responsible for being at provided shipping address to accept parts.

**OTHER SHIPPING SERVICES**- Zip Products also uses the services of FedEx and the U.S. Postal Service. Orders must be paid by credit card, Pay Pal or prepaid check. All FedEx continental USA services are available. Packages sent through the Post Office are sent First Class Priority.

**ZIP INTERNATIONAL**- From single parts to everything needed for a complete restoration, Zip ships Corvette parts the world over. International orders are processed within 24 hours of receipt and delivered via UPS, Postal Service or your own freight forwarder. Please specify shipping method preferred. If not specified, orders will be shipped by the best method as determined by Zip Products. Charges are based on actual weight or dimensional weight according to the size of the entire shipment, whichever is greater. Payment is accepted by credit card, Pay Pal or bank draft. Shipping charges do not include any customs or duty fees and may not include brokerage fees. Quotes will be provided for total cost of order, if required due to payment method.

- **Canada:** Orders must include full address with city and province. All orders are shipped UPS Ground or Air unless otherwise specified or UPS is unable to deliver to your location. To better serve our customers, Zip is recognized as a non-resident importer, a status that allows us to collect all duties, taxes and brokerage fees at the time your order is processed. This arrangement means you know the exact cost to have parts delivered to your door – no hidden costs for your shipments!
- **PUERTO RICO, HAWAII & ALASKA:** All Puerto Rico and Hawaii orders can be sent UPS Ground, Next Day Air, 2nd Day Air, or through the Post Office. Please specify shipping method preferred.
- **A.P.O., F.P.O.:** All orders going to these addresses must be sent by the Post Office.
- **VIRGIN ISLANDS, GUAM:** All orders going to these locations can be shipped via UPS Express or the Post Office. Please specify shipping method preferred.

**MAIL-IN ORDERS**- Customers placing orders by mail and paying by personal check, money order or certified funds can go online or call for shipping charge quote. Shipping charges are most precisely calculated by order weight and destination. Download order forms at [www.zip-corvette.com](http://www.zip-corvette.com).

**LIABILITY DISCLAIMER**- Zip Products is not responsible for any damage, injury, loss or any other charges, caused by delays or incurred in the replacement of any defective items. Zip's liability is limited to the replacement and the shipping cost of defective items only. Improper installation, damage or injury resulting from the use of items sold by Zip Products are the purchaser's responsibility. Due to changes in the Corvette industry, part numbers, specifications, prices and availability of parts can change. Consequently, there may be times when parts are discontinued or prices increased. Changes may also occasionally occur in our policies and terms. Call Zip during regular business hours for up-to-date information.

**"NO HASSLE" GUARANTEE**- Since 1977, Zip Products has supplied parts and accessories to Corvette enthusiasts the world over. Then as now, packed into every shipment is our unparalleled commitment to customer service. Here at Zip, we believe a happy customer is a repeat customer. If you're not completely satisfied with any product for any reason, we'll promptly refund or exchange any purchase within 30 days.

**LOW PRICE GUARANTEE**- Zip works hard to make certain our prices are competitive. That said, it's possible you may find "cheaper" merchandise elsewhere. If it is the same brand part or accessory offered for a lower price by another supplier, we'll match their published price. Price must appear in a current magazine advertisement, Web site or catalog to qualify. Don't sacrifice quality and customer service for the sake of a few dollars – call Zip!

**RETAIL DISCOUNTS**- Retail customers receive a 10% discount on each minimum purchase of \$850 on any combination of parts and/or accessories, excluding (ND) items. Call or visit online for more information.

**WHOLESALE ACCOUNTS**- Zip provides Corvette parts to more than 3000 wholesale accounts around the globe. Multi-line discount programs are designed for the installer or reseller. Contact a salesperson for specific details. Proof of business required.

**"NO DISCOUNT"** - An (ND) designation beside a part, group of parts or price indicates that "No Discount" is available on that part or group of parts.

**BACKORDERS**- Over 96% of orders ship complete; however, backorders do occasionally occur. Most ship within 10 business days. For longer delays, our policy is to ship orders up to 30 days old. Past 30 days we'll call for authorization first. If you wish to cancel a backorder, please notify Zip as soon as possible.

**ITEM SHORTAGES**- Inspect merchandise immediately upon receipt of order. Notify Zip of any shortages or discrepancies in your order within seven (7) days from shipment date. No claims allowed after seven (7) days.

**DAMAGED PARTS**- All parts shipped are insured for the amount of purchase. Should your order arrive damaged or missing merchandise, immediately notify the carrier (UPS, truck freight company, etc.) and Zip. Keep all shipping materials (box, packing, etc.) intact until an inspection can be made by the carrier.

**CORE REFUNDS**- Customers who have purchased a product sold on an exchange basis and had a core deposit applied must return the required rebuildable core within 30 days from the date of shipment. A copy of the original invoice must accompany the return. Failure to return cores within 30 days may result in a reduction or loss of the core deposit. Return freight for cores is the responsibility of the customer.

**RETURNS & EXCHANGES**- Zip includes a return form on the back of each invoice for your convenience. If you have questions or concerns regarding a return or exchange, call to speak to your Zip sales representative. Returns are eligible for one (1) year without a restocking fee. Return shipping is the responsibility of the customer. C.O.D. return packages are not accepted. The customer is responsible for returning parts in the same condition they were received, with proper packaging and insurance to cover the value of parts being returned. Canadian and international customers, call for authorization to return parts.

**SALES TAX**- Zip is required by state law to collect and remit sales tax on purchases made and shipped to a variety of states. These requirements are based on the specific regulation of the state. Tax is based on delivery destination and may include freight charges. More information about sales tax collection can be found at: <https://www.zip-corvette.com/tax.html>

**IN-STORE SHOPPING**- Zip has thousands of parts and accessories available for immediate pick-up at our showroom counter. Call before you come and we'll have your order waiting. Showroom hours are 8:30 a.m. to 5:30 p.m. EST Monday-Friday and 10 to 3 Saturdays. When traveling in the Richmond, Virginia area, visit Zip Products in Mechanicsville. We're just east of downtown Richmond, and only a quick drive off interstates I-64, I-95 or I-295.
