### Delrin Crossmember Upgrade

Eliminates nearly all deflection. Excellent upgrade for street or track performance. Delrin bushings will raise the differential approximately 3/4" which provides a better halfshaft angle. Includes (2) Delrin crossmember cushions and differential front snubber cushion kit with lower Delrin bushing. Car set.

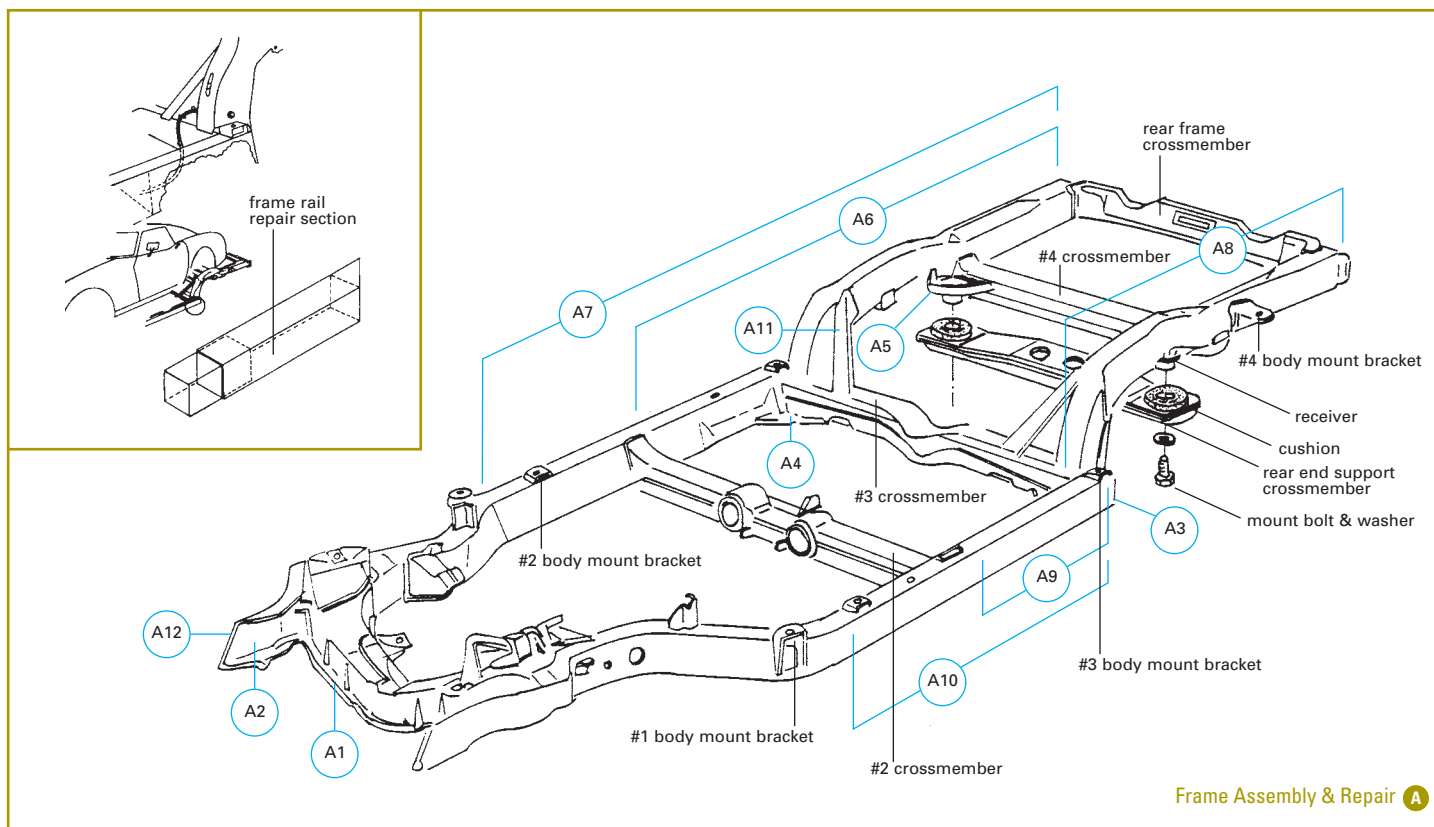

|         |       |                                          |        |

## Frame Rail Repair

Corvette frames include factory drain holes, which often become plugged over time – resulting in accelerated rot. Zip's frame rail repair sets include 23" or 48" inner and outer side rail sections (note '75-82 must be assembled/welded), end cap, and 6" sleeve for sectioning frame. For lesser repairs, inner and outer side rail sections are also available individually.

|        |       |                                                |        |

|--------|-------|-------------------------------|--------|

## Asphalt-Based Chassis Paint

For the restorer who insists on authenticity, this is the same paint used on the Corvette assembly line for coating frames and other parts that required a blackout finish. From the original supplier. Note asphalt-based paint is susceptible to gasoline spills.

|        |  |                                    |       |
|--------|--|------------------------------------|-------|
| MG-114 |  | Asphalt-based chassis paint, quart | 19.99 |
|--------|--|------------------------------------|-------|

*Note: Hazardous materials such as paint cannot be shipped outside of the continental USA, or by air freight to any destination.*

## Chassis Restoration Kit

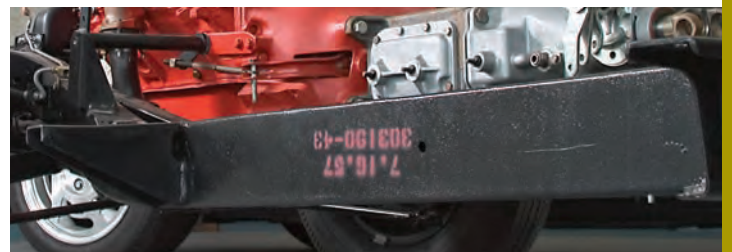

Includes frame and driveshaft stencils, white and yellow spray stencil inks, paint crayons for shim, frame and engine marks, 6 inspection paints, shim tape, coil spring tags, headlight actuator dyes and set of technical bulletins. No Discount.

| MG-113 | 68-72 | White stencil spray ink       | 12.99  |

*Note: Frame stencil requires car serial number and other information – call your Zip sales representative for details. Kit cannot be shipped by air.*

## Zip Resto Tip: Chassis

Everyone knows Corvette bodies are invulnerable to rust – but the same is not true for the chassis. The fully boxed side rails in 1968-82 models impart significant strength to the chassis, but they are particularly susceptible to rust because water can get trapped inside. If the chassis has a rust problem it normally manifests itself in the rear portion of the side rails first. Because the rot progresses from the inside out, a problem may not be apparent from visual inspection alone. Poke along the bottoms of the rear crossmember and side rails with a pick tool, or tap these areas with a ball peen hammer to expose any weaknesses. If you discover rust-through the best solution is to replace the damaged sections with new reproduction pieces. For the side rails this means cutting out the rotted section slightly beyond the damaged area and welding in new sections. For the strongest repair, weld-in an inner sleeve that bridges the seams between the new sections and the original frame.

## Front Suspension

### Front Suspension Rebuild Kit

Includes upper and lower ball joints, outer (only) tie rod ends, upper and lower control arm bushings, and a sway bar end links kit. All components include attaching hardware and rubber boots. Choose rubber or black polyurethane bushings.

|        |       |                                         |        |

| MF-276  | 68-74 | Coil spring "HT" labels, 327/350 w/AC (2) ..... | 5.59   |
| MF-277  | 68-72 | Coil spring "HU" labels, 427/454 STD (2) .....  | 5.59   |
| MF-278  | 68-74 | Coil spring "HV" labels, 427/454 w/AC (2) ..... | 5.59   |

Note: Coil springs are original GM or reproduction built with same height and spring rate as original. Sold in pairs.

## Replacement Springs

Fix your Corvette's sagging front end and spongy ride at the same time. Ride quality is similar to factory F-41 suspension. Shorter height but higher spring rate coils are easier to install (do not require use of spring compressors) but maintain correct ride height. Sold in pairs.

|        |       |                                                      |       |

### HD Shock Mount Tool

Use this heavy-duty "breaker" along with an air hammer to remove frozen shock mounts. Available with .401 or .498 shank.

|         |                                         |       |
|---------|-----------------------------------------|-------|
| SU-824  | HD shock mount removal tool, .498 shank | 56.99 |
| SU-824A | HD shock mount removal tool, .401 shank | 56.99 |

## Rear Suspension Hardware Kit

All hardware needed to rebuild rear suspension: new strut rods and camber bolts, shock mounts, trailing arm mounts and shims, differential cushions, spring outer mounts and bolts, and half shaft bolts with locks.

|        |       |                              |        |
|--------|-------|------------------------------|--------|

### Adjustable Strut Rods

Maintaining vertical alignment has a direct influence on tire wear. Adjustable struts allow greater control over suspension geometry by replacing camber bolts with threaded ends to accurately dial-in camber. Heavy-duty tube construction with polyurethane bushings. Car set.

## Restoration Poly Bushings

Designed for the enthusiast who wants the advantages of polyurethane (will not rot, deform, or wear-out; quicker steering and suspension response), but who also wants an OE appearance. Resto poly bushings feature a "matte" finish and mount using factory brackets when required.

|         |       |                                                                            |       |

## Assembled Trailing Arms

### Zip Products Rebuilt Trailing Arms

Return your disc brake rear suspension to as-new condition with Zip's trailing arm rebuild service. Assemblies are disassembled, inspected, cleaned and painted. Rebuild includes all-new bearings, bushings, seals, shims, spacer, dust shield, park brake shoes and stainless hardware, and park brake backplate. NEW rotors are installed on all assemblies to eliminate rotor run-out. All other parts are fully reconditioned and reassembled to exact GM specifications. Sold per side.

|         |       |                                                               |        |

| SU-1609 | 80-81 | Rebuilt trailing arm w/rotor, auto (LH or RH).....            | 429.99 |
| SU-1606 | 80-82 | Rebuilt trailing arm w/rotor, 80-81 4spd & 82 (LH or RH)..... | 429.99 |

*Note: Trailing arms sold on exchange. Add \$375.00 refundable core charge per side if rebuildable cores do not accompany order.*

SU-566

### Zip Products ALL-NEW Trailing Arms

If you'd rather bolt all-new assemblies on instead of rebuilding your originals, Zip can fill the order. Our ready-to-install complete assemblies are built to exact GM specifications using all-new parts including new trailing arm, spindle bearing support, caliper mount bracket, wheel bearings, bushings, seals, shims, spacer, rotor, dust shield, park brake shoes and stainless hardware, and park brake backplate. Outright purchase, no core required. Sold per side.

|         |       |                                                       |        |

## Wheel Bearings Set-Up

Tackling rear wheel bearings as part of a trailing arm rebuild is not a recommended "do-it-yourself" project. Special tools and critical tolerances come into play, and a misstep made here could have disastrous effects down the road. There's a lot riding on the set-up being exact! Zip's skilled technicians have the expertise to do the job correctly and safely. All work is performed in-house and is backed by our customer satisfaction guarantee. Let Zip handle the rebuild – you just enjoy cruising your Corvette. Worry-free.

## Trailing Arms

New reproduction arms are powder coated for a durable, lasting finish. Include installed rubber bushing. Must drill holes for sway bar mount if applicable. Made in the USA. Sold each.

|        |       |                                          |        |

## Zip Products Rebuilt Rear Wheel Bearing Assemblies

Rebuild service for bearing assemblies includes disassembly, inspection and cleaning of entire unit, then installation of all-new bearings, bushings, seals, shims, spacer, dust shield, park brake shoes and stainless hardware, and park brake backplate. Fully assembled with correct halfshaft flange. NEW rotors are used on all assemblies to eliminate rotor run-out. All other parts are fully reconditioned and reassembled to exact GM specifications. Per side.

|         |       |                                                          |        |

## Rear Spindle Tools

### Spindle Press

Use to press-out the most stubborn spindle easily and without risking damage to threads or end. Solid steel construction.

|        |                         |        |
|--------|-------------------------|--------|
| TL-121 | Rear spindle press..... | 259.99 |
|--------|-------------------------|--------|

### Spindle Remover

Use to drive "frozen" spindle from carrier without damaging threads. Threads onto spindle and rests against shoulder.

|       |                           |       |
|-------|---------------------------|-------|
| SU-86 | Rear spindle remover..... | 18.99 |
|-------|---------------------------|-------|

### HD Spindle Knocker

Use this heavy-duty knocker with your air hammer for quick removal of "frozen" spindles. Available with .401 or .498 shank.

|         |                                     |       |
|---------|-------------------------------------|-------|
| SU-825  | HD spindle knocker, .401 shank..... | 56.99 |
| SU-825A | HD spindle knocker, .498 shank..... | 56.99 |

### Spindle Bearing Puller

Use to remove rear wheel bearing and race from trailing arm. Works equally well with rotor riveted in place or removed.

|        |                                  |        |
|--------|----------------------------------|--------|
| TL-117 | Rear spindle bearing puller..... | 189.99 |
|--------|----------------------------------|--------|

### Spindle Installation Tool

Use to pull spindle and bearings into carrier without damaging bearings, threads or seals. No more pounding spindles into place!

|        |                                     |        |
|--------|-------------------------------------|--------|
| TL-119 | Rear spindle installation tool..... | 109.99 |
|--------|-------------------------------------|--------|

### Spindle Set-Up Tool

Use to check end play of new bearing assembly – aids in proper shim selection before installing spindle into bearing housing.

|        |                               |        |
|--------|-------------------------------|--------|
| TL-118 | Rear spindle set-up tool..... | 102.99 |
|--------|-------------------------------|--------|

## Performance Suspension

### QA1 Shocks

The preeminent name in the performance shock industry. QA1's put you in complete control – on the street, and on the track. The choice of those who choose the best. Dyno tested. Made in the USA.

### Non-Adjustable

Non-adjustable, but every bit the performer. Smooth-look aircraft grade aluminum body with bright-anodized finish. Available individually or car set.

|         |       |                                  |        |
|---------|-------|----------------------------------|--------|
| SU-1360 | 68-82 | QA1 front non-adjustable shock   | 119.99 |
| SU-1361 | 68-82 | QA1 rear non-adjustable shock    | 119.99 |
| SU-1381 | 68-82 | QA1 non-adjustable shock package | 459.99 |

### Sport

Ideal for Corvette owners who want improved handling and performance without adjustability. Tuned with a firmer valve for pro-touring or autocross racing. Available individually or car set.

|         |       |                         |        |
|---------|-------|-------------------------|--------|
| SU-1468 | 68-82 | QA1 Sport front shock   | 124.99 |
| SU-1469 | 68-82 | QA1 Sport rear shock    | 124.99 |
| SU-1470 | 68-82 | QA1 Sport shock package | 499.99 |

### Single-Adjustable

Provides 18 levels of compression/rebound damping using a single, easy-reach twist knob. Lightweight forced aluminum body. Available individually or car set.

|         |       |                                     |        |
|---------|-------|-------------------------------------|--------|
| SU-1362 | 68-82 | QA1 front single-adjustable shock   | 169.99 |
| SU-1363 | 68-82 | QA1 rear single-adjustable shock    | 169.99 |
| SU-1378 | 68-82 | QA1 single-adjustable shock package | 679.99 |

### Double-Adjustable

Double adjustable valving allows for independent, precise control of compression and rebound. The most accurate way to dial-in your Corvette's suspension.

|         |       |                                     |        |
|---------|-------|-------------------------------------|--------|
| SU-1364 | 68-82 | QA1 front double-adjustable shock   | 249.99 |
| SU-1365 | 68-82 | QA1 rear double-adjustable shock    | 249.99 |
| SU-1375 | 68-82 | QA1 double-adjustable shock package | 979.99 |

### QA1 Coil-Over System

Gain full control over your Corvette's suspension and handling characteristics. Features QA1's lightweight aluminum body shock, available in single adjustable, double adjustable, or Drag "R" series 90/10 option. Perfect for fine tuning handling for the street, drag, road race or auto cross. Includes 2.5" springs available in a combination of spring rates to further enhance your suspension. Specify spring rate.

|         |       |                                              |        |
|---------|-------|----------------------------------------------|--------|
| SU-1477 | 68-82 | QA1 single adjustable front coil over system | 549.99 |
| SU-1478 | 68-82 | QA1 double adjustable front coil over system | 709.99 |
| SU-1479 | 68-82 | QA1 "Drag R" front coil over system          | 609.99 |

### KYB Gas-a-Just® Shock Absorbers

Gas-charged mono-tube shocks for the enthusiast who wants to enjoy performance handling at a reasonable price. Guaranteed not to fade.

|        |       |                       |        |
|--------|-------|-----------------------|--------|
| SU-205 | 68-82 | KYB gas shock, front  | 54.99  |
| SU-206 | 68-82 | KYB gas shock, rear   | 54.99  |
| SU-919 | 68-82 | KYB gas shock package | 199.99 |

### Bilstein Shock Absorbers

If you're looking for maximum performance in a shock absorber, look no further than Bilstein. Mono-tube-design, gas-charged Bilsteins deliver precise, uncompromising performance on the street and at the track. Available in both heavy duty and sport design. Hardware included.

|         |       |                                    |        |
|---------|-------|------------------------------------|--------|
| SU-807  | 68-82 | Bilstein gas shock, front (HD)     | 99.99  |
| SU-808  | 68-82 | Bilstein gas shock, rear (HD)      | 109.99 |
| SU-993  | 68-82 | Bilstein gas shock package (HD)    | 409.99 |
| SU-1408 | 68-82 | Bilstein gas shock, front (Sport)  | 99.99  |
| SU-1408 | 68-82 | Bilstein gas shock, rear (Sport)   | 99.99  |
| SU-1409 | 68-82 | Bilstein gas shock package (Sport) | 369.99 |

### AC-Delco Shock Absorbers

Gas-charged shocks are the perfect replacement for your Corvette's factory hydraulic dampers. Lifetime warranty. Sold each or in car set.

|        |       |                          |        |
|--------|-------|--------------------------|--------|
| SU-88F | 68-82 | Delco gas shock, front   | 44.99  |
| SU-88R | 68-82 | Delco gas shock, rear    | 44.99  |
| SU-536 | 68-82 | Delco gas shocks package | 169.99 |

## Detroit Speed SpeedRay Suspension

Transform your Corvette's factory frame for superior handling and ride quality. 100% bolt-on system or with a small amount of fabrication for a competition coil over option. Features DSE quick ratio rack & pinion, tuned coil-over shocks/springs, splined sway bar, aluminum spindle & wheel bearing assembly, upper & lower tubular control arms and offset mounting brackets to optimize suspension geometry and additional clearance for GenV LT engines. Available in your choice of shock option and coil over spring weight.

### Small Block or LS Conversion (550lb Springs)

|         |       |                                                            |          |

| SU-1524 | 68-82 | SpeedRay front (fabricated, double-adjustable remote)..... | 7,490.99 |

### Big Block (650lb Springs)

|         |       |                                                            |          |
|---------|-------|------------------------------------------------------------|----------|
| SU-1512 | 68-74 | SpeedRay front (bolt-in, non-adjustable).....              | 6,367.99 |
| SU-1514 | 68-74 | SpeedRay front (bolt-in, single-adjustable).....           | 6,817.99 |
| SU-1513 | 68-74 | SpeedRay front (bolt-in, double-adjustable).....           | 7,517.99 |
| SU-1532 | 68-74 | SpeedRay front (fabricated, non-adjustable).....           | 6,210.99 |
| SU-1520 | 68-74 | SpeedRay front (fabricated, single-adjustable).....        | 6,565.99 |
| SU-1518 | 68-74 | SpeedRay front (fabricated, double-adjustable).....        | 7,260.99 |
| SU-1519 | 68-74 | SpeedRay front (fabricated, double-adjustable remote)..... | 7,490.99 |

SpeedRay front suspensions require the use of Wilwood's C6 Corvette front brake kit to complete installation. 18" wheels are required for proper clearance over 14" brake rotors.

## Detroit Speed DECALink Rear Suspension

Converts your Corvette's factory chassis to a modern CV axle shafts and hub bearing. Two-piece aluminum/steel cradle assembly allows for easy differential housing removal. Offset inboard to allow for additional tire clearance. DECALink IRS works with an original differential assembly. All suspension link lengths are adjustable, and the kit has adjustments for rear anti-squat geometry and roll center height. The suspension points are hard mounted to eliminate stock rubber mounted suspension deflection.

Includes forged aluminum uprights, two-piece cast aluminum/steel cradle assembly, DSE/JRi "Detroit Tuned" Coilover shocks/springs allow spring rate tuning and ride height adjustments.

|         |       |                                                    |           |
|---------|-------|----------------------------------------------------|-----------|
| SU-1525 | 68-79 | Deca-Link rear (non-adjustable, 17 spline).....    | 8,950.99  |
| SU-1526 | 68-79 | Deca-Link rear (single-adjustable, 17 spline)..... | 9,975.99  |
| SU-1527 | 68-79 | Deca-Link rear (double-adjustable, 17 spline)..... | 10,290.99 |

DECALink rear suspensions require the use of Wilwood's 4R-MCA rear brake kit with parking brake caliper. Wilwood's parking brake kit will complete the installation. DECA-link rear suspension requires 18" wheels for proper clearance over 14" brake rotors.

### SPC Adjustable Control Arms

SPC's adjustable upper control arms offer almost infinite adjustment of both camber and caster for maximum handling and performance. Upper a-arms include a steel cross shaft with OE style rubber pivot bushings and ball joint mounting plate. Sold in pairs.

## Performance Suspension Upgrade

Zip has assembled a selection of suspension pieces designed to elevate your Corvette's handling to better-than-stock specs. Upgrade includes new 1" front and 3/4" rear sway bars, KYB Gas-a-Just® gas-charged shocks, upper and lower control arm bushings, tie rod ends, ball joints, an idler arm, trailing arm bushings, differential snubber cushion, adjustable strut rods, front coil springs and a 360 lb. fiberglass rear spring. Bushings are polyurethane. Also available without front and rear springs.

Contact a Zip Corvette sales representative for specially designed suspension packages. Zip can build a suspension specifically to your Corvette. Choose from a full selection of front & rear spring options, shock types (including QA1), sway bar packages and bushing combinations. Just give us a call – we'll help you transform your Corvette's suspension from grocery getter to track performer.

## Performance Sway Bars Package

Front 1" and rear 3/4" diameter performance sway bars improve handling and cornering ability by significantly reducing body roll. Install with hand tools. Hardware and instructions included.

## Polyurethane vs. Rubber Bushings

Unlike rubber, which breaks down over time from exposure and general use, poly bushings resist grease, oil, salt – and most everything else. More dense than rubber, polyurethane soaks-up driveline vibrations to deliver a smooth ride and crisp handling. Best of all, they're easier to install than rubber bushings and last virtually forever!

## "Total Suspension" Kit

Polyurethane bushings maximize suspension performance by delivering predictable response in all driving modes. Zip's "total suspension" kit includes front sway bar links, ball joint and tie rod end boots, power steering ram bushings, transmission mount, front and rear control arm bushings, rear spring cushions, rear strut rod bushings, differential snubber cushions, and rear sway bar and end link bushings. Does not include front sway bar frame bushings – select correct size for your application from sway bar poly bushings listings on page 6.

## Shark Bite™ Suspension

Impressive for its time, third generation Corvette suspension falls short when compared to current technology. So vault your classic into the present! Boasting improved geometry plus light weight, control arms upgrade handling and cornering stability. Add companion coil-overs for tunable ride height and response. A-arms available as-cast (natural), and include shafts, bushings and ball joints. Spreader bar can adjust to greatly stiffen and re-align the front cross member/uprights. Coil-overs feature double adjustable (rebound and compression) Viking shocks. True bolt-on installs. No Discount.

## Reconditioned Side Yokes

If your Corvette suffers from excessive tire wear or posi clutch "chatter", worn side yokes are most often the cause. Zip's reconditioned yokes are made of heat treated "through-hardened" steel to resist wear and eliminate need for frequent rear end alignments.

|        |       |                                          |          |

## Zip Products Rebuilt Differential

Zip's rebuild service for '68-82 Corvette diffs works two ways: your original differential can be professionally refurbished, or, if you're in a "can't wait" situation, a \$500.00 core charge can be issued for a unit in stock and available for immediate shipment. Differentials are completely rebuilt and assembled and include a 3-YEAR UNLIMITED MILEAGE WARRANTY. Warranty does not cover racing applications.

| S-134 | 80-82 | Rebuilt differential, same ratio..... | 749.99 |

## Rebuilt Differential with NEW Gear Set

Whether you're looking for low-end grunt or high-speed cruising, Zip has the right differential. Here again we can rebuild your diff, or issue a \$500.00 core charge for an in-stock, already assembled unit. These differentials receive the same attention as all others – except here you can choose to have a NEW gear set installed.

## "Extreme Performance" Rebuilt Differential

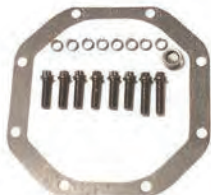

Looking for extreme performance but can't find a 4-series carrier? Zip has custom designed 4.11 and 4.33 gear sets to match-up to your '68-79 3-series carrier. Available outright or through Zip's differential rebuild service. Sold on exchange, \$500.00 core charge.

|         |       |                                       |          |

| SU-928  | 80-82 | 4.11 Rebuilt differential.....        | 999.99   |

## Shark Bite Differential Cover

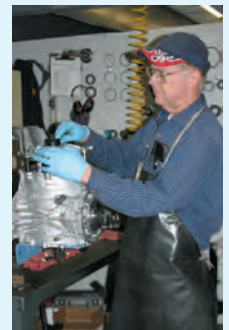

Cast aluminum differential cover features improved cooling and extra webbing for increased strength. Includes bosses to plumb an external cooler for extreme applications. Larger interior design for increased oil capacity. Weighs 50% less than OE factory cover! Available stock or Shark Bite upgrade.

|         |       |                                                            |        |

| SU-1506 | 68-79 | Shark Bite differential cover (Shark Bite suspension)..... | 469.99 |

## Zip Differential Rebuild

Your Corvette's diff is key to getting the power to the pavement. Its complex nature suggests a rebuild is best left to professionals, as a correct set-up will ensure clunks, whines or "bangs" never rear their head. Zip's skilled technicians inspect, clean and magnaflux each core, then reassemble it using all-new parts including bearings, races, seals, shims and a positraction clutch pack. All work is performed in-house and is backed by our customer satisfaction guarantee.

Zip diffs pushed Leighton Reese's Banner Engineering Corvette through three seasons of the SPEED World Challenge GT Series, plus two seasons of Rolex GT including the Rolex 24 At Daytona. We're confident you won't find a better built differential!

**CORE REFUNDS:** Customer cores are thoroughly inspected to determine rebuildable condition. Differential components judged to be non-rebuildable will incur a deduction from core refund and include egg-shaped pinion shaft hole, cracked case, broken ring gear bolts and/or broken gears.

## Gear Lubricant & Additive

GM's special formula gear lubricants work equally well in positraction and conventional rear ends both. Posi additive stops clutch "chatter" and clunking common to positraction clutch packs. Car requires 46 ounces of gear lube plus a single bottle of additive.

|       |                                           |       |
|-------|-------------------------------------------|-------|
| MG-59 | GM/Delco gear lubricant, 32 oz.....       | 19.99 |
| POSI  | GM/Delco positraction additive, 4 oz..... | 12.99 |

## BG Lubricant & Additive

BG Ultra-Guard provides thermal stability, protection against wear, pitting and corrosion, improved seal performance and quieter operation. Available in 75w/90 for stock applications and HD 75w/140 for racing applications. LSII friction modifier ensures smooth and quiet operation of differential gears and posi clutch pack. Fortifies all GL-5 level gear lubricant additives while providing optimum surface protection. Corvette differentials require 46 ounces of gear lube plus 4 ounces of limited slip additive.

|        |                                                    |       |

| MG-213 | BG LSII limited slip additive, 6 oz.....           | 15.99 |

## Driven Racing

Next gen Driven Racing synthetic oil provides consistent limited slip differential performance. Competition proven formulation utilizes a proprietary additive package to reduce drag, resist foaming and maintain viscosity under extreme heat and load. Break-In oil allows gear teeth to break-in quickly while improving surface finish; by polishing the gear teeth, micro-pitting is eliminated improving gear durability.

|        |                                                 |       |

## "Do-It-Yourself" Differential Rebuild

Rebuilding your differential yourself? Zip has everything you'll need. Bearing kits include all necessary parts for a complete reassembly, including pinion, side yoke and carrier bearings, races, seals, shims, crush collar and housing gasket. Also included is enough ring gear paint to properly determine your ring gear pattern and set-up. Zip recommends changing your carrier clutch plates.

|         |       |                                                   |        |
|---------|-------|---------------------------------------------------|--------|

| SU-711 | 80-82 | Ring & pinion gears, 3.73..... | 249.99 |
| SU-846 | 80-82 | Ring & pinion gears, 4.11..... | 329.99 |

### 4.11 or 4.33 Gear Sets for 3-series Carrier

Zip Products has new 4.11 and 4.33 gear sets custom designed to work in your Corvette's factory 3-series carrier. Extra thick ring gear eliminates the need for spacers or other modifications.

|        |       |                                |        |
|--------|-------|--------------------------------|--------|
| SU-859 | 68-79 | Ring & pinion gears, 4.11..... | 399.99 |
| SU-920 | 68-79 | Ring & pinion gears, 4.33..... | 469.99 |

### Positraction Carrier Unit

Cracked or busted positraction units are common for '68-79 Corvettes. Replace yours with a NEW Zip assembled unit. New center carrier assembly includes spider gears, clutch plates & springs, carbon fiber clutches and center pin.

|         |       |                                     |        |
|---------|-------|-------------------------------------|--------|
| SU-1691 | 68-79 | NEW assembled 3-series carrier..... | 499.99 |

### Borgeson Power Steering Conversion

True power steering for your 1968-1982 Corvette. Borgeson's steering conversion features a remanufactured Delphi 600 steering box designed to bolt to the factory mounting location. Kit includes power steering box, hoses, drag link or relay rod adapter and column coupler/rag joint connector. Everything needed to convert your Corvette's power assist to true power steering. Note: Column must be collapsed for installation. Contact your Zip salesperson for more information.

## Steering Conversion

How much do you want to transform your Corvette's steering? Zip has multiple conversion systems available to make your "hard to steer" Corvette turn on a dime. Factory Corvette power steering was not really power steering – it was power assist. Zip's complete conversion packages include all factory style components. OE style power steering pump, valve and ram assemblies are ideal for the enthusiasts serious about originality. Borgeson conversions are available for those who want genuine power steering. Delphi 600 power steering gearboxes adapted to fit your Corvette's steering linkage system (some modification required). Steeroids rack & pinion systems bolt-on rack system which can be used on both manual and power steering Corvettes. For those interested in the latest in steering technology – fully electric system utilizes an adjustable column electric motor for variable assist, just like the C7 Corvette.

### Steeroids™ Conversion

Replace your Corvette's out of date recirculating ball steering with a Steeroids rack & pinion kit for improved feel, greater control and faster turns. Bolt-on install uses basic hand tools and requires no modifications. Kit includes brackets, tie rod ends and hardware. Available for manual or power steering. Zip recommends upgrading to power while everything is apart. No Discount.

| SC-902 | 68-82 | LS engine Steeroids conversion hoses ..... | 189.99   |

### Electric Power Steering

Converts manual steering to a fully electric steering system – just like the C7 Corvette! Includes 40amp motor, prewired control module with adjustable potentiometer and all mounting hardware. Requires removal and cutting of original steering column. Once installed, electric motor is hidden under dash. Unit provides variable assist steering! No discount.

## Flaming River Rack & Pinion Cradle

Update your mid-year Corvette's steering system with a Rack and Pinion Cradle System by Flaming River. Allows for improved horsepower, performance and handling. System bolts into existing original mounting locations with no suspension modification installation (column may need to be shortened). Provides more than 6" of travel for full turning radius. Complete rack & pinion kit includes hardware, universal joints, cradle system, quick ratio rack and pinion and complete step by step instructions.

|        |       |                                                        |          |
|--------|-------|--------------------------------------------------------|----------|
| SC-912 | 68-82 | Manual rack & pinion cradle kit .....                  | 1,499.99 |
| SC-914 | 68-82 | Power rack & pinion cradle kit (use OE pump kit) ..... | 2,029.99 |
| SC-915 | 68-82 | Power rack & pinion cradle kit (use FR pump kit) ..... | 2,029.99 |

## Flaming River Pump Kit

Designed to work with the Flaming River Rack & Pinion Cradle kit as a replacement for the stock steering pump. Kit includes: Power steering pump with V-belt pulley, mounting bracket and hardware, remote power steering reservoir and braided stainless hose kit.

|        |       |                                       |        |

### Turn Signal Lock Plate Tool

Installing a turn signal switch in a standard '69-79 steering column can be hard on the knuckles. This handy tool pushes down on the lock plate to allow the snap ring clip to be easily removed.

## Rag Joint Rebuild Kit

Repair your Corvette's steering column coupler with Zip's rag joint kit. SC-780 includes high-quality reinforced rubber rag joint, correct rivets and retainers for attaching to flange, correct-style locating pins, and ground strap.

SC-780 68-82 Coupler rag joint kit, reproduction ..... 48.99  
 ZSC-524 68-82 Coupler rag joint kit, replacement ..... 16.99

## Billet-Joint Column Coupler

Eliminates factory column coupler. Billet-Joint is CNC machined from aircraft steel. Sealed needle bearing design will last ten times longer than standard universal joint. Nickel plating prevents rust.

SC-919 68-69E Billet-Joint column coupler ..... 96.99  
 SC-918 69L-82 Billet-Joint column coupler ..... 96.99

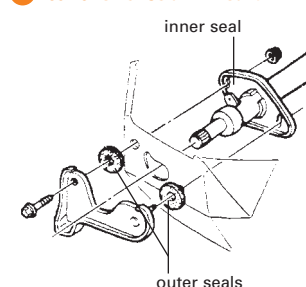

## Column Firewall, Mounting & Interlock

How to rebuild steering box & set-up properly

## Steering Box Rebuild Kit

Complete with all pitman shaft and worm gear components (bushings, seals, recirculating balls, etc.) needed to rebuild your Corvette's original box.

|        |       |                                |       |
|--------|-------|--------------------------------|-------|
| SC-638 | 68-82 | Steering box rebuild kit ..... | 79.99 |
|--------|-------|--------------------------------|-------|

## Steering Box Rebuild

Your original steering box can be returned to as-new condition, or, if you're in a hurry Zip has rebuilt boxes in stock. All are disassembled, cleaned and painted. Rebuild includes all-new bearings, races, seals and adjustment to OE specs. Additional costs apply if worm gear or pitman shaft gear is damaged.

Add \$125.00 for '68-69 or \$75.00 for '70-82 refundable core charge if rebuildable core does not accompany order.

| SC-531 | 69L-82 | Steering box, rebuilt ..... | 209.99 |

### Steering Box Lubricant

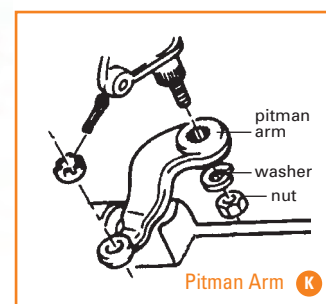

The most commonly overlooked "fluid" to replace when servicing your Corvette. GM-issue chassis grease is correct for use in all steering boxes. Also available by Driven Racing Oil. Screw-in fitting makes frequent greasings – to ensure longevity of box – quick and easy. Can be used on all chassis fittings including tie rods, ball joints and idler arms.

|        |       |                                                                |       |

| M-3693 | 70-74 | 454 w/PS alternator bracket kit | 219.99 |

## Power Steering Renew Kit

Corvettes are notorious for leaky power steering – and most often the problem is more than a single component. Zip's kit replaces all pieces commonly responsible for fluid loss: the control valve, ram and hoses. 1-year warranty.

### NEW Power Steering Renew Kit

Includes new valve, new ram (cylinder), and new USA-made hoses.

|        |       |                                        |        |

| SC-599 | 80-82 | NEW power steering renew kit           | 469.99 |

### Rebuilt Power Steering Renew Kit

Includes rebuilt valve, rebuilt ram (cylinder), and new USA-made hoses.

|        |       |                                            |        |
|--------|-------|--------------------------------------------|--------|
| SC-595 | 68-79 | 327 & 350 rebuilt power steering renew kit | 299.99 |
| SC-596 | 68-74 | 427 & 454 rebuilt power steering renew kit | 299.99 |
| SC-598 | 80-82 | Rebuilt power steering renew kit           | 279.99 |

Note: Rebuilt kits include a \$250.00 core charge refundable upon receipt of rebuildable valve and cylinder cores.

## Pump Pulley

|        |       |                                                                                |        |
|--------|-------|--------------------------------------------------------------------------------|--------|
| SC-406 | 68-74 | Pump pulley, 68 300 hp & 350 w/AC, 69-74 350 w/AC, steel replacement (P).....  | 56.99  |
| SC-764 | 68-74 | Pump pulley, 68 300 hp & 350 w/AC, 69-74 350 w/AC, steel reproduction (P)..... | 64.99  |

| SC-404 | 68-74 | Pump pulley, 427 & 454, double groove (P).....                                 | 118.99 |
| SC-405 | 75-82 | Pump pulley.....                                                               | 59.99  |
| SC-536 | 68-74 | Pump pulley mount nut (P).....                                                 | 2.99   |
| SC-664 | 68-74 | Pump pulley woodruff key.....                                                  | 1.99   |

## Power Steering Hoses

|        |       |                                                                  |       |
|--------|-------|------------------------------------------------------------------|-------|
| SC-581 | 68-79 | Pump to valve pressure hose, 327 & 350.....                      | 18.99 |
| SC-583 | 68-74 | Pump to valve pressure hose, 427 & 454.....                      | 18.99 |
| SC-582 | 80-82 | Pump to valve pressure hose.....                                 | 21.99 |
| SC-580 | 68-82 | Pump to valve return hose.....                                   | 18.99 |
| SC-343 | 68-82 | Pump to valve return hose clamp.....                             | 2.99  |
| SC-579 | 68-82 | Valve to ram retract hose (Q).....                               | 18.99 |
| SC-578 | 68-82 | Valve to ram extend hose (Q).....                                | 18.99 |
| M-2311 | 68-82 | Hose retaining clip, holds pump hoses together, "C" clip (Q).... | 5.99  |

## Hose Set

Power steering hose set includes pump pressure hose, pump return hose, valve to ram retract hose and extend hose. Available in factory rubber or braided stainless. U.S. Made. Car set.

|        |       |                                    |        |
|--------|-------|------------------------------------|--------|
| SC-50  | 68-79 | Rubber hose set, 327 & 350.....    | 62.99  |
| SC-52  | 68-74 | Rubber hose set, 427 & 454.....    | 66.99  |
| SC-51  | 80-82 | Rubber hose set.....               | 69.99  |
| SC-820 | 68-79 | Stainless hose set, 327 & 350..... | 229.99 |
| SC-821 | 68-74 | Stainless hose set, 427 & 454..... | 229.99 |
| SC-822 | 80-82 | Stainless hose set.....            | 229.99 |

## Pump Steering Ram (Cylinder)

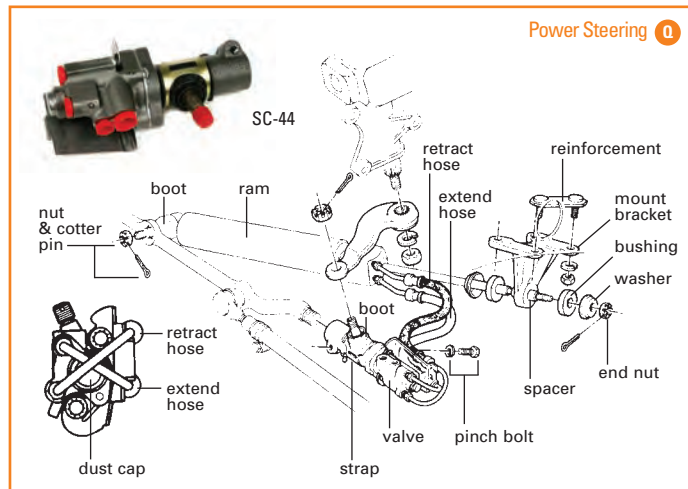

|        |       |                             |        |
|--------|-------|-----------------------------|--------|
| SU-91  | 68-82 | Ram, new (Q).....           | 219.99 |

How to rebuild power steering pump, valve and ram

## Valve Rebuild Kits

Zip's seal kit includes all parts needed to replace leaking components: internal seals, boot, strap and complete instructions. If excessive wear is found, the ball stud kit includes seats and hardware for reassembly.

|         |       |                                         |       |
|---------|-------|-----------------------------------------|-------|
| ZSC-323 | 68-82 | Valve seal rebuild kit.....             | 22.99 |
| SC-522  | 68-82 | Valve ball stud & seat rebuild kit..... | 54.99 |

## Ram Rebuild & Mount Kit

Everything to rebuild and mount power steering ram. Ball stud rebuild Kit includes retainer, clips, springs bar stud & o-ring to restore ram mount to relay rod. Ram seal & mount Kit includes clips, grommets, dust cover, seals, spacers and washer.

|         |       |                            |       |
|---------|-------|----------------------------|-------|
| SC-819  | 68-82 | Ball stud rebuild kit..... | 34.99 |
| ZSC-324 | 68-82 | Ram seal & mount kit.....  | 14.99 |

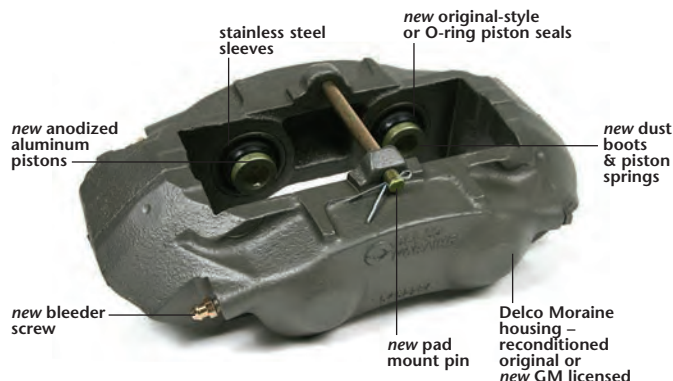

## Disc Brake

### Rebuilt Brake Calipers

Original Delco Moraine housings. Calipers are cleaned, inspected and rebuilt with stainless sleeves, then reassembled using all-new components including pistons (choose original-style or O-ring seal), springs, seals, bleeder screws and pad pins. O-ring design is best for Corvettes stored for long periods between use. Calipers are pressure tested for a leak-free installation. Limited lifetime warranty. Sold each.

|        |       |                                             |        |
|--------|-------|---------------------------------------------|--------|
| DB-323 | 68-82 | Rebuilt caliper w/original-style seal ..... | 99.99  |
| DB-580 | 68-82 | Rebuilt caliper w/O-ring seal.....          | 119.99 |

*Note: Rebuilt calipers sold on exchange. Add \$80.00 per wheel refundable core charge if rebuildable cores do not accompany order.*

### NEW GM Licensed Delco Brake Calipers

New castings with Delco Moraine casting for factory look. Calipers are sleeved with stainless steel, assembled using all-new parts (choose original-style or O-ring seal), and pressure tested for a leak-free installation. Limited lifetime warranty. No core required. Sold each.

|        |       |                                         |        |
|--------|-------|-----------------------------------------|--------|
| DB-556 | 68-82 | NEW caliper w/original-style seal ..... | 189.99 |
| DB-741 | 68-82 | NEW caliper w/O-ring seal.....          | 189.99 |

### Brake Overhaul Kit

Includes: (4) stainless-sleeved calipers (rebuilt with original-style or O-ring seal, or NEW Delco with original or O-ring seal) • caliper mount bolts • (8) pads with pins and keys • rubber hoses • hose "U" clips and washers • trailing arm caliper lines • (1) quart DOT 3 fluid.

|         |       |                                                   |        |
|---------|-------|---------------------------------------------------|--------|
| DB-323K | 68-82 | Brake kit, rebuilt calipers w/original seal ..... | 499.99 |
| DB-598K | 68-82 | Brake kit, rebuilt calipers w/O-ring seal.....    | 579.99 |
| DB-556K | 68-82 | Brake kit, NEW calipers w/original seal .....     | 849.99 |
| DB-741K | 68-82 | Brake kit, NEW calipers w/O-ring seal.....        | 849.99 |

*Note: Rebuilt calipers sold on exchange. Add \$80.00 per wheel refundable core charge if rebuildable cores do not accompany order.*

DB-323K

DB-486

### Deluxe Brake Overhaul Kit

Includes: new master cylinder • (4) rotors • (4) stainless-sleeved calipers (rebuilt with original-style or O-ring seal, or NEW Delco with original or O-ring seal) • caliper mount bolts • (8) pads with pins and keys • rubber hoses • hose "U" clips and washers • trailing arm caliper lines • (1) quart DOT 3 fluid.

|        |       |                                                               |        |

How to replace disc brake calipers and pads

### Original-Style vs. O-Ring Seal

Lip seal piston seals were factory installed in Shark-era calipers, and if you're wanting to keep your Corvette 100% correct they are the way to go. However, be aware that prolonged inactivity and/or worn brake components are the enemy of the lip seal design. If you enjoy exercising your Corvette heartily, or, conversely, your pride and joy often sits for extended periods, O-ring seals are the better choice. Superior in design all-around, O-rings offer the best sealing possible.

## Brake Pads & Caliper Mount

|         |       |                                                          |    |       |
|---------|-------|----------------------------------------------------------|----|-------|
| DB-331  | 68-82 | Caliper mount bolt & washer (8 per car)                  | ea | 1.49  |
| BL-491  | 68-82 | Caliper mount bolts & washer kit, correct head (car set) |    | 13.99 |
| DB-1292 | 68-82 | Pads, ceramic, axle set                                  |    | 34.99 |
| ZDB-322 | 68-82 | Pads, organic, axle set                                  |    | 24.99 |
| ZDB-456 | 68-82 | Pads, semi-metallic, axle set                            |    | 34.99 |
| DB-24   | 68-82 | Pad mount center pin                                     | ea | 1.99  |
| DB-700  | 68-82 | Front caliper mount bracket (LH or RH)                   |    | 49.99 |
| SU-335  | 68-82 | Rear caliper mount bracket (LH or RH)                    |    | 69.99 |

## GM License Brake Pads

Reproduction GM Licensed brake pads. Soft organic compound riveted to brass backplates. Features low metal content for extended rotor wear, squeak-free operation and low dusting. Axle set.

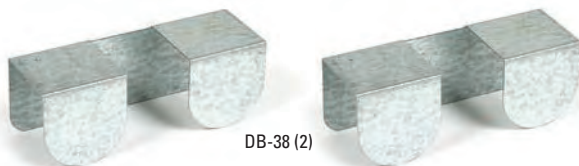

|         |       |                                 |  |       |
|---------|-------|---------------------------------|--|-------|
| DB-1189 | 68-82 | Reproduction organic brake pads |  | 34.99 |
|---------|-------|---------------------------------|--|-------|

## Caliper Clipper

Makes disc pad installation simple. Holds pistons in position to allow easy pad insertion. Sold individually. Single caliper requires pair of clippers.

|       |       |                 |  |      |
|-------|-------|-----------------|--|------|
| DB-38 | 68-82 | Caliper clipper |  | 7.99 |
|-------|-------|-----------------|--|------|

## Pad Anti-Squeak Shims

Tough plastic "insulators" mount along the trailing edge of pad to stabilize the pad in the caliper – and thereby put a stop to annoying squeaks, squeals and vibration.

|        |       |                                      |  |       |
|--------|-------|--------------------------------------|--|-------|
| DB-542 | 68-82 | Pad anti-squeak shims (car set of 8) |  | 15.99 |
|--------|-------|--------------------------------------|--|-------|

## Speed Bleeder®

Allows one-person brake bleeding. Replaces OE bleeder screw with one-way check valve that allows fluid and air to pass then closes so air isn't sucked back into system between pedal pumps. Two sets required per car.

|        |       |                    |  |       |
|--------|-------|--------------------|--|-------|
| DB-512 | 68-82 | Speed Bleeders (2) |  | 14.99 |
|--------|-------|--------------------|--|-------|

## Rotors

|        |       |                                            |    |       |

## Caliper O-Ring Conversion Kit

Upgrade your Corvette's calipers from GM's lip seal design pistons to a much improved O-ring style. Includes O-ring pistons, O-rings, dust boots and caliper fluid seals. Available in OE rubber or high heat silicone design. Kit does one wheel.

|         |       |                                                  |  |       |

| DB-1297 | 68-82 | Rear caliper conversion kit, high heat silicone  |  | 49.99 |

## Motive POWER BLEEDER™

One-person bleeder flushes entire system without refilling. Requires no auxiliary air or power source. Hand pump reservoir has built-in pressure gauge for safe operation. 500 ml catch bottles have return nipple and lanyard to hang bottle near work area.

|         |       |                                                                                               |  |       |

## Brake Fluid

EXP 600 Plus has tested to 626°F with a wet boiling point of 417°F to withstand even the severe heat and pressure cycles of pro-level motorsports. Maintains firm pedal and consistent, quick response long after lesser blends have failed. Low viscosity.

|        |  |                           |  |       |

## Brakes

### Hawk Performance

Hawk Performance brake compounds provide advanced braking characteristics to enhance your driving experience. Unique compounds combine the safety and quality of Aerospace design partnered with the braking technology of Motorsports.

#### Hawk Talon Performance Rotors

Hawk Talon drilled and slotted rotors feature beveled holes for superior cooling under the most extreme conditions. Unique Hawk DTC curved slot design provides consistent contact between the rotor and pad while also sweeping away gas and dust; the result is a high performance rotor that enables harder, more precise braking. Talon rotors feature Magni barrier coating to maintain corrosion resistance. Sold in pairs.

|         |       |                               |        |

| DB-1227 | 68-82 | Hawk Talon rear rotors.....   | 239.99 |

DB-1226

#### Hawk Ceramic Brake Pads

Performance Ceramic is engineered to reduce brake Noise, Vibration and Harshness; creating a quieter performing brake pad. Expect reduced brake pad wear, lower dust output levels and a rotor-friendly brake pad. Protection at its best for factory or custom wheels! Axle set.

|         |       |                              |        |
|---------|-------|------------------------------|--------|
| DB-1092 | 68-82 | Hawk ceramic brake pads..... | 123.99 |
|---------|-------|------------------------------|--------|

DB-1092

#### Hawk 5.0 Brake Pads

High Performance Street 5.0 is one step closer to giving you the greatest stopping power and pedal feel. Hawk's Ferro-Carbon compound provides advanced braking characteristics including shorter stopping distances, improved performance under heavy braking conditions and street car friendly characteristics. Axle sets.

|         |       |                           |        |

|---------|-------|---------------------------|--------|

DB-1093

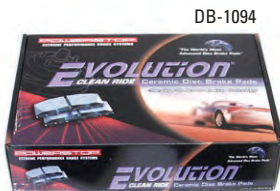

### Power Stop

From a simple set of replacement brake pads, to slotted or cross-drilled rotors, Power Stop provides superior performance over your Corvette's stock brake components.

#### Z16 Evolution Ceramic Brake Pads

True ceramic compound engineered for low dust and extended rotor wear. Virtually noise free. Dual rubber backed shims offer six times noise reduction than plain steel shims. Axle set.

|         |       |                                          |       |

| DB-1094 | 68-82 | Power Stop Z16 Evolution brake pads..... | 49.99 |
|---------|-------|------------------------------------------|-------|

DB-1094

#### Z26 Street Warrior Brake Pads

Designed for high performance street drivers who demand shorter stops. Z26 brake torque is consistently higher than OE pads with outstanding thermal stability. Z26 friction compound is a carbon fiber and ceramic hybrid that resists fade to 1500 degrees. Count on superior bite without dusty wheels. Axle set.

|         |       |                                               |       |

|---------|-------|-----------------------------------------------|-------|

DB-1095

#### Power Stop Drilled & Slotted Rotors

Superior braking + aggressive looks = win-win! Feature drilled holes for cooling and machined rounded slots to sweep away gasses and spent pad material. Mill balanced G3000 grade castings are silver zinc plated to resist rust. Sold in pairs.

|         |       |                               |        |

| DB-1097 | 68-82 | Power Stop rear rotors.....   | 179.99 |

DB-1096

#### "1-Click" Brake Kits

Full car set of Power Stop's drilled and slotted rotors in combination with your choice of brake pad compounds. Z16 Evolution brake pads are an excellent choice for daily driver/spirited street use. Zip recommends Power Stop's Z26 Street Warrior carbon fiber and ceramic hybrid compound for drivers looking to shorten stops. Bigger bite, yet still sheds minimal dust. Car set.

|         |       |                                                  |        |

DB-1098

## Wilwood Brakes

Incredible stopping power – wrapped in stunning looks. Applying motorsports technology to street applications, Wilwood's big brakes are an ideal complement to suspension, wheel and tire upgrades.

### Wilwood Brake Calipers

Update your D8 Corvette with legendary Wilwood stopping power. Direct bolt-on replacement for OE calipers. D8-4 forged billet aluminum 4-piston calipers feature stainless steel pistons and high-temp seals. Kits include Wilwood braided stainless hoses and BP-10 pads. (Fronts also available in 6 piston design). Available "raw" cast or powder coated black or red. May require 3/16" spacer. No Discount.

|        |       |                                      |        |

| DB-852 | 68-82 | Wilwood D8-4 rear kit, red.....      | 649.99 |

### Promatrix SRP Rotors

Wilwood's SRP rotors offer the high tech look and improved performance of a directional cross-drill and face slot pattern. Venting and cleaning action of hole and slot pattern reduce pad glaze and minimize pad build-up on the rotor faces, resulting in a smoother engagement feel at the pedal and consistent response from the pads. Rotors are precision machined to less than .001 tolerance for overall flatness, parallelism, and radial run-out on long grain carbon iron castings. Black electro coat finish provides additional corrosion resistance.

|         |       |                                                          |        |
|---------|-------|----------------------------------------------------------|--------|
| DB-1102 | 68-82 | Wilwood Promatrix SRP Rotors (car set).....              | 399.99 |
| DB-1103 | 68-82 | Wilwood Promatrix SRP Rotors (Black Electro Coated)..... | 129.99 |

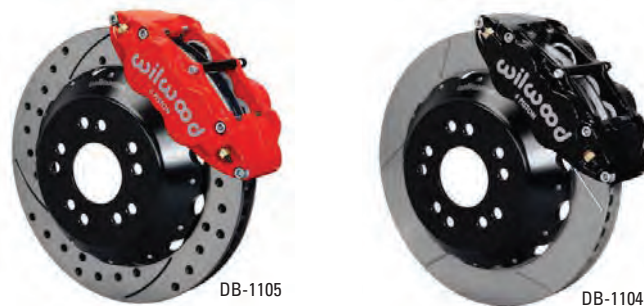

## Wilwood Big Brake Kits

Unsurpassed braking capacity of the Forged Narrow Superlite caliper serves as the base of Wilwood's Corvette brake kit. Engineered for simplified installation and full compatibility with OE master cylinder output and factory spindle mount. Now you can increase your Corvette's brake capacity while complementing the style of custom wheel & tire packages. 2-piece rotors available in GT slotted or SRP drilled & slotted designs. Superlite calipers in your choice of powder coated black or red.

### Wilwood 6-Piston Superlite Front Brakes

|         |       |                                                  |          |
|---------|-------|--------------------------------------------------|----------|
| DB-1104 | 68-82 | Wilwood 13.06" front brake kit w/GT rotors.....  | 1,494.99 |

See page 55 for intake manifold vacuum fittings

100% correct power brake vacuum boosters are fully assembled and include rear boot, correct pedal push rod, vacuum check valve and SAE mount studs with original size nuts. Plus an adjustment tool to make installation much easier.

How to convert 68-73 from manual to power brakes

## Power Brake Conversion

Everything needed to add power-assisted brakes to your '68-73 Corvette: new correct reproduction booster and master cylinder, MC to block brake lines, vacuum hose and fitting, and stop light switch bracket. Specify year.

|        |       |                                 |        |
|--------|-------|---------------------------------|--------|
| DB-500 | 68-73 | Power brake conversion kit..... | 399.99 |
|--------|-------|---------------------------------|--------|

## Power Brake Booster Tool

Makes installing the master cylinder to your brake booster much simpler. Pre-fits booster rod into the master cylinder at proper depth and then allows for correct booster adjustment. Saves hours of guess work trying to establish proper alignment.

| DB-538  | 68-82 | Push rod to clevis nut (B).....             | 1.49  |
| DB-1126 | 68-82 | Push rod clevis w/pin & retainer (B).....   | 18.99 |
| DB-478  | 68-82 | Push rod clevis pin (B).....                | 5.99  |
| DB-479  | 68-82 | Push rod clevis pin retainer (B).....       | 3.49  |
| DB-537  | 68-82 | Push rod clevis pin washer (bowed) (B)..... | 2.99  |

## Brake Lines

All lines are TBW (Tinned Bundy Weld) steel or stainless steel tubing with double inverted flares. Pre-bent to original shape – some have spiral armor as original.

### Front Brake Line

|         |       |                                   |       |
|---------|-------|-----------------------------------|-------|
| Z-309   | 68    | Front crossover line (C)          | 28.99 |
| Z-309SS | 68    | Front crossover line (stainless)  | 34.99 |
| Z-332   | 69    | Front crossover line (C)          | 28.99 |
| Z-332SS | 69    | Front crossover line (stainless)  | 34.99 |
| Z-338   | 70-73 | Front crossover line (C)          | 35.99 |
| Z-338SS | 70-73 | Front crossover line (stainless)  | 47.99 |
| Z-392   | 74-82 | Front crossover line (C)          | 39.99 |
| Z-392SS | 74-82 | Front crossover line (stainless)  | 49.99 |
| Z-308   | 68    | Left front brake line (C)         | 9.99  |
| Z-308SS | 68    | Left front brake line (stainless) | 14.99 |
| Z-335   | 69    | Left front brake line (C)(E)      | 13.99 |
| Z-335SS | 69    | Left front brake line (stainless) | 17.99 |
| Z-339   | 70-73 | Left front brake line (C)(E)      | 13.99 |
| Z-339SS | 70-73 | Left front brake line (stainless) | 17.99 |
| Z-391   | 74-82 | Left front brake line (C)         | 18.99 |
| Z-391SS | 74-82 | Left front brake line (stainless) | 24.99 |

### Front to Rear Brake Line

|         |       |                                     |       |
|---------|-------|-------------------------------------|-------|
| Z-348   | 68    | Front to rear line, STD (C)         | 44.99 |
| Z-348SS | 68    | Front to rear line, STD (stainless) | 54.99 |
| Z-349   | 68    | Front to rear line, PWR             | 44.99 |
| Z-349SS | 68    | Front to rear line, PWR (stainless) | 54.99 |
| Z-336   | 69    | Front to rear line (C)              | 44.99 |
| Z-336SS | 69    | Front to rear line (stainless)      | 54.99 |
| Z-337   | 70-73 | Front to rear line (C)              | 44.99 |
| Z-337SS | 70-73 | Front to rear line (stainless)      | 54.99 |
| Z-397   | 74    | Front to rear line (C)              | 44.99 |
| Z-397SS | 74    | Front to rear line (stainless)      | 54.99 |
| Z-393   | 75-82 | Front to rear line (C)              | 44.99 |
| Z-393SS | 75-82 | Front to rear line (stainless)      | 54.99 |

## Brake Line Kit

Includes all metal brake lines for listed application. Available in original style TBW steel or stainless. Complete installation with rubber hose kit, blocks and clips which are listed elsewhere in this section.

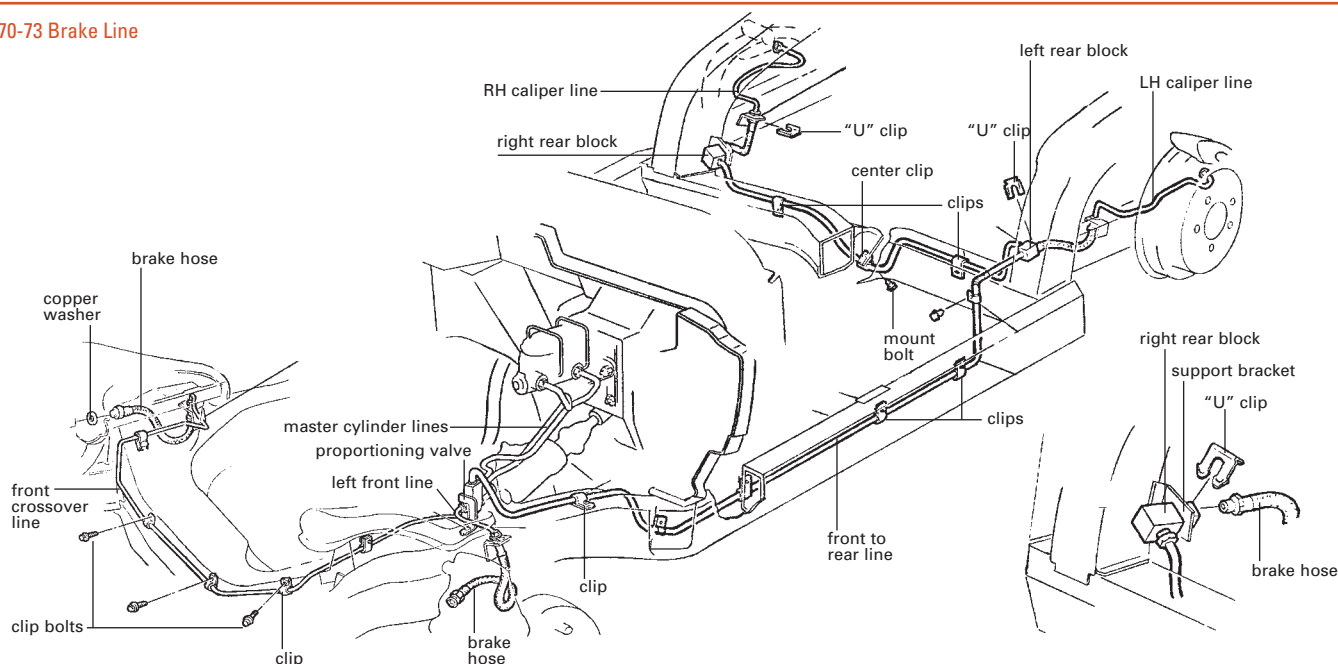

|          |       |                                |        |

## Brake Shoes Hardware

Corvettes left the assembly plant with steel park brake shoes hardware. These springs and retainers deteriorate over time and often break – leaving you with a non-working brake. Zip's all-stainless hardware kit includes everything you'll need when replacing your original park brake shoes.

## Green Air Filter

Improve performance – go Green! As in Green Filter USA. Green filter's precision pleat geometry traps 20% more contaminants while optimizing airflow into the engine. '68-74 are special gray material to simulate OE filter; AC-228 is green color. Lifetime guarantee.

|        |       |                                          |       |

How to remove, replace and test alternators

## Plug-In Conversion Harness

E-797 allows you to use '69-85 SI series internally regulated alternator in place of OE externally regulated unit. E-1165 and E-1166 harnesses allow '84-99 CS series external fan/ internally regulated alternator to be used as replacement for applicable factory alternator.

|        |       |                                                |       |
|--------|-------|------------------------------------------------|-------|
| E-797  | 68    | Alternator conversion harness (SI series)..... | 20.99 |
| E-1165 | 68    | Alternator conversion harness (CS series)..... | 28.99 |
| E-1166 | 69-82 | Alternator conversion harness (CS series)..... | 24.99 |

## External Voltage Regulator

|        |    |                                                  |       |

## Noise Suppression Kit

If your stereo buzzes or whines when the engine is running, the culprit could be the alternator. Zip's kit suppresses sound distortion due to engine interference.

|        |       |                       |       |

| Z-988  | 68-82 | Vacuum advance line hose, 9" hose w/white stripe | 2.99  |

## Engine Vacuum Line Dress-Up Kit

Custom designed silicone hoses for a show car look! Made of high grade polymer silicone, pre-cut and fitted for most 68-82 applications. Includes: vacuum advance line hose, carb to vapor canister hose, vacuum reservoir/auto trans hose, PCV & brake booster hose, and reservoir filter line. Available in red, blue, black, yellow or gunmetal.

| X-3855 | 68-82 | Engine vacuum line dress-up kit | 64.99 |
|--------|-------|---------------------------------|-------|

## Emission Decal

Reproduction decals are reproduced using original GM blueprints and specifications. Decals show engine tune-up and emission specifications. '68-Early decal is located on radiator; '68-Late through '79 decals are located on cowl above master cylinder. '80-82 decals are located under left lower side of hood.

### FiTech Fuel Injection

Ditch the carb and advance into the EFI world with FiTech's bolt-on throttle body fuel injection system. The Go Street EFI system is ready to run WITHOUT programming. Simply bolt-on in place of your factory Holley or Q-Jet carb and the self-tuning system will eliminate cold start issues, hesitation, vapor lock and flooding problems. The more you drive; the more it adapts to your application. Note: Requires use of 58psi fuel pump. See [www.zip-corvette.com](http://www.zip-corvette.com) for more information.

## ZDDPlus™ Oil Additive

Today's oils are largely missing the key ingredient critical to a flat tappet engine's survival: zinc dialkyl dithiophosphate (ZDDP). ZDDPlus additive creates a protective film on cam and lifter contact points to prevent premature – and often catastrophic – wear. Add one bottle per 5 quarts at every oil change.

|        |                             |      |
|--------|-----------------------------|------|
| M-3835 | ZDDPlus oil additive, 4 oz. | 9.99 |
|--------|-----------------------------|------|

## Oil Filter

|        |       |                                                                         |       |

## Distributor

### 68-74 Tach Drive Distributor

#### Distributor

|        |       |                                                          |        |
|--------|-------|----------------------------------------------------------|--------|
| M-199  | 68-74 | Distributor, tach drive, 327 & 350 base motor (new)..... | 489.99 |
| M-199H | 68-74 | Distributor, tach drive, Hi-Perf (new) .....             | 489.99 |
| M-3198 | 68-71 | T.I. distributor, complete .....                         | 999.99 |
| S-232  | 68-71 | T.I. distributor rebuild service .....                   | 759.99 |
| M-2496 | 68-69 | Hold down w/bolt, wire style .....                       | 14.99  |
| M-3046 | 68-74 | Hold down w/bolt, flat.....                              | 10.99  |
| M-2341 | 68-74 | Base gasket.....                                         | 3.49   |

Rebuild service includes complete disassembly, installation of new housing bushings, line boring to original tolerance, re-assembly and set-up with mainshaft, lower gear, cross gear and points. Zip can convert your distributor to a full electronic ignition using Pertronix's Ignitor III.

#### Rebuilt Tach Drive Distributor

Rebuild includes complete disassembly, installation of new housing bushings, line boring to original tolerances and re-assembly with new hardened mainshaft, lower gear, improved cross shaft gear and ignition points. Zip can even convert your Corvette's distributor to a full electronic ignition set-up using Pertronix's Ignitor III set-up.

|        |       |                                                      |        |

| S-143  | 68-74 | Rebuilt distributor, base motor .....                | 379.99 |
| S-144  | 68-74 | Rebuilt distributor, Hi-perf .....                   | 379.99 |
| M-3933 | 63-67 | Rebuilt distributor w/Pertronix III, base motor..... | 469.99 |
| M-3932 | 63-67 | Rebuilt distributor w/Pertronix III, Hi-Perf.....    | 469.99 |

*Note: Distributors sold on exchange. Add \$200 refundable core charge if rebuildable core does not accompany order.*

#### Gear Replacement Kit

Shark Corvettes are known for stripping tach drive cross shaft gears. Kit includes improved tach gear, brass button, washer and brass coupling. Stainless Dura-Last coupler/gear kit includes "roller" bearing to eliminate potential wear.

|        |       |                                             |       |

| M-4069 | 68-74 | Tach drive coupler & gear kit.....          | 52.99 |
| M-4216 | 68-74 | Stainless Dura-Last coupler & gear kit..... | 84.99 |

Visit us online: [www.zip-corvette.com/eng3](http://www.zip-corvette.com/eng3)  
How to replace the tach drive gear and coupling

#### Distributor Rebuild

Over time, the mainshaft wears the soft brass bushings in the distributor housing and begins to "wobble" – the likely culprit behind persistent drive gear problems. Fresh upper and lower bushings will have your distributor performing like new.

|        |       |                                           |       |

68-74 Tach Drive Distributor **Y**

## Ignitor Electronic Ignition

Enjoy the benefits of High Energy ignition while keeping your Corvette "all-original" underhood – all components fit inside the distributor cap for a truly stealth install.

Ignitor replaces points and condenser with an electronic module for quick starts, better fuel economy, longer plug life and more horsepower. Ignitor II senses coil current and adjusts dwell up-down using a micro controller. The result? Constant peak energy over the entire rpm range. Ignitor III delivers "box ignition" performance – without the box! Five times more spark energy than points, plus a user-set rev limiter. All kits are compatible with stock coil, or for more juice add a Flame-Thrower™ coil and matching plug wires at same time. See expanded descriptions of Ignitor ignition components on-line at [www.zip-corvette.com](http://www.zip-corvette.com).

*See page 135 for transistor ignition harness*

## T.I. Amplifier Module

Upgraded circuit board delivers instant hot or cold starts and over 25,000 volts up to 9,000 RPM. Simple to install – requires no changes to wiring and module is hidden inside amp housing to maintain OE look. Solid-state circuitry generates double the coil primary voltage of the factory unit for up to 10% more secondary available voltage with the stock coil.

### Flame Thrower™ Coils & Modules

Pertronix ignition modules and coils are direct replacement while enhancing high RPM performance. 50,000 volt, low resistance coils combined with high energy, faster spark modules can produce 100% more energy across the spark plug gap. Enabling larger plug gaps and increased combustion efficiency - a proven performance combo.

|        |       |                                    |       |

### Flame Thrower™ HEI III Modules

The most advanced ignition module available while still being a direct replacement. Enhance high RPM performance and when used with their corresponding Flame-Thrower coil, substantially increase spark plug voltage. Features include multiple sparks through entire RPM range, integrated digital REV limiter, adaptive dwell, adjust spark timing at high RPM and increases energy at startup for easier firing.

### Hypertech Power Coil Kit

With an output of up to 53,000 volts, Hypertech's Power Coil is 40% hotter than original coil. Bronze terminals ensure maximum conductivity, while the rotor's nylon screws prevent grounding.

## Flame-Thrower Ignition Coil

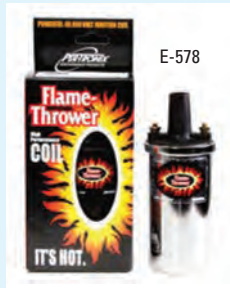

The Flame Thrower Coil by Pertronix is the perfect coil to go with an Ignitor breakerless ignition. Gain even more performance with 40,000 volts; allowing for larger spark plug gaps, smoother response and added fuel economy.

**Flame-Thrower II** - Designed for the Ignitor II ignition conversion. Low resistance of 0.6 Ohm and improved turns ratio provides even more performance - 45,000 volts.

**Flame-Thrower III** - Designed for the Ignitor III ignition conversion. Low resistance of 0.32 Ohm and improved turns ratio provides even more performance - 45,000 volts while charging faster at high RPMs. Rapid charge time means maximum spark energy sustained.

Oil filled coils offer great heat control for street driven Corvettes, epoxy filled provides superior winding support for high vibration environments. Available in black or chrome.

## Dragon Fire HEI Tach Drive Distributor

Keep your factory tach – and get the performance of no-points High Energy Ignition. Features 65kV mega coil, adjustable vacuum advance canister, high quality bronze bushing, corrosion resistant shaft and high-quality brass terminals. Note: will not fit under factory 63-74 shielding or clear dual snorkel air cleaners. Red cap/aluminum housing or black cap/black housing. Requires 13.7 volts. Pigtail connects HEI coil to harness.

|        |       |                                        |        |

## Dragon Fire Pro Series Electronic Distributor

Pro Series Distributor with mechanical tach drive, small enough to fit under the factory shielding. Features a magnetic pickup and module, use with an ignition coil - no need for an expensive ignition box. Includes HD springs for vacuum advance or lock the timing if you use fuel injection kit or programmable ignition. Includes wiring harness to connect to coil. Zip recommends a Flame-Thrower III ignition coil. Female cap allows for use of stock spark plug wires.

## MSD Pro-Billet Distributor

Accurate magnetic pick-up, oversized shaft, and billet aluminum housing are just a few MSD advantages. Billet housing features a sealed ball bearing and long sintered bushing guide and 0.500" steel shaft for high RPM accuracy. Custom tailor timing curve with adjustable advance. Must use MSD ignition box to complete your ignition upgrade.

|        |       |                                                    |        |

### Dragon Fire Sport Spark Plug Wires

Dragon Fire Universal "Cut to Fit" 8.5mm spark plug wires with either 90° angle or 180° straight end boots. Designed to fit all Corvette applications including both HEI style (male) or factory style (female) distributor caps. 150 ohms per foot is possible with these spiral wound Kevlar core silicone jackets wires. Brass Terminals. Available in red, black or with hi-temp ceramic boots in black. Car set.

### Flame-Thrower™ Spark Plug Wires

Pertronix Flame-Thrower spark plug wires provide yet another improvement for your Corvette's ignition system. Silicone jacketed wire sets feature rubber inner insulation for superior heat resistance with few arcing and voltage leaks. Fiberglass reinforced braid adds strength yet maintains flexibility. Low 500ohm per foot resistance. 7mm designed for small block applications; 8mm for big block.

## Reproduction Spark Plug Wires

Reproduction wires include correct script and date code and correct spark plug end boots. '68-74 wires are dated 1st or 3rd quarter; specify year of car and VIN number. Big-block Corvettes with radios had braided wires and ignition shielding. Available in dated or undated. Car set.

|        |       |                                                    |        |
|--------|-------|----------------------------------------------------|--------|
| E-554  | 68-74 | Spark plug wires, 327 & 350 (dated) (a)            | 74.99  |
| IS-218 | 68-74 | Spark plug wires, 427 & 454, braided (undated) (b) | 149.99 |
| E-556  | 68-74 | Spark plug wires, 427 & 454, braided (dated) (b)   | 169.99 |
| E-557  | 68-74 | Spark plug wires, 427 & 454, w/o radio (dated)     | 74.99  |

Note: Refer to chart below for recommended dating for '68-74. Serial numbers shown are the last five digits of the serial/VIN number – which corresponds to the assembly line build sequence.

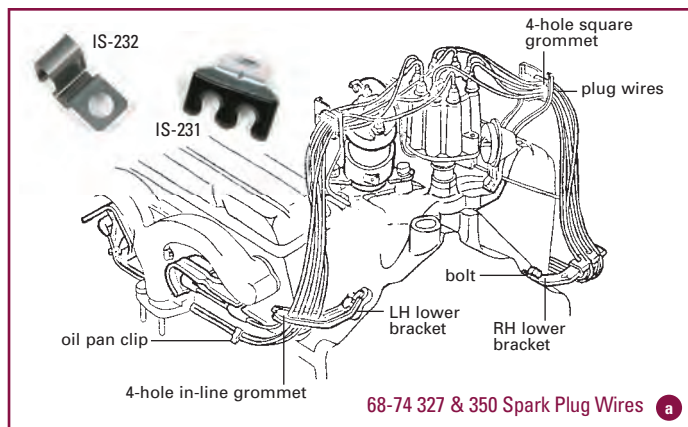

(sample date)

| Year | Serial#                              | Date             |

### Reproduction Fan Clutch

Reproduction 68-70 Corvette fan clutch. 2 5/16" water pump hub; features original "bar" style thermostat. Modern internal design includes seals with greater leak resistance; ball bearings insure no "wobble" - smooth operation at high RPM levels. Thermostatic design is fully engaged at 165 degrees for maximum cooling efficiency. Includes "CJ" or "CK" stamp as original.

|        |       |                                       |        |

## Correct Fan Belts from Zip Products

If you're looking to gain valuable judging points or just want to keep your Corvette "all-original", Zip's OE-replica cloth-wrapped fan belts for '68-72 Corvettes are the most authentic available. Feature correct molded-in part numbers and logos. Made in USA. GM licensed.

## 73-82 Fan Belts

Licensed belts feature cut edge construction and include GM part number, size, manufacturer's logo and codes. Specify desired quarter of manufacture: available for 1st, 2nd, 3rd or 4th quarter (3rd and 4th quarter is previous year).

See page 134 for '75-82 starter motor extension harness

## Starter Heat Shield

Wrap your Corvette's starter in this ceramic cloth-like insulation to help eliminate hard starts due to "heat soak" from the exhaust system. 7"x 24"; trim to exact length needed.

|        |                          |       |
|--------|--------------------------|-------|
| X-1701 | Starter heat shield..... | 27.99 |
|--------|--------------------------|-------|

## Electronic Control Module

### Rebuilt ECM (Electronic Control Module)

'80-82 Corvettes are notorious for suddenly "losing" the ECM. Zip's replacement units are rebuilt to factory specs and offer a cost savings over a new GM part. Rebuild does not include PROM chip.

|        |    |                               |        |
|--------|----|-------------------------------|--------|
| EH-499 | 80 | Rebuilt ECM, OE #1224670..... | 129.99 |
| EH-500 | 81 | Rebuilt ECM, OE #1224810..... | 129.99 |
| EH-501 | 82 | Rebuilt ECM, OE #1225550..... | 129.99 |

Note: ECMs sold on exchange. Add \$100.00 refundable core charge for '80-81 and \$150.00 for '82 if rebuildable core does not accompany order.

### Rebuilt PROM Chip

Rebuilt PROM (Programmable Read Only Memory) chip includes MEMCAL and most-recent GM programming.

|        |    |                                                   |        |
|--------|----|---------------------------------------------------|--------|
| EH-571 | 80 | Rebuilt PROM chip (GM #1224675).....              | 149.99 |
| EH-572 | 81 | Rebuilt PROM chip, w/4-speed (GM #1225434).....   | 149.99 |
| EH-573 | 81 | Rebuilt PROM chip, w/Automatic (GM #1225430)..... | 149.99 |
| EH-574 | 82 | Rebuilt PROM chip (GM #1226096).....              | 149.99 |

Note: '80-81 PROM chips sold on exchange. Add \$60.00 refundable core charge if rebuildable core does not accompany order. '82 chip sold outright. Zip can also reprogram your '82 Corvette original EPROM for \$149.<sup>95</sup>

## Side Exhaust

### Side Exhaust Covers

| EX-2337 | 70-74 | Stainless clampable side exhaust, 454 (pair) .....  | 1049.99 |

## Replacement Side Exhaust Covers

Save big money with replacement fiberglass '69-style covers. Paint to match body color, or paint silver to resemble factory covers. Sold in pairs.

|        |    |                           |        |
|--------|----|---------------------------|--------|
| EX-698 | 69 | Side exhaust covers ..... | 329.99 |
|--------|----|---------------------------|--------|

## 68-74 Exhaust System

### 68-74 Exhaust Pipes & Mufflers System

Complete aluminized exhaust system that looks, fits and sounds like original factory components. Includes pipes, mufflers, flanges, clamps and donut gaskets. While you've got everything apart, Zip recommends replacing the exhaust hangers at the same time. Car set.

|         |       |                                   |        |
|---------|-------|-----------------------------------|--------|

| EX-1039 | 74    | 350 L82 Automatic, 2" to 2 1/2"   | 399.99 |
| EX-1040 | 74    | 454 4-speed, 2 1/2"               | 399.99 |
| EX-1041 | 74    | 454 Automatic, 2 1/2"             | 399.99 |

Note: '73-74 exhaust systems include original-style round mufflers.

### 68-72 Welded Exhaust Pipes & Mufflers System

Factory exhaust for '68-72 had the secondary pipe welded to the muffler. Note this OE-style welded system is not the factory optional high performance "off road" exhaust. Hangers not included. Car set.

## 75-82 Exhaust System

### 75-82 Exhaust Y-Pipes & Mufflers System

Special pricing! Zip has taken the guesswork out of ordering replacement exhaust systems by assembling complete, OE-spec aluminized packages that fit, look and sound like stock components. Includes front and rear Y-pipes, catalytic converter (converters are high-efficiency aftermarket units), mufflers, clamps and gaskets. Hangers must be purchased separately.

## Tight Tuck Performance Header

Perfect for the Vette Rod or stock application. Tight Tuck headers hug the side of your small block, allowing for clearance between the frame rails without interfering with stock engine mounts. 16-gauge metallic ceramic coated. Fits D-Port heads including ZZ4 and ZZ383 crate engines. Complete with gaskets and header bolts.

|        |       |                                                |        |

## Doug's Headers Side Mount Exhaust

Doug's Headers side mount headers deliver the most aggressive style and performance. Manufactured in heavy 16-gauge tubing with thick 3/8" flanges with machined sealing beads for both long lasting and leak-free performance. Side tubes slip directly over collector. Replaceable mufflers available in hi-flow glass pack (loudest max flow), glass pack and reverse flow (quieter). Headers and side tubes available in hi-temp black, chrome, metallic ceramic coated or polished stainless.

## Magnaflow Mufflers

More power and the signature Magnaflow rumble for your C3 Corvette! Magnaflow's aluminized, straight through design mufflers custom fitted for your C3 Corvette. Magnaflow performance mufflers don't include chambers, baffles or louvers to restrict exhaust flow; the result is improved performance, reduced backpressure, extended durability and a smooth exhaust tone that is sure to turn heads. Designed to connect to factory exhaust pipes. Sold in pairs.

| BL-205D | 68-76 | Manifold bolt & stud set, 327 & 350 w/AC (12 pcs) .....      | 26.99 |

*Note: Manifold bolts include studs for mounting air conditioning brackets. Car set.*

|        |       |                                                     |         |
|--------|-------|-----------------------------------------------------|---------|
| BL-505 | 76-79 | Manifold stud, LH manifold for heat shield .....    | ea 8.99 |
| EX-220 | 68-80 | Manifold bolt locks, 327 & 350, stainless (4) ..... | 15.99   |
| EX-715 | 68-80 | Manifold bolt locks, 327 & 350, steel (4) .....     | 14.99   |
| EX-217 | 68-74 | Manifold bolt locks, 427 & 454, stainless (4) ..... | 15.99   |
| EX-716 | 68-74 | Manifold bolt locks, 427 & 454, steel (4) .....     | 14.99   |
| BL-206 | 68-80 | Manifold bolt washers (8) .....                     | 8.99    |

*Note: Washers were used at exhaust manifold end flanges only. Not using these washers could allow bolts to bottom-out, thereby causing manifold to leak.*

### Exhaust Manifold Gaskets

Though not originally installed on Corvettes, gaskets help seal "warped" exhaust manifolds to machined cylinder heads. Car set.

|        |       |                                      |       |

| EX-874 | 76-80 | Heat stove cover, w/A.I.R.                 | 69.99   |
| EX-875 | 76-80 | Heat stove cover, w/o A.I.R.               | 69.99   |
| M-173  | 68-74 | Manifold spacer, 2"                        | 45.99   |
| M-174  | 68-74 | Manifold spacer, L88 & LS6, 2 1/2"         | 49.99   |
| EX-121 | 68-74 | Manifold spacer gasket, 2"                 | ea 3.99 |
| EX-120 | 68-74 | Manifold spacer gasket, 2 1/2"             | ea 3.99 |

Note: Manifold spacer can be used in place of heat riser.

## Exhaust/Header Wrap

Common knowledge says heat is the enemy of power. Composite wrap reduces underhood temps up to 50% – plus promotes increased exhaust flow. Sold in 2"x 50' roll. Tan withstands 1200°F direct and 2000°F intermittent heat, titanium 1800°F/2500°F. Hi-Temp silicone spray coating penetrates to seal, protect and prolong the life of tan wrap. For HD titanium, "bare" (no spray) is recommended. 304 stainless steel ties secure wrap to pipes/collectors for a clean, finished look.

|         |                                          |       |
|---------|------------------------------------------|-------|
| EX-2127 | Exhaust/header wrap, tan, 2"x 50'        | 49.99 |
| EX-2128 | Exhaust/header wrap, titanium, 2"x 50'   | 54.99 |
| EX-2129 | Stainless locking ties, 8" (set of 8)    | 13.99 |
| EX-2130 | Stainless locking ties, 14" (set of 4)   | 8.99  |
| TL-176  | Stainless locking tie tool               | 5.99  |
| EX-2131 | Hi-Temp silicone coating, 12 oz. aerosol | 10.99 |

Note: Aerosol materials such as silicone coating cannot be shipped by air.

## VHT FlameProof™

Heat resistant, silica-ceramic spray coating withstands temperatures to 2,000°F. Ideal for exhaust manifolds or headers. Cured matte finish has look of cast iron.

|        |                        |       |
|--------|------------------------|-------|
| ZMG-72 | VHT FlameProof coating | 10.99 |
|--------|------------------------|-------|

Note: Hazardous and/or aerosol materials such as paint cannot be shipped by air.

## Calyx Manifold Dressing

The ultimate cleaner/polish to keep your exhaust manifolds "concoors" perfect. No need to remove manifolds, simply brush away loose dirt and rust, apply Calyx cream, then polish to a natural silver luster. Non-toxic.

|       |                         |       |
|-------|-------------------------|-------|
| MG-69 | Calyx manifold dressing | 18.99 |
|-------|-------------------------|-------|

## Exhaust Pipe Cement

Seals exhaust pipe. Use on any exhaust connection for a leak-free installation.

|        |                     |      |
|--------|---------------------|------|
| EX-663 | Exhaust pipe cement | 8.99 |

| ZDB-40 | 68-82 | Cable to transmission "U" clip (C).....                | ea .99 |

See page 137 for automatic transmission kickdown harness.

## Auto Shifter Rebuild Kit

Everything needed to return your original shifter to crisp performance is included in Zip's rebuild kit: new shifter ball, button, upper spring, lower spring, neutral safety switch screws, handle to lower shaft bushings, and shifter shaft retainer.

|        |       |                           |       |
|--------|-------|---------------------------|-------|
| ST-492 | 68-82 | Shifter rebuild kit ..... | 31.99 |
|--------|-------|---------------------------|-------|

## Shiftworks Automatic Shifter Conversion

Factory shifter conversions for transmission upgrades. Includes transmission bracket, shift lever, shifter detent conversion, cable hardware kit and console shift pattern. Designed for 4-speed transmissions including: 700R4, 200R4, 4L60, 4L60E, 4L65E, 4L70E, 4L75E and 4L80E models.

|        |       |                                       |       |
|--------|-------|---------------------------------------|-------|
| ST-589 | 68-71 | Auto shifter conversion.....          | 99.99 |
| ST-590 | 72-76 | Auto shifter conversion.....          | 99.99 |
| ST-591 | 77-82 | Auto shifter conversion.....          | 99.99 |
| ST-598 | 68-82 | Neutral safety switch conversion..... | 44.99 |

## Shiftworks Automatic Shifter

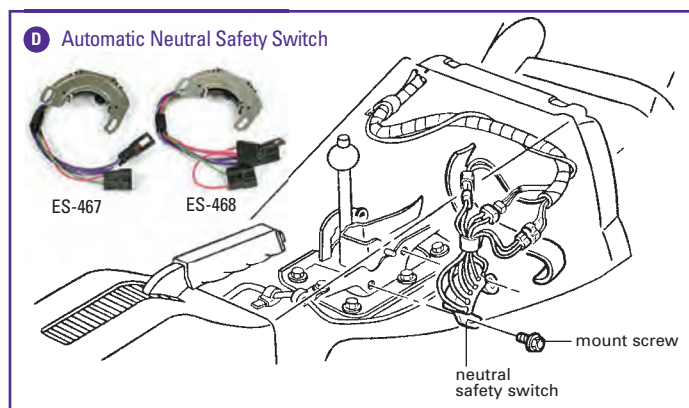

Custom shifter exceeds factory design while maintaining the OE look, including shift knob button on top. Includes transmission shift lever, cable bracket, mounting hardware and control cable. Neutral safety / back up light switch pre-installed (harness connector is not included).

|        |       |                                                                    |        |
|--------|-------|--------------------------------------------------------------------|--------|
| ST-629 | 68-82 | Shiftworks Shifter (TH350, TH400, 700R4, 200R4, 4L60E, 4L70E)..... | 409.99 |
| ST-630 | 68-82 | Shiftworks Shifter (4L80E).....                                    | 409.99 |
| ST-631 | 68-82 | Shiftworks Shifter (6L80E, 6L90E) .....                            | 409.99 |

## Automatic Neutral Safety Switch

|        |       |                                                  |       |
|--------|-------|--------------------------------------------------|-------|
| ES-466 | 68    | Neutral safety switch (D).....                   | 64.99 |

| ES-468 | 72-73 | Neutral safety switch (D).....                   | 64.99 |
| ES-469 | 74-75 | Neutral safety switch (D).....                   | 69.99 |
| ES-307 | 76-82 | Neutral safety switch (D).....                   | 69.99 |
| SF-645 | 68-82 | Neutral safety switch mount screws (2) (D) ..... | 2.99  |

Note: Automatic neutral safety switch mounts directly to shifter.

## Shifter Interlock

|        |       |                                                                                                                   |       |
|--------|-------|-------------------------------------------------------------------------------------------------------------------|-------|
| ST-337 | 69-76 | Column interlock cable, transmission to steering column, includes correct steel outer sheath as original (C)..... | 43.99 |
| ZDB-45 | 69-76 | Column interlock cable clip (2 per car) (C).....                                                                  | 1.99  |

## Automatic Transmission Conversion

A41 electronic automatic transmission upgrade for worn-out TH350, TH400, or 700R4 transmission. Modern transmission technology provides better acceleration, 30% reduction in cruising RPMs and full control over your transmissions shift characteristics with the COMPUSHIFT Sport controller. Kit includes A41 4-Speed automatic transmission, lock-up torque converter, inspection cover, dipstick tube, frame crossmember & mount, shifter conversion, drive shaft, slip yoke and COMPUSHIFT controller. Gear Ratio: 3.06, 1.63, 1.00, 0.70 - available in three stages depending on torque needs. Stage 2/3 upgrades include auxiliary oil cooler.

|        |       |                                                           |          |

### F Tunnel Installation

## Speedometer-Driven Gear

Mounts inside transmission where speedometer cable attaches.  
Correct gear for application is determined by transmission, gear ratio and tire height. Check existing gear for color and number of teeth.

Speedometer reads fast – install a gear with more teeth

Speedometer reads slow – install a gear with less teeth

*Note: One (1) tooth = approximately 1 1/2 mph; use correct sleeve with gear*

### Automatic Transmission

| Part#  | Teeth | Color       |       |
|--------|-------|-------------|-------|
| TM-152 | 18    | Brown       | 11.99 |
| TM-153 | 19    | Natural     | 14.99 |
| TM-154 | 20    | Blue        | 14.99 |
| TM-155 | 21    | Red         | 11.99 |
| TM-156 | 22    | Green       | 14.99 |
| TM-157 | 22    | Silver      | 14.99 |
| TM-158 | 23    | Black       | 14.99 |
| TM-161 | 34    | Light Green | 18.99 |
| TM-162 | 35    | Pink        | 18.99 |
| TM-163 | 36    | White       | 18.99 |

| TM-342 | 68-77 | Gear sleeve O-rings (2)                    | 4.49  |
| TM-219 | 68-77 | Gear sleeve internal O-ring seal only      | 3.99  |
| TM-149 | 68-77 | Gear sleeve retainer                       | 6.99  |
| TM-150 | 77-81 | Gear sleeve retainer w/bolt                | 5.99  |
| BL-510 | 68-81 | Gear sleeve retainer bolt, 1/4-20 x 1/2"   | 1.49  |

### Manual Transmission

| Part#  | Teeth | Color   |       |
|--------|-------|---------|-------|
| TM-152 | 18    | Brown   | 11.99 |
| TM-153 | 19    | Natural | 14.99 |
| TM-154 | 20    | Blue    | 14.99 |
| TM-155 | 21    | Red     | 11.99 |
| TM-156 | 22    | Green   | 14.99 |
| TM-157 | 22    | Silver  | 14.99 |
| TM-158 | 23    | Black   | 14.99 |
| TM-159 | 24    | Yellow  | 11.99 |
| TM-160 | 25    | Orange  | 18.99 |

### Gear Components

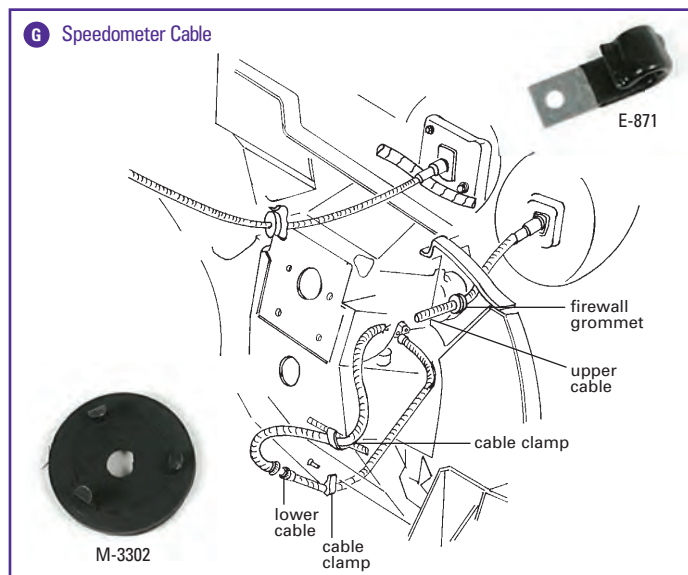

|        |       |                                          |       |
|--------|-------|------------------------------------------|-------|
| TM-382 | 76-81 | Driven gear retaining clip               | 4.99  |
| TM-147 | 68-81 | Gear sleeve with O-ring seal             | 16.99 |
| TM-151 | 68-81 | Gear sleeve O-ring seal                  | 2.99  |
| TM-150 | 68-81 | Gear sleeve retainer w/bolt              | 5.99  |
| BL-510 | 68-81 | Gear sleeve retainer bolt, 1/4-20 x 1/2" | 1.49  |

## Speedometer Cables

|        |       |                                                         |       |
|--------|-------|---------------------------------------------------------|-------|
| M-139  | 68    | Speedometer cable, Automatic or 4-speed (1-piece) (70") | 28.99 |
| M-326  | 69-77 | Speedometer cable, Automatic (1-piece) (70")            | 29.99 |
| M-326  | 69-81 | Speedometer cable, 4-speed (1-piece) (70")              | 29.99 |
| M-2413 | 68-77 | Speedometer lower cable (24") (G)                       | 29.99 |
| M-2412 | 69-77 | Speedometer upper cable (42") (G)                       | 29.99 |
| M-333  | 78-82 | Speedometer cable, Automatic (1-piece) (65")            | 26.99 |
| M-335  | 77-82 | Speedometer lower cable, w/cruise (49")                 | 28.99 |
| M-334  | 77-82 | Speedometer upper cable, w/cruise (23")                 | 19.99 |

*Note: Lower and upper cables are used on Corvettes with 2-piece cables. Other cables listed are 1-piece and connect from transmission to speedometer.*

### Firewall Grommets & Clips

|        |       |                                          |      |
|--------|-------|------------------------------------------|------|
| M-3302 | 68-82 | Firewall grommet, speedometer cable      | 8.99 |
| E-871  | 68-82 | Cable clamp, rubber coated "J" clamp (G) | 2.99 |

### Cable Repair Kit

If you have an otherwise good condition speedometer or tach cable with a broken tip, Zip's repair kit is a cost-saving option to replacement. Includes new inner steel cable, tip and install tool. Cut to length.

|        |       |                  |       |
|--------|-------|------------------|-------|
| M-2941 | 68-82 | Cable repair kit | 11.99 |
|--------|-------|------------------|-------|

### Cable Drive Adapter

90° adapter reduces chance of premature cable failure caused by excessive sharp bends in factory speedometer cable. Does not affect accuracy of speedometer.

|        |       |                     |       |
|--------|-------|---------------------|-------|
| M-2782 | 68-82 | Cable drive adapter | 39.99 |
|--------|-------|---------------------|-------|

## Speedometer Calibrator

Simple and cost efficient way to operate your stock mechanical speedometer with a transmission equipped with a vehicle speed sensor. Calibrator is designed to pick up electronic speedometer signal and will operate the cable driven speedometer to the corresponding speed.

|        |       |                        |        |
|--------|-------|------------------------|--------|
| PM-598 | 68    | Speedometer calibrator | 369.99 |
| PM-848 | 69-74 | Speedometer calibrator | 369.99 |

## 4-speed Transmission

### Transmission Rebuild & Seals

|         |       |                                                            |         |
|---------|-------|------------------------------------------------------------|---------|
| TM-216  | 68-73 | Transmission rebuild small parts kit, 1" countershaft..... | 49.99   |
| ZTM-145 | 68-73 | Transmission seal kit, Muncie .....                        | 9.99    |
| ZTM-144 | 74-81 | Transmission seal kit, T-10 4-speed.....                   | 14.99   |
| TM-134  | 68-73 | Transmission shift lever seal .....                        | ea 6.99 |
| TM-176  | 74-81 | Transmission shift lever seal .....                        | ea 8.99 |

### 4-speed Transmission Rebuild Kit

Everything you'll need to return your 4-speed transmission to its original level of performance is included in Zip's complete rebuild kit: new gaskets, snap rings, washers, needle bearings, front and rear bearings, rear seal, brass synchronizer rings, countershaft and a small parts kit. Note: rebuild kit not available for M22 Muncie.

|        |       |                                         |        |
|--------|-------|-----------------------------------------|--------|
| TM-120 | 68-70 | Muncie, w/RH speedo gear .....          | 269.99 |
| TM-121 | 71-73 | Muncie, w/large output shaft.....       | 289.99 |
| TM-122 | 74-81 | Borg-Warner Super T-10, case #1304..... | 199.99 |

## Manual Transmission Rebuild Service

If the thought of tackling your Corvette's "stick" gearbox is a bit too intimidating – have Zip do it! Transmission is completely disassembled, cleaned, and thoroughly inspected. Case is restored to factory finish. Rebuild includes all-new bearings, syncros, bushings and seals. Additional costs may be incurred depending on condition of gears and cluster assembly (parts not replaced during standard service). 1-year unlimited mileage warranty. Sold on exchange only. No Discount.

## Tremec Conversion

Upgrade original 3 or 4-speed Corvette to a Tremec manual transmission - perfect for those who desire improved performance, increased drivability while maintaining the stock look and feel. Available in close or wide ratio, Tremec TKX or Magnum 6-speed options. Includes Tremec transmission with custom designed PerfectFit side-mount shifter, custom transmission cross-member bracket (80-81 includes full crossmember), speedometer cable/adaptor, console shift pattern, reverse light adapter and dynamically balanced driveshaft with quick release slip yoke and u-joints. Shifter handle sold separately.

How to rebuild worn out 4-speed manual shifters

## 4-speed Shifter Rebuild Kit

Includes everything needed to return your "sloppy" factory 4-speed shifter to crisp performance: new T-handle with rod, interlocks, springs, shafts, hardware, a new shift ball and instructions.

|        |       |                                              |       |
|--------|-------|----------------------------------------------|-------|
| ST-379 | 68    | Shifter rebuild kit, chrome ball .....       | 56.99 |
| ST-380 | 69-76 | Shifter rebuild kit, black-chrome ball ..... | 56.99 |
| ST-381 | 77-81 | Shifter rebuild kit .....                    | 59.99 |

### OE-style Shifter Shaft

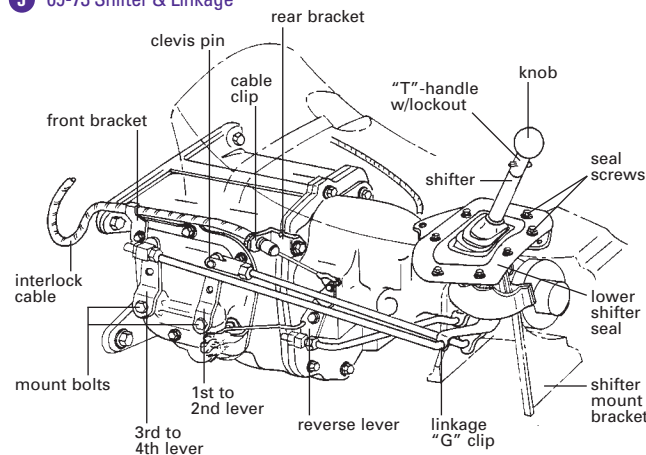

Your Corvette can look all-original even if you've upgraded to an aftermarket shifter for improved performance. Exact replica of OE shaft includes a non-functional "reverse lockout" T-handle. Fits Hurst or Mr. Gasket shifters that use 2-bolt-design shaft. Includes correct color shift ball.

## Clutch Push Rods (Spherical Rod Ends)

Introduce your Corvette's 4-speed to modern-day technology: infinite adjustment, solid feel, smooth clutch operation – and maintenance-free durability (self-cleaning Teflon® lined links never need lubrication). Kit includes clutch-to-cross shaft push rod, cross shaft-to-clutch fork push rod, and all necessary hardware and fasteners.

|        |       |                                             |        |

| M-3974 | 68-81 | Clutch push rods w/spherical rod ends ..... | 126.99 |
|--------|-------|---------------------------------------------|--------|

## Automatic Conversion

Everything needed to convert your factory automatic Corvette to a manual transmission; including the new Tremec 5 and 6-speed conversions. Kit includes the "621" bellhousing, factory clutch kit, steel flywheel, cross-shaft, frame brackets and pedal assembly. Plus all the hardware needed to complete the install.

## Fuel Lines

### Fuel Lines – Pump to Carb

OE-style pump to carb lines are steel or stainless steel tubing with double inverted flares and steel nuts. Lines are pre-bent to match exact shape of originals and include fittings to complete installation as required.

## EFI Gas Tank

Easy conversion to fuel injection, allows for use of GPA series fuel pump. Original 18 gallon tank with recessed sender & pump connections for a no modification install. Features include galvanized steel construction, powder coated silver finish, 4.3 liter internal fuel tray and 5-bolt sending unit mount which can be used with a variety of aftermarket senders.

## Reproduction Gas Tanks

Zip's reproduction tanks match the factory unit in shape, indents, welds, connections and internals. Rust-resistant .032" Ni-Terne steel – twice leak tested to ensure total satisfaction and performance. Available with or without authentic "O.L. Anderson" stamped logo as original.

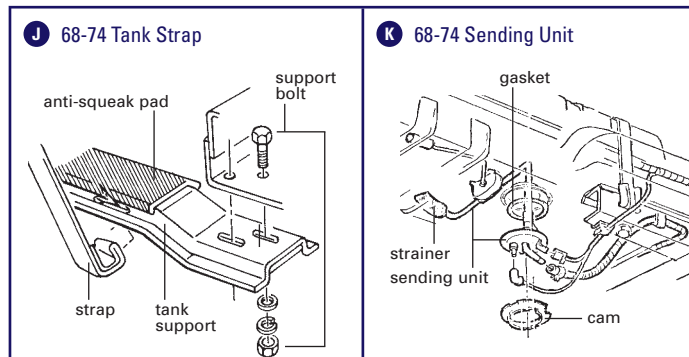

## Tank Installation Kit

Includes tank straps with anti-squeak pads, strap bolts and tank lower support anti-squeak pads. '68-74 kit also includes filler neck screws.

## Body Rivet Setting Tool

Designed for mid-year Corvettes, this handy tool simplifies the job of installing body rivets. Includes bucking bar with dual cut-outs – one designed for corner rivets – and a double-ended setter featuring one lend for standard rivets and the other for rivets that use a reinforcing #10 washer.

Hidden rust in third generation Corvettes can be found in the "birdcage" rocker channels – especially the #2 and #3 body mounts. Zip's repair components include a front insert (mounts into #2 position), a rear insert (#3 position and rear pillar), and a center sleeve that fits under the existing rocker channel. Depending on the amount of rust evident, you may find it best to use all three pieces. Rocker channel repair requires body removal and cutting/welding.

## E Body Structure

## Windshield Frame

A common condition in Shark Corvettes is rusted windshield frames. Water collects under the frame moldings and in the channels, causes rust-through, which then allows water to leak directly into the interior compartment. Zip's package includes the upper header, upper corners (LH and RH) and frame side posts.

| M-3897 | 78-82 | Floor pan (LH or RH) ..... | 369.99 |

Note: M-3897 fits all '78-82 Corvettes except '81-82 LH with power seat.

M-3897

## Pre-Assembled Press Molded Front End

Multi-piece front end is put together using correct color and finish press molded panels. Includes installed header bar, nose bar and bonding strips. Panels and reinforcements are jig-aligned and assembled using correct OE-style rivets, bonding strips and bonding adhesives. Note inner skirts are included but not installed. Prepaid only. Ships truck freight collect (\$120.00 crate fee). No Discount.

|       |       |                              |          |
|-------|-------|------------------------------|----------|
| F-541 | 68-89 | Pre-assembled front end..... | 4,999.99 |
| F-542 | 70-72 | Pre-assembled front end..... | 4,999.99 |
| F-543 | 75-79 | Pre-assembled front end..... | 5,599.99 |
| F-551 | 80-82 | Pre-assembled front end..... | 5,599.99 |

## Complete 1-Piece Front End

Hand laid, 1-piece front ends reduce restoration time and ensure seamless body lines. High-quality construction results in a ripple free finish. Includes jig-aligned headlamp support bar and riveted bumper/nose bar as original. Does not include lower valance panel. Ships truck freight collect (\$20.00 crate fee). No Discount.

|         |       |                                             |          |
|---------|-------|---------------------------------------------|----------|
| HFG-063 | 68-69 | 1-piece stock front end, door to door ..... | 1,399.99 |
| HFG-073 | 70-72 | 1-piece stock front end, door to door ..... | 1,399.99 |
| HFG-081 | 73-74 | 1-piece stock front end, door to door ..... | 1,399.99 |

| HFG-102 | 80-82 | 1-piece stock front end, door to door ..... | 1,399.99 |

Complete your Corvette's front end installation with fresh inner skirts. Skirts are low-pressure molded ("lpm") – resulting in a smooth surface on both sides. A perfect alternative to costly press molded inner skirts.

|       |       |                                    |        |
|-------|-------|------------------------------------|--------|
| F-574 | 68-72 | Inner skirt (LH or RH) (lpm) ..... | 259.99 |
| F-572 | 73-79 | Inner skirt (LH or RH) (lpm) ..... | 259.99 |
| F-573 | 80-82 | Inner skirt (LH or RH) (lpm) ..... | 259.99 |

As a cost savings option, Zip offers 1-piece front ends for "driver" cars. Be aware there is a drawback to this approach: the resale value of your Corvette is likely to be lower than had you installed correct press molded or SMC panels. While cost and labor for the "right" pieces will be more expensive than going with a 1-piece, it will still be less than the probable loss suffered at the day of sale.

For the highest quality product with the greatest resale potential, Zip recommends installing press molded panels or a pre-assembled press molded front end.

## Zip Resto Tip: Corvette Body Panels

**Press Molded Panels** – '68-72 factory fiberglass panels were produced in molds that created an exceptionally strong part smooth on both sides. To help keep your Corvette as original as possible, Zip offers as many press molded pieces as are available. Panels are manufactured to higher quality standards than possible for hand laid panels, using fiberglass mat and resin placed inside matched male/female molds – then pressed together under high pressure and heat to ensure consistent thickness. Original panels are black in color and do not have a gelcoat surface. Press molded panels must use bonding strips when installed. All press molded panels have "(pm)" following the part description.

**Hand Laid Panels** – Replacement fiberglass panels are built by layering fiberglass mat and resin into a single mold. Construction of each piece

| HFG-072 | 68-72 | Hood, LT-1, 427 & 454 (hl) .....        | truck 699.99   |
| PFG-471 | 68-69 | Hood, L88 (pm) (ND) .....               | truck 1,599.99 |
| HFG-061 | 68-69 | Hood, L88 w/o air chamber (hl) .....    | truck 699.99   |
| F-618   | 68-69 | L88 design fresh air chamber (hl) ..... | 199.99         |
| HFG-076 | 73-75 | Hood (hl) .....                         | truck 849.99   |
| HFG-086 | 76    | Hood (smc) .....                        | truck 699.99   |
| HFG-096 | 77-79 | Hood (smc) .....                        | truck 799.99   |

begins with the spraying of gelcoat into a female mold. Once cured, alternating layers of fiberglass matting and resin are hand rolled to eliminate air pockets and ensure an overall uniform thickness. Once "popped" from the mold, panels are hand trimmed and ground to final shape. Hand laid "(hl)" panels have a smooth exterior and a rough fiberglass/resin underside.

**SMC Panels** – '73-82 Corvettes were assembled of panels made from a sheet molded composite ("SMC"). SMC panels are formed by a high-pressure mold compressing a mix of fiberglass, resin, catalyst and release agent. SMC pieces are smoother than press molded fiberglass panels and have a marbled appearance – typically gray in color. Note SMC panels require special adhesives for bonding.

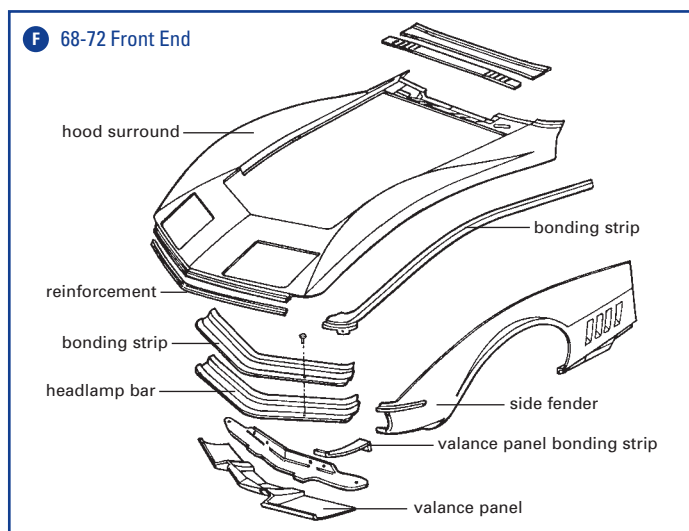

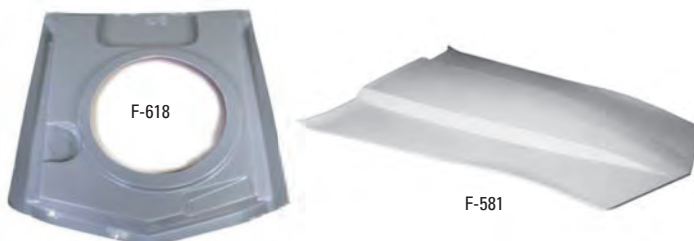

## Hi-Rise Hood

|       |       |                                         |       |        |
|-------|-------|-----------------------------------------|-------|--------|
| F-583 | 68-72 | Hood, L88 design, long version.....     | truck | 799.99 |
| F-618 | 68-72 | L88 design fresh air chamber (hl) ..... |       | 199.99 |
| F-584 | 73-76 | Hood, L88 design.....                   | truck | 799.99 |
| F-585 | 77-82 | Hood, L88 design.....                   | truck | 799.99 |
| F-619 | 73-82 | L88 design fresh air chamber (hl) ..... |       | 199.99 |

Note: L88-design hoods provide approximately 2 1/4" additional clearance.

|       |       |                                    |       |        |
|-------|-------|------------------------------------|-------|--------|
| F-582 | 68-76 | Hood, 80-style hi-rise design..... | truck | 799.99 |
| F-581 | 77-82 | Hood, 80-style hi-rise design..... | truck | 799.99 |

Zip recommends fitting hood to car before priming or painting as it may be necessary to adjust hood surround to ensure proper alignment

## Hood Surround

## Exhaust Panel Conversion

Factory "under car" exhaust for '68-73 exits between the rear exhaust panel and quarter panel. If you're converting your Corvette to side mount exhaust, Zip has a custom exhaust panel with a special ear to fill the no longer needed hole in the fender panel. Hand laid.

## Fiberglass Repair Materials

Most fiberglass repair materials have a recommended shelf life of approximately three (3) months. Note hazardous and/or aerosol products such as paint and fiberglass cannot be shipped outside of the continental USA, or by air freight to any destination.

### Spray Gelcoat

Seals loose or exposed fiberglass strands in non-SMC panels – plus Spray Gelcoat's unmatched sealing qualities prevent body filler from bleeding through to ruin your perfect paint! Hardener included.

|       |                            |        |
|-------|----------------------------|--------|
| R-918 | Spray Gelcoat, gallon..... | 102.99 |
| R-917 | Spray Gelcoat, quart.....  | 34.99  |

### Body Repair Guides

Be it poor panel fit, seams showing or past collision damage, the fact is most Corvettes exhibit body issues of some sort. Ray J. Shiro shares his 30+ years experience in fiberglass repair in step-by-step CD guides for do-it-yourself enthusiasts and pros alike. Packed with repair/replace photos and illustrations. Volume 3 includes hood and hood surround, bumper, door skins, fenders and T-top panels. Volume 4 covers headlights, jamb, quarters, deck lid, panel splicing, and crack and bonding strip repair.

## Sheet Molded Composite (SMC) Fiberglass

GM's sheet molded composite panels (used on '73-82 Corvettes) are formed by a high-pressure mold that results in a "slick" surface difficult for traditional adhesives, resins and coatings to bond to. Zip stocks repair materials formulated specific for SMC fiberglass – don't do the job twice, use the right stuff the first time!

### SMC Fiberglass Resin

Superior adhesion on SMC and fiberglass panels. Polyester-based resin formulated to use with fiberglass mat, cloth and tape. Waterproof and impact resistant. Cures to a sand able surface much faster than regular fiberglass resin. White cream hardener included.

|        |                                  |       |
|--------|----------------------------------|-------|
| MG-246 | SMC fiberglass resin, quart..... | 49.99 |
|--------|----------------------------------|-------|

### Fiberglass Resin

Heavy, thixotropic formula that will not run or sag. Cures to a non-tacky surface. Can be filled, sanded or drilled. Liquid hardener included.

|       |                               |       |
|-------|-------------------------------|-------|
| R-940 | Fiberglass resin, quart ..... | 29.99 |
|-------|-------------------------------|-------|

## Fiberglass "Chrome-A-Lite" Body Filler

Gold colored, high quality, lightweight body filler with smooth texture providing easy application, excellent adhesion and superb featheredge. Blue crème hardener included.

|       |                                       |       |
|-------|---------------------------------------|-------|
| R-937 | Chrome-A-Lite body filler, quart..... | 19.99 |
|-------|---------------------------------------|-------|

### Fiberglass Reinforced Body Filler

Best known for its bridging capabilities in rebuilding shattered fiberglass. Formulated with long strands of chopped fiberglass, double strength of standard fillers. Blue cream hardener included.

|       |                                               |       |
|-------|-----------------------------------------------|-------|
| R-938 | Fiberglass reinforced body filler, quart..... | 26.99 |
|-------|-----------------------------------------------|-------|

### Vette Panel Adhesive/Body Filler

Polyester body filler for repair of SMC and fiberglass panels. Prevents repair mapping on seam lines over fiberglass repairs. Should not use as adhesive on SMC panels. Blue cream hardener included.

|       |                                               |       |
|-------|-----------------------------------------------|-------|
| R-939 | Fiberglass reinforced body filler, quart..... | 59.99 |
|-------|-----------------------------------------------|-------|

### 3M 08115 Panel Bonding Adhesive

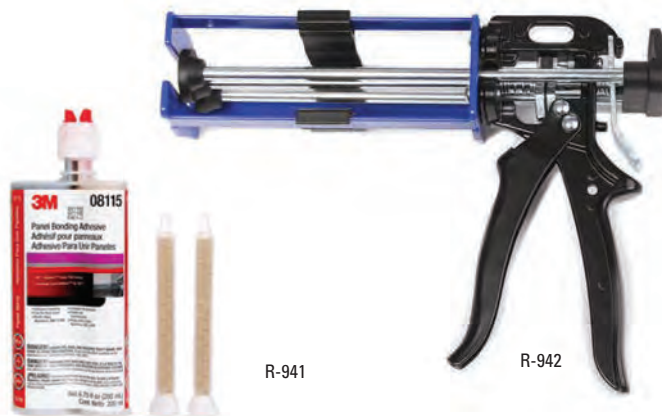

Two-part epoxy used to bond steel, aluminum, SMC and traditional fiberglass body panels. 200 ml cartridge designed to be used with applicator.

|       |                                              |       |
|-------|----------------------------------------------|-------|
| R-941 | 3M 08115 panel bonding adhesive, 200 ml..... | 46.99 |
| R-942 | Adhesive dispenser tool .....                | 49.99 |

### Q-Bond Adhesive Repair Kit

Ultra-strong adhesive. Includes filling powders to be used as thickening agents. Will bond just about anything. 10 second drying time. Can be grinded, filed, sanded and painted. Includes (2) .35oz bottles.

|        |                                  |       |

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side

## Locks

'69-73 Corvettes featured ignition and door locks with square keys; spare tire and rear storage locks used the oval head key. '74-82 Corvettes used the square key for the ignition only; all other locks (spare tire, rear storage and glove box) used the oval key. Zip's lock sets are keyed alike and include the correct shape GM key with knock-outs.

### Anti-theft Alarm

Original style anti-theft switch with keys, mount hardware and terminal screws. 1968-1973 switch mounts in tail lamp panel; 1974-1977E switch mounts in front fender. 1970 Early switch used to s/n # 11750.

How to install the door hinge spring with ease

### Door Hinge Repair

Worn door hinge pins and busted pin bushings are the usual suspects behind sagging doors, which in turn cause increased wear on the lock mechanism and striker. Hinge pins are cut to correct length and include new bushings. Replacing weak or missing door hinge springs will virtually guarantee you never suffer a pinched leg again!

|         |       |                                |         |

## Wiper Arm Removal Tool

Removes wiper arms quickly – without potentially damaging paint due to a “whoops!” screwdriver. Simply place over arm, squeeze and lift.

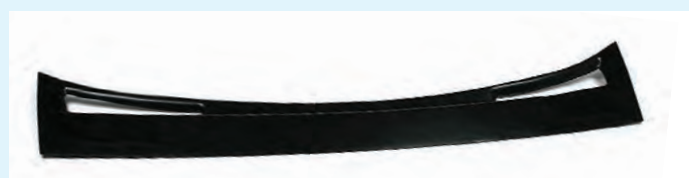

|        |       |                              |      |

m Wiper Door Hinge

### Wiper Door Linkage Rebuild Kit

Zip's rivet and bushing kit allows you to disassemble, recondition and restore your Corvette's wiper door hinge linkage to factory condition.

|        |       |                                                           |       |
|--------|-------|-----------------------------------------------------------|-------|
| BL-418 | 68-72 | Wiper door linkage rivet (1 rivet & 2 bushings) .....     | 4.99  |
| BL-417 | 68-72 | Wiper door linkage rivets (16 rivets & 32 bushings) ..... | 49.99 |

### Wiper Override Switch

Override switch mounts under dash lip below steering column. Correct reproductions available for all '68-72 applications. Includes mount nut. Gloss black plastic knob has knurled edge and stainless center. Use adapter harness to connect WW-248 replacement GM switch to '68-69 dash harness.

|        |       |                                               |       |

## Detroit Speed Wiper Conversion

Performance and convenience of a late model wipers designed to easily and cleanly mount. Low profile, seven-speed wiper motor with 5 delays, low speed, and high speed, rotary switch, adapter plate, and wiring harness. CNC adapter plate mounts wiper motor to the stock firewall bolt pattern. Wiper door conversion includes motor mounted inside cowl area, bolts directly to the wiper door linkage. Add-on washer pump kit allows for complete wiper upgrade.

## Wiper Door Conversion

Complete bolt-on kit to convert your 1968-1972 Corvette's vacuum operated wiper door system to a more reliable electric motor. Electric motor conversion includes everything needed; simply replace the actuator, route the wiring harness and connect 3-wires for trouble free operation. Requires no modification. Detailed instructions included.

## Replacement Aluminum Radiator

Better cooling, yet "same" cost as copper/brass? Zip's USA-made replacement aluminum radiators prove that yes, you can indeed have it all! From the shop of one of the industry's premier suppliers comes a replacement radiator that offers the performance you expect – without the price tag usually attached to custom built aluminum. Twin tube core design more than doubles cooling capacity by increasing the tube-to-fin contact area. Furnace brazed and epoxy free.

## Direct Fit HP & LS Conversion Radiators

Need more cooling capacity? Or swapping out with an LS engine? Zip has Direct Fit radiators available for your application needs. Direct Fit HP radiators feature a 2.75" core with (2) 1.25" internal cooling tubes, effectively increasing cooling capacity by another 35%. Direct Fit radiators are also available for LS conversions, featuring inlet & outlet ports on the passenger side, steam line connections, and end tank temp switches and 16" SPAL cooling fans. Contact a Zip salesperson for more information.

### Direct Fit® Aluminum Radiator

Like the name says, our radiators are designed to bolt right in – no ifs, ands or buts. Every Direct Fit radiator is made in the USA and begins life as a double-row core furnace brazed for strength and accuracy. Press formed end tanks are meticulously TIG welded by real craftsmen to ensure leak-free performance and knockout looks. Epoxy free. Have a work of art under your hood! Natural finish.

### Direct Fit® Radiator & SPAL Fan Combo

It's simple science: less engine heat = more power. Satisfy the most severe cooling demands by "bulletproofing" your Direct Fit radiator with pre-mounted, single or dual SPAL electric fans. Trick combo replaces factory shroud and engine fan while increasing cooling an additional 10-15%. Includes required fuses, relays and wiring. Natural finish.

### Direct Fit Finish

Direct Fit aluminum radiators are available in multiple finishes. Natural aluminum finish is standard. OE-style epoxy Black Ice coating provides factory look-alike without affecting cooling performance. Specify finish when ordering. Black Ice coated = +\$60.00.

### 24" Radiator Conversion

Upgrade your '68-72 small-block, non-AC 18" aluminum radiator to a 427-style 24" core design for maximum cooling capacity and efficiency. Radiator/dual SPAL fans combo includes mount pins on bottom so no need to replace radiator support. Fits manual or automatic transmission (includes internal oil cooler).

### SPAL Brushless Fan w/Custom Shroud

Custom electric cooling fan package with SPAL brushless 17" diameter fan and injection molded shroud designed from heat resistant polymer. Package includes variable temperature sensor, fan harness, jumper harness and instructions. Easily trim shroud (features molded cut lines) to fit most core sizes between 22.5" to 27.5" wide found on C3 Corvettes.

## Radiator Support Seals

Help prevent overheating by properly sealing your Corvette's radiator to its core support. Seals are die cut from correct materials and include pressure sensitive adhesive as required. Seals installed by push-in fasteners include precut holes – number following part description “(# pif)” is quantity of push-in fasteners needed.

|        |        |                                                                     |         |

See page 134 for radiator cooling fan harness

## Support & Shroud Seals Set

Features all seals needed for sealing the radiator, radiator supports and radiator shroud. Includes support seals, shroud seals and a radiator support-to-hood air dam. Die cut from correct materials and backed with pressure sensitive adhesive as applicable. Push-in fasteners available separately – number following part description “(# pif)” is quantity of push-in fasteners needed.

| ZHC-445 | 70-82 | Hose clamp, 32H.....                            | ea 2.99 |
| HC-616  | 70-82 | Hose clamp, 32H w/"Sure-Tite".....              | ea 9.99 |

Note: '70-82 upper radiator hoses use (2) 28H clamps; '70-76-Early lower radiator hoses use (2) 32H clamps; '70-'73 454 with AC lower hoses use (4) 32H clamps; '76-Late-82 uses (1) 28H and (1) 32H clamp.

### Dewitt Radiator Coolant

Specifically formulated all-season coolant/antifreeze for high performance automotive engines. Patented low silicate corrosion protection prevents rust and corrosion in modern performance engines. Advanced additive package contains special anti-foam agents to reduce water pump cavitation and increase cooling capacity. Gallon.

| ZM-2536 | 78-82 | Heater box seal kit .....         | 44.99 |

## Rivet Tools

Heater & AC boxes are factory assembled with rivets. Rebuilding requires disassembly which is easy. However without the proper tools - reassembly can be much tougher. Zip has various rivet tools to aid the rebuilding process. Our small rivet tool allows you to hold and punch tubular rivets. The Aero-Rivet setting tool allows for the precision setting of steel, aluminum, brass tubular and semi-tubular rivets. CNC machined from 6061-T6 billet aluminum and uses high grade steel components. The air hammer insert is designed for tubular rivets.

|        |       |                                 |       |
|--------|-------|---------------------------------|-------|

How to gain access & replace your blower motor

## Vintage Air For Classic Corvettes!

No debate, "cool cruising" in a classic Corvette is one of life's more fun events – except when it's a sweltering summer day. Achieve true coolness with Zip's complete Vintage Air Gen IV SureFit™ air condition system. At its heart is fully electronic operation, meaning no balky cables or vacuum controls. Fly-by-wire servos new control slide panel to provide variable blower fan speed and just-right air temperature blending. Factory-look install requires no fabrication or new holes drilled in dash or firewall. Best of all, even if your '68-82 Corvette was optioned with AC, a SureFit retrofit outperforms the old technology OE design in every way. A chill in the air never felt so good!

Includes evaporator kit plus condenser and drier package. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions. No Discount.

|        |       |                                                           |          |

How to convert your 77-82 Corvette to R134a refrigerant

## R-134a Conversion Kit

Includes shradar valves and ester oil to convert your Corvette's factory R12 air condition system to environmentally friendly R-134a. Zip recommends replacing the O-rings, orifice tube and drier/accumulator at the same time.

|        |       |                                         |       |
|--------|-------|-----------------------------------------|-------|
| AH-390 | 68-82 | R-134a conversion kit .....             | 34.99 |
| AH-407 | 68-82 | Air condition O-ring kit (12 pcs) ..... | 8.99  |

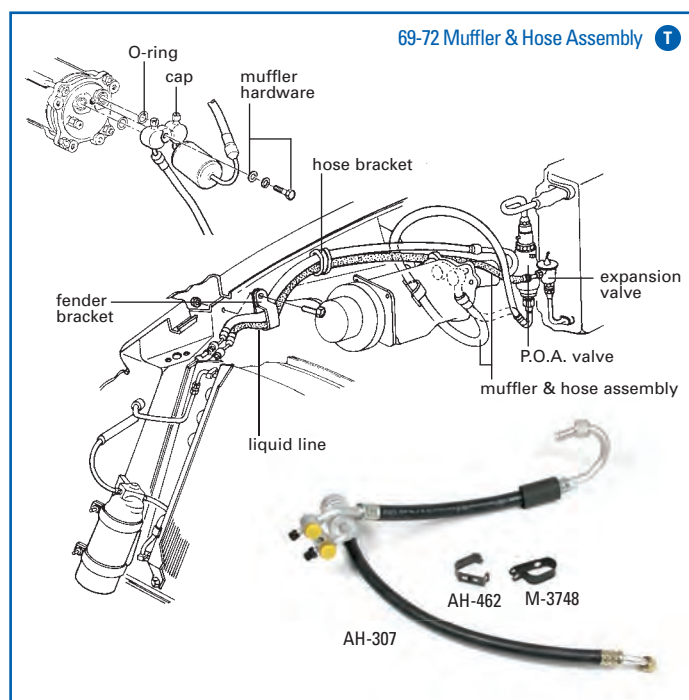

## Compressor Hose & Seals

|        |       |                                                         |          |
|--------|-------|---------------------------------------------------------|----------|
| AH-407 | 68-82 | AC system O-ring kit, R-12 or R-134a (12 pcs) (T) ..... | 8.99     |
| AH-384 | 68-72 | Compressor muffler brass cap (T) .....                  | ea 10.99 |
| AH-381 | 68-82 | Compressor muffler hardware (3 pcs) (T) .....           | 3.99     |
| AH-207 | 68    | Freon hose set, no logo (3 pcs) .....                   | 69.99    |
| AH-206 | 68    | Freon hose clamp set (6 pcs) .....                      | 14.99    |
| AH-307 | 69-72 | Muffler & hose assembly, 350 (T) .....                  | 199.99   |
| AH-467 | 69-72 | Muffler & hose assembly, 427/454 .....                  | 219.99   |

Note: Due to varying P.O.A. valve locations, hose end must be crimped on.

|        |         |                                                                            |        |

### U Condenser & Receiver

## Drier & Receiver Assembly

|        |        |                                                                   |        |
|--------|--------|-------------------------------------------------------------------|--------|
| AH-330 | 68-72  | Receiver drier (U)                                                | 79.99  |
| AH-235 | 68-72  | Receiver drier brackets (U)                                       | 15.99  |
| AH-523 | 68-72  | Receiver drier bracket mount kit (U)                              | 3.49   |
| AH-464 | 69-72  | Receiver drier outlet tube w/protector (U)                        | 59.99  |
| AH-560 | 73-77  | VIR assembly, remanufactured, sold in exchange                    | 199.99 |
| AH-471 | 73-77E | VIR maintenance kit, includes O-rings, pick-up screen & desiccant | 29.99  |
| AH-331 | 77-82  | Accumulator drier                                                 | 49.99  |
| AH-311 | 77-82  | Accumulator orifice tube                                          | 9.99   |

## VIR Eliminator Kit

Converts AC to accumulator orifice, cycling clutch system. Eliminates problematic VIR assembly – thereby reducing desiccant breakdown and rust that forms in the steel casing due to excessive heat. Compatible with all refrigerants.

|        |        |                    |        |
|--------|--------|--------------------|--------|
| AH-463 | 73-77E | VIR eliminator kit | 159.99 |
|--------|--------|--------------------|--------|

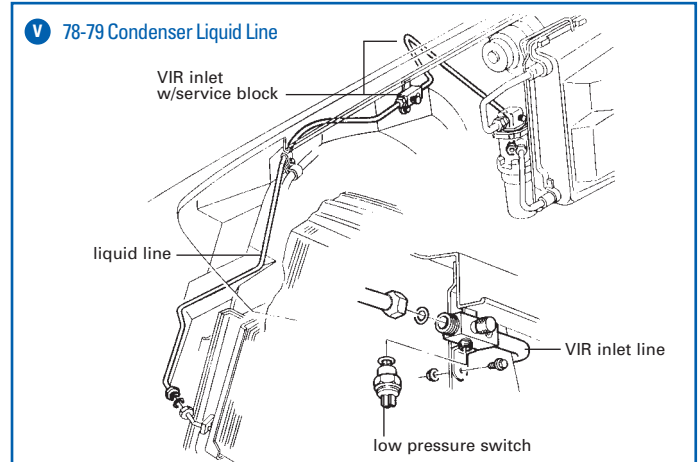

## Liquid Lines

|        |        |                                                              |       |
|--------|--------|--------------------------------------------------------------|-------|
| AH-437 | 69-72  | Condenser liquid line, 350 (T)                               | 49.99 |
| AH-436 | 69-72  | Condenser liquid line, 427 & 454 (T)                         | 49.99 |
| AH-474 | 73     | Condenser liquid line                                        | 49.99 |
| AH-499 | 73     | Condenser liquid line extension tube, condenser to hose      | 54.99 |
| AH-435 | 74-78  | Condenser liquid line, service port to condenser, 78 L48 (V) | 84.99 |
| AH-475 | 78-79E | Condenser liquid line, condenser to evaporator, 78 L82       | 84.99 |
| AH-434 | 79L-82 | Condenser liquid line, condenser to evaporator               | 99.99 |
| AH-473 | 74-77E | Evaporator inlet line w/service block & sight glass (V)      | 89.99 |
| AH-472 | 77L-78 | Evaporator inlet line w/service block, 78 L48                | 84.99 |
| AH-573 | 78-79E | Evaporator inlet line w/service block, 78 L82                | 94.99 |
| AH-324 | 73-77  | Low pressure cut-off switch (V)                              | 32.99 |
| AH-375 | 80-82  | Low pressure cut-off switch (V)                              | 39.99 |

### V 78-79 Condenser Liquid Line

## Expansion Valve & POA Valve

|        |       |                                                |       |
|--------|-------|------------------------------------------------|-------|
| AH-236 | 68-72 | Expansion valve, replacement (T)               | 56.99 |
| AH-566 | 68-72 | Expansion valve, correct w/straight sensor (T) | 72.99 |
| AH-332 | 73-77 | Expansion valve, VIR system                    | Call  |
| AH-217 | 68-72 | POA valve to hose tube & fitting               | 36.99 |
| AH-383 | 68-72 | POA valve cap w/seal, aluminum                 | 10.99 |

## POA Valve Update

Replaces factory valve and update to more reliable cycling clutch system. Uniquely designed fitting replaces original valve. Includes pressure cycling switch and wire to deliver improved air condition performance. NEW deluxe billet design emulates appearance of original POA valve.

|         |       |                                            |        |

| AH-579  | 68-72 | Deluxe POA valve update kit, R-12 & R-134a | 189.99 |

## VIR to Evaporator Conversion

Full conversion to accumulator orifice system as found on later model Corvettes. Works well when upgrading to R134a refrigerant. Includes new evaporator hose w/tube seals, accumulator, manifold hose, liquid line, switches, harness, o-rings and mount hardware.

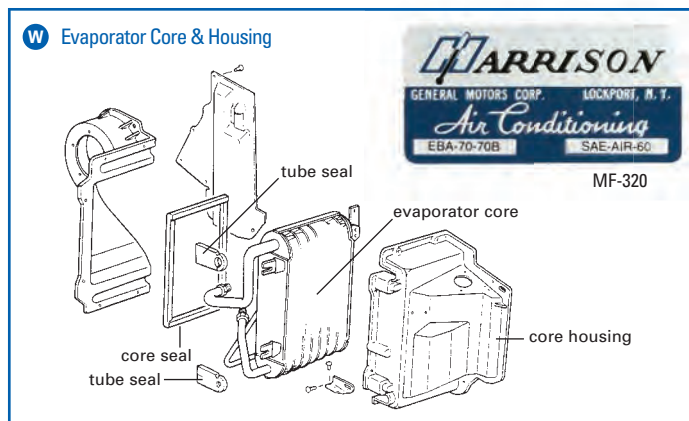

|        |        |                                              |        |

How to rebuild & reseal your Corvette's heater box

## AC/Heater Box Rebuild Kit

Eliminates air drafts and improves efficiency of heat and AC systems. Includes all seals necessary to completely disassemble and reseal heater and AC ductwork. Precision die cut from correct materials.

## Plug-In Conversion Harness

E-797 allows you to use '69-85 SI series internally regulated alternator in place of OE externally regulated unit. E-1165 and E-1166 harnesses allow '84-99 CS series external fan/internally regulated alternator to be used as replacement for applicable factory alternator.

|        |       |                                                 |       |

## Temperature Sender

An improvement over GM's own Delco senders (notorious for poor calibration), Zip's reproduction units are faithful to the originals including terminal connection, housing and resistance. And they're accurate! Harness repair kit includes OE "pin" type plastic connector, terminal, correct color wire and asphalt insulation.

|        |        |                                                            |       |

## Voltage Regulator

Monitors output of alternator to deliver a constant voltage level. ES-319 is new Delco with stamped cover; ES-491 replacement cover. ES-634 electronic conversion - "D-I-Y" solid state circuit board to replace original mechanics eliminating voltage issues while maintaining originality.

|        |    |                                                    |       |

## Tie Straps & Harness Clips

M-3734 grommet protects harness and vacuum hoses against cuts and abrasion when passing through radiator support. Rubber coated J-clips route wiring and hoses through engine compartment. HDL-319 locking clamp secures wiring harness and vacuum hoses together. Mounts on LH inner fender skirt. Tie straps are black plastic.

|         |       |                                                                                                          |         |

### G Starter Motor Extension

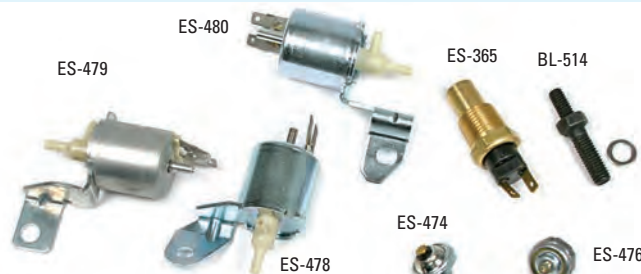

## TCS Jumper Harness

|       |       |                                                                                  |       |
|-------|-------|----------------------------------------------------------------------------------|-------|
| E-495 | 70-74 | TCS thermal switch jumper harness, engine harness to temp switch in RH head..... | 21.99 |
|-------|-------|----------------------------------------------------------------------------------|-------|

## TCS Solenoid & Switch

Transmission Controlled Spark (TCS) solenoid shuts off vacuum advance in lower-range forward gears. Solenoids are new reproductions from original tooling. Thermal switch overrides system when engine temps are outside min/max range. TCS trans switch screws into transmission.

|        |       |                                                                                    |        |

| E-701 | 82 | Torque converter clutch harness .....                      | 41.99 |

## Custom Wire Harness

Custom installs, LS conversions and highly optioned Corvettes are all possible with today's street and restored builders. Hence the reason the Custom Series wire harness package was created – to reduce build time while providing foresight, engineering and flexibility. Complete harness package covers from headlight to tail light and everything in between. Call for more information. No Discount.

|        |       |                                       |          |

|--------|-------|---------------------------------------|----------|

## 68-79 Harness Packages

Zip's "one box" harness packages eliminate electrical gremlins that often plague Corvettes due to faulty or missing wiring. Includes new dash harness, engine harness, headlight and rear body harnesses, and a laminated wiring diagram.

## Harnesses Required to Complete Installation

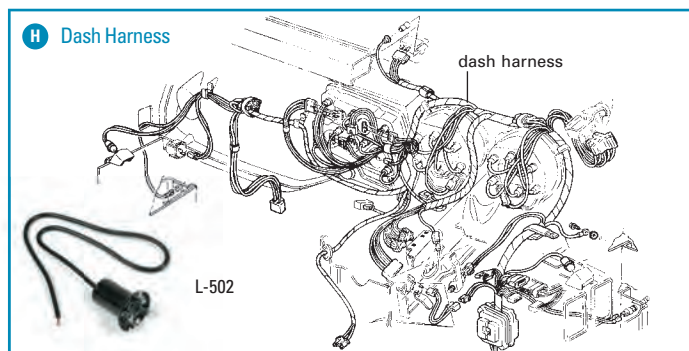

- 15 = Temperature controlled spark (TCS) jumper harness
- 16 = Starter solenoid extension wire
- 17 = Starter motor extension harness
- 18 = Distributor to coil lead wire

## Dash Harness

|        |     |                                                                         |        |

## Fuse & Flasher Kit

If you're installing a new dash harness, or just want to have emergency extras in-hand, Zip's kit includes all needed fuses and flashers – plus a spare fuse of each amperage, additional flasher, and a handy fuse puller.

|       |       |                                  |       |
|-------|-------|----------------------------------|-------|

Note: Clutch safety switch mounts to side of clutch pedal.

## Neutral Safety Switch

Cross Linked Polyethylene GXL wire offers higher heat tolerance than OE PVC-type GPT wire. Switch features reproduction connectors and terminals and is wrapped with correct non-adhesive or cloth tape for a 100% from-the-factory look. Mounts directly to shifter.

|        |       |                                             |       |

## 77-78 Harness Application Guide

- '77 1st design = Alarm switch located in fender
- '77 2nd design = Alarm switch located in door
- '78 1st design = Courtesy light timer located to left of steering column
- '78 2nd design = Courtesy light timer located to right of glove box

## Courtesy Light Timer Harness

|       |    |                                               |       |
|-------|----|-----------------------------------------------|-------|
| E-623 | 77 | Courtesy light timer harness.....             | 38.99 |
| E-624 | 78 | Courtesy light timer harness, 1st design..... | 38.99 |
| E-625 | 78 | Courtesy light timer harness, 2nd design..... | 38.99 |

## Courtesy Light Timer

ES-341 controls delay cycle of interior courtesy (dome) light. E-1134 circuit board repairs inoperable timer – simple snap-in install. E-1143 upgrade board eliminates timer delay function entirely for instant on/off of light.

|        |       |                                                   |       |
|--------|-------|---------------------------------------------------|-------|
| ES-642 | 77    | Courtesy light timer, ZX2 convenience group.....  | 54.99 |
| ES-341 | 78-82 | Courtesy light delay timer.....                   | 49.99 |

| E-440 | 71-75 | Shift plate lamp harness, Automatic.....      | 12.99  |

## Power Seat Circuit Breaker

30 amp breaker for power seat track. Inserts into fuse box. Fits '81 with "0202" printed on lower right of original fuse box (next to turn signal flasher) and all '82 Corvettes.

|        |       |                                         |       |
|--------|-------|-----------------------------------------|-------|
| ES-582 | 81-82 | Power seat circuit breaker, 30 amp..... | 11.99 |
|--------|-------|-----------------------------------------|-------|

## Key Warning & Flashers

Warning buzzer clips into main harness under dash. Replacement flasher sends correct pulse for hazard lights. ES-521 blinks turn signals at correct "factory" rate (aftermarket signal flashers often have poorly-timed cycle).

|        |        |                                        |       |

| E-920 | 78-79 | Wiper controller override jumper harness..... | 14.99 |
| E-921 | 78-79 | Wiper controller override jumper harness..... | 14.99 |
| E-922 | 80-82 | Wiper controller override jumper harness..... | 17.99 |

*Note: Wiper controller override jumper harnesses override faulty intermittent wiper controller. Connects to dash harness. '78-79 requires two harnesses.*

## Wiper Controller & Relay

ES-390 wiper motor relay features 3/2 prong plug. Mounts to firewall. With age, the wiper intermittent module often fails, knocking out not just the intermittent feature, but the wipers altogether! Upgrade module offers more-accurate delay cycles, lower draw, overload protection and no moving parts. ES-519 is replacement relay for factory system.

|        |       |                                                  |        |

### J Power Window Harness

## Power Window Electrical

Correct amperage circuit breakers protect wiring harness from overload or short circuit. 30 amp E-567 includes "T" bracket as original. ES-372 is GM licensed reproduction of original #7729602 motor relay. I-671 reproduction up/down switch mounts in park brake console or shifter trim plate depending on model year.

| E-696 | 80-82 | Power antenna harness, relay to antenna .....           | 28.99 |

## Capacitors & Condensers

Electrical components (ignition system, charging system, etc.) produce magnetic pulses that are of the same frequency range as AM radio, resulting in a buzz or whine in reception. Suppression capacitors divert this "noise" to ground – so it isn't heard through the radio speakers.

E-486 replacement blower motor capacitor has "flat" spade connectors. Reproduction voltage regulator capacitor and '68-74 coil capacitors include correct wire connector, mount bracket and original part number stamped in end. M-2657 coil capacitor is for HEI (High Energy Ignition).

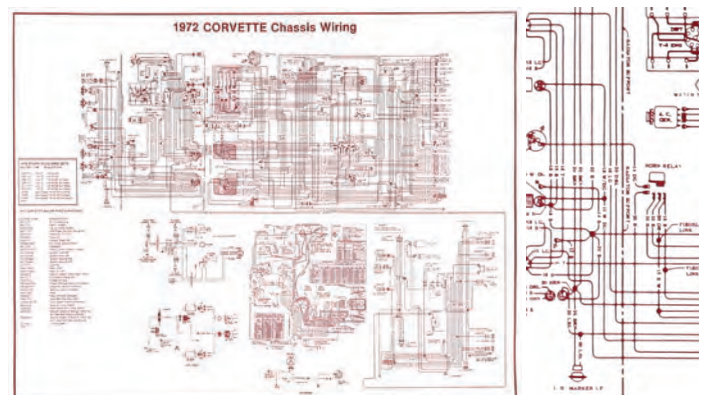

|        |       |                                                              |       |

**L** Rear Body Harness

## Rear Body Harness Repair

Pigtail with attached connector properly repairs damaged factory harness. E-506 back-up light is 1-wire, taillight pigtail is 2-wire. Replacement rubber accordion boot protects harness-to-light connection from road debris and moisture.

| X-4082 | 68-82 | Hydrocarbon actuator covers..... | 79.99 |

## Electric Headlight Conversion

Complete bolt-on kit to convert to more reliable electric motor system. Includes all components needed for installation. Electric actuators replace the factory mechanism springs with new billet components. No modification required – original headlight actuators can remain in place to provide a factory look when lifting the hood. Instructions included.

|         |       |                               |        |

HDL-407

## Electric Headlight Actuators

Not only a conversion to electric, but an upgrade as well. Utilizes C5 Corvette designed headlight actuators, headlight module and custom mount brackets. Built-in safety features include manual turn knob and electric cut-out for resistance. No modification install; plug and play harness attaches to factory headlight harness.

|         |       |                                             |        |

## Headlight Rebuild Kit

Weak springs and broken bushings are the usual cause for headlights struggling to mechanically raise. Includes small parts needed to repair one housing: nylon bearings with plates, link pin and link "crescent" bushings, pivot bolt and clevis bushings, and stainless springs. Per side.

|         |       |                                                 |       |

## NeverNight Headlamp System

Maximum voltage to your headlights, therefore maximize light output. 8-gauge wire alternator to relays, 12-gauge feeds directly to lamps providing low resistance path. Harness can install stand alone or upgrade with Xenon bulbs. Slight modification required for headlamp bulb installation.

|         |       |                                             |        |

See page 140 for rear body and taillamp harness

## Rear Body Harness Repair

Pigtail with attached connector properly repairs damaged factory harness. Back-up light is 1-wire, taillight pigtail is 2-wire. Replacement rubber boot protects harness connection from moisture and road debris.

## a 75-79 Taillamps

## LED Taillight Sets

Super-bright LED assemblies offer quicker "light-up" and heightened visibility over OE bulbs. Plug-in installation requires no modifications. 74-82 taillight kits convert all (4) lamps to taillight only; kit includes conversion harness for stop & turn only. Zip offers a license plate frame with integrated back-up lamps - see Zip # L-574. All kits includes L-546 flasher to correct "blink" pulse of turn signal indicators.

The best paint and shiniest chrome quickly lose luster when masking a worn interior. The cure? **Build your own interior package and save 10%!** A same-order purchase of carpet, door panels and seat covers triggers our Restorer's Discount – and once there, the more dollars spent means the more dollars saved! From molded to cast to painted to polished, Zip stocks all manner of correct components to return your Corvette's interior to assembly line new!

#### Add to your interior package and continue to save!

Door pulls and armrests • Door handle bezels • Sill plates • Kick panels • Reproduction floor mats • Carpet underlayment • Firewall insulation • Seat foam • Seat backs and seat shells • Seat hinges and upper seat trim • Seat belts and belt boots • Convertible hardtop headliner • T-top panels • Rear roof panels • Sunvisors • Dome light • Quarter panels • Rear storage compartment • Jack • Storage compartment decals • Rear window trim and shade • Dash pads and bezels • Map pocket • Glove box • Windshield moldings • Mirror • Shifter console • Radio access panels • Console upper trim plate • Ash tray and lighter • Park brake console • Small gauges • Speedometer • Tachometer • Instrument cluster bezel • Radio knobs and speakers.

## 10% OFF RESTORER'S DISCOUNT

**HOW IT WORKS** – Retail customers receive 10% savings on a minimum purchase of \$850.00 of any combination of parts and/or accessories from this catalog or Zip's web store. Sorry, No Discount ("ND") items may be included in total value but are not eligible for discount. Offer applies to a single order only and some restrictions apply, call for details.

## Interior Dye

Restore or change the color of your Corvette's interior. Vinyl dye flexes with the surface its applied to and will not crack, peel or rub off. Permanently adheres to carpet, door panels, seat covers, dash pads, fiberglass, plastic, metal and hard rubber with proper prep. Specify year and factory interior color.

| DYE168 | Interior dye, quart .....          | 85.99 |

## Adhesion Promoter

The "secret weapon" pros use to make dye really stick. Simply spray dye on top of a fresh coat of adhesion promoter to chemically bond to panel. Prep makes the difference! 11 oz.

## Seat Covers

### Original-Style Vinyl Seat Covers

Reproduction covers feature correct grain, pattern and colors for model years. '68 have basketweave inserts, '69-75 are comfortweave. Car set includes pair of bottoms and pair of backs. Specify color.

|       |       |                  |        |
|-------|-------|------------------|--------|
| I-180 | 68    | Seat covers..... | 499.99 |
| I-182 | 69    | Seat covers..... | 469.99 |
| I-184 | 70-74 | Seat covers..... | 429.99 |
| I-188 | 75    | Seat covers..... | 429.99 |
| I-190 | 76    | Seat covers..... | 429.99 |

### Original-Style Leather Seat Covers

Reproduction covers feature correct grain, pattern and colors for specific model years. '68-69 are 100% leather. '70-72 are all-leather except for vinyl pull straps and vinyl insert beneath seat back release button. '73-82 are leather panels with vinyl skirts. For '79-82 covers specify 2" or 4" pleat (see illustration). Car set includes pair of bottoms and pair of backs. Specify color.

|       |       |                                       |        |
|-------|-------|---------------------------------------|--------|
| I-181 | 68    | Seat covers.....                      | 769.99 |
| I-183 | 69    | Seat covers.....                      | 809.99 |
| I-185 | 70-71 | Seat covers.....                      | 769.99 |
| I-186 | 72    | Seat covers.....                      | 769.99 |
| I-187 | 73-74 | Seat covers.....                      | 729.99 |
| I-189 | 75    | Seat covers.....                      | 669.99 |
| I-191 | 76-78 | Seat covers.....                      | 624.99 |
| I-192 | 78-82 | Seat covers, 78 Pace Car & 79-82..... | 469.99 |
| I-893 | 82    | Seat covers, Collector Edition.....   | 719.99 |

For (non-original) 100% leather '70-82 covers, add "AL" to appropriate part number – example: I-187AL. '70-78 car set is \$789.99; '78 Pace Car and '79-82 set is \$599.99. Specify color.

### Leather-Like Seat Covers

High-grade vinyl has look and feel of real leather – at significant cost savings. For '79-82 specify 2" or 4" pleats (see illustration). Car set includes pair of bottoms and pair of backs. Specify color.

|        |       |                                       |        |

| I-2191 | 82    | Seat foam, Collector (car set).....      | 439.99    |

Note: Collector Edition seat foam includes original-style pockets.

### 78-82 Seat Cover Pleats

'78-82 seats came in two styles of side bolster. Using your original seat foam, determine pleat size by first locating end of horizontal pleats "A" on seat back insert. Then locate center point of double-stitching line "B". Measure the distance between (A) and (B) – it will be either 2" or 4". Specify needed size when ordering seat covers.

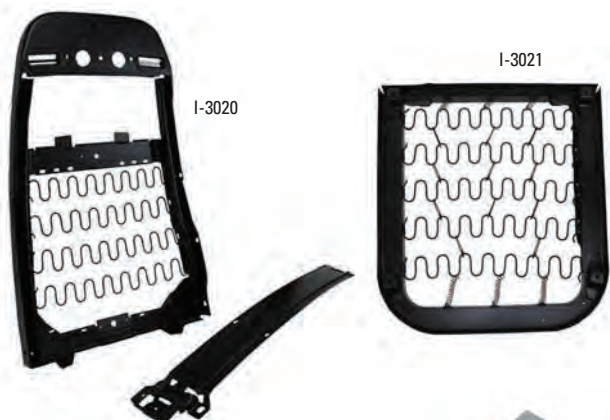

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side

## Seat Frame Components

Reproduction seat back & bottom frames. Repairs damaged seats broken due to corrosion or entry and exit damage. Includes installed seat frame cushion springs. Seat back includes locking mechanism and channel for release strap assembly. Fits LH or RH side. Sold individually.

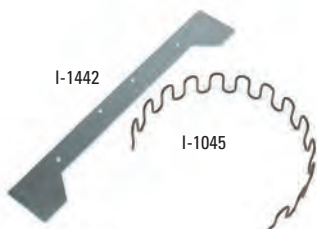

|        |       |                                   |           |
|--------|-------|-----------------------------------|-----------|
| I-3022 | 70-78 | Seat adjuster handle bracket..... | ea 16.99  |

Tips & techniques for installing reproduction carpet

HOW IT WORKS – Retail customers receive 10% savings on a minimum purchase of \$850.00 of any combination of parts and/or accessories from this catalog or Zip's Web store. Sorry, No Discount ("ND") items may be included in total value but are not eligible for discount. Offer applies to a single order only and some restrictions apply, call your Zip Products sales representative for details.

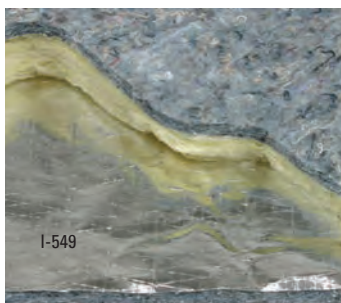

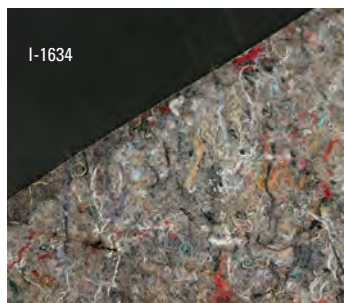

## Carpet Underlayment

Original-Style Carpet Underlayment. Protect your investment in new carpet by replacing your Corvette's carpet underlayment at the same time. Zip's precut pieces are an exact match to OE materials ('68-72 is layered insulation bonded to a flexible rubber compound for durability). A great aid to beat the heat in any Shark Corvette!

## AcoustiSHIELD

AcoustiSHIELD's pre-cut carpet and floor pan insulation kits will insulate and control noise, vibration and heat. Stage 1 features Dynamat Xtreme sound dampening pads strategically located to reduce noise and vibration. Stage 2 features high-tech HeatShield absorber/barrier insulation which is bonded to the floor pan - providing sound deadening and insulation from radiant heat penetration. Easy-to-follow installation instructions - all pieces are die cut and labeled. Floor panel kit covers area under front carpet and seats.

## Heat Barrier Kit

Ceramic cloth-like material with reinforced reflective foil backing installs under carpet to reduce interior temps up to 50%. 1/8"-thick precut pieces will not affect carpet fit and can be used with original carpet underlayment. 6-piece kit fits front only; 7-piece covers both front and rear. Fits coupe or convertible.

## Dynamat Xtreme Custom Cut

The highest efficiency sound deadening material available. Aluminum layer is moldable and conforms to all interior surfaces. Extra-sticky butyl layer is designed to convert energy effectively stopping unwanted noise and vibration. Available in custom cut versions for floor, door, coupe rear cargo and roof areas.

## Restoration Seat Belts

It wasn't that long ago that options for replacing seat belts in a C3 Corvette were basically two: find NOS (good luck), or have the originals refurbished (steep dollars as well). But that was then, and "now" is choices! Zip offers GM remanufactured belt sets, economy replacement belt sets, and wallet friendly lap-only belts to keep you cruising safe – and secure. All belts sold in car sets.

### 68 GM Logo Seat Belts

Original-style, replacement '68 Corvette lap belts. Feature 3-panel webbing with OE stitch pattern and color matched buckle with GM logo. Updated technology retractor assembly with color matched cover. Specify color.

I-2563 68 Seat belt set w/GM buckle.....309.99

### 68L-69 GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '68L-69 Corvettes. Specify color. Features include:

- 12" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve and web stop
- Updated technology vertical shoulder harness retractors

I-2676 68L-69 Seat belts set w/shoulder harness.....589.99  
I-2828 68L-69 Seat belt set, lap belt only.....359.99

### 70-71 GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '70-71 Corvettes. Specify color. Features include:

- 12" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve and web stop
- Updated technology horizontal shoulder harness retractors

I-2685 70-71 Seat belt set w/shoulder harness .....589.99  
I-2828 70-71 Seat belt set, lap belt only.....359.99

### 72-73 GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '72-73 Corvettes. Specify color. Features include:

- 7.5" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve and web stop
- Updated technology dual retractors

I-2271 72-73 Seat belts set w/shoulder harness.....569.99  
I-2990 72-73 Seat belts set w/shoulder harness (seat belt warning).....639.99

### 74-75 Convertible GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '74-75 Corvettes. Specify color. Features include:

- 8.5" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve and web stop
- Updated technology dual retractors

I-2277 74-75 Seat belt set w/shoulder harness .....569.99  
I-2991 74-75 Seat belt set w/shoulder harness (seat belt warning).....599.99

### 74-77 Coupe GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '74-77 Corvettes. Specify color. Features include:

- 8.5" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve
- Updated technology dual retractors

I-2267 74-77 Seat belt set w/shoulder harness .....569.99  
I-2992 74-77 Seat belt set w/shoulder harness (seat belt warning).....599.99

### 78-82 GM Seat Belts

GM remanufactured belt sets are the most correct and complete seat belts available for '78-82 Corvettes. Specify color. Features include:

- 8.5" inner buckle with GM logo as original
- 3-panel webbing has OE stitch pattern and correct belt tongue
- Color matched vinyl inner buckle sleeve
- Updated technology retractors

I-2269 78-82 Seat belt set w/shoulder harness .....359.99

## Replacement Seat Belts

### 68L-69 Replacement Seat Belts

Economy replacement belt sets are for enthusiasts replacing seat belts in a '68L-69 Corvette who do not require color matched components or GM logo buckles. Specify color. Features include:

- Inner metal buckle with "starburst" button
- Updated technology horizontal retractors (black web stop)
- 7-panel replacement webbing with OE-style stitching

I-2695 68L-69 Replacement belt set w/shoulder harness.....239.99

I-2695

I-2272

### 70-71 Replacement Seat Belts

Economy replacement belt sets are for enthusiasts replacing seat belts in a '70-71 Corvette who do not require color matched components or GM logo buckles. Specify color. Features include:

- Inner metal buckle with "starburst" button
- Updated technology horizontal retractors (black web stop)
- 7-panel replacement webbing with OE-style stitching

I-2272 70-71 Replacement belt set w/shoulder harness.....239.99

### 72-73 Replacement Seat Belts

Economy replacement belt sets are for enthusiasts replacing seat belts in a '72-73 Corvette who do not require color matched components or GM logo buckles. Specify color. Features include:

- Inner metal buckle with "starburst" button
- Updated technology horizontal retractors (black web stop)
- 7-panel replacement webbing with OE-style stitching

I-2682 72-73 Replacement belt set w/shoulder harness.....239.99

I-2682

I-2683

### 74-77 Coupe Replacement Seat Belts

Economy replacement belt sets are for enthusiasts replacing seat belts in a '74-77 Corvette who do not require color matched components or GM logo buckles. Specify color. Features include:

- Inner metal buckle with "starburst" button
- Updated technology dual retractors
- 7-panel replacement webbing with OE-style stitching

I-2683 74-77 Replacement belt set w/shoulder harness.....239.99

### 78-82 Replacement Seat Belts

Economy replacement belt sets are for enthusiasts replacing seat belts in a '78-82 Corvette who do not require color matched components or GM logo buckles. Specify color. Features include:

- Inner metal buckle with "starburst" button
- Updated technology retractors
- 7-panel replacement webbing with OE-style stitching

I-2684 78-82 Replacement belt set w/shoulder harness.....239.99

I-2684

### Lap Belts

Not "OE" in appearance – but excellent cost saving alternatives to reproduction or economy replacement belts. I-2568 has silver metal buckle with GM logo. I-158 features color matched buckle with PRESS button. No provision for shoulder harness or retractor.

I-2568 68-82 Seat belt set w/GM buckle.....89.99

I-158 68-82 Seat belt set.....39.99

I-2568

### GM Logo Retractable Lap Belts

A great replacement for '72-77 Corvettes without shoulder harness option.

Feature 7-panel replacement webbing with original -style stitching and 8.5" color matched inner buckle with GM logo. Updated technology retractors. No provision for shoulder harness.

I-2270 72-77 Retractable seat belt set w/GM buckle .....319.99

### Seat Belt Extender

Makes for easier entry and exit when the seat belt is easier to buckle-up. 12" seat belt extender snaps into existing seat belt buckle. Don't jeopardize safety for comfort.

X-2529 69-82 12" seat belt extender .....34.99

### 3-Point Seat Belts

3-point seat belt conversion systems are designed to increase security within your Corvette. Systems feature a single web sensitive retractor, color matched or OE-style push button, 7-panel webbing in several factory colors, and a full hardware kit with instructions for mounting. Car set.

I-2688 68-74 3-point seat belts .....209.99

I-2689 68-74 3-point seat belts w/GM push button .....289.99

## Headliner

### Hardtop Headliner

Contoured for an exact fit. Includes center section and left-hand and right-hand rear window sections. Available in all original colors.

HT-329 68-75 Hardtop headliner (3 pcs).....729.99

### T-Top Inner Panels

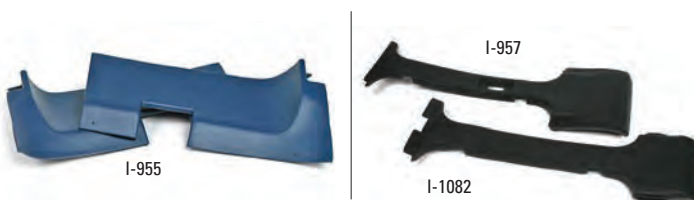

100%-correct including grain, color and attached mount hardware. Vinyl bonded to rigid ABS. '68-73 include larger recessed area for sunvisors. On '76 second design panels, area between latches tapers from 1 1/8" to 3/4" verses a constant 1/2" on first design. Sold each.

## Dash Pad

### 68-77 Lower Dash Pad

Reproduction lower dash pads include mount brackets and clips. Available in all original factory colors. For an "all-fresh" makeover, Zip recommends replacing map pocket and steering column lower cover.

### 68-77 Dash Shield

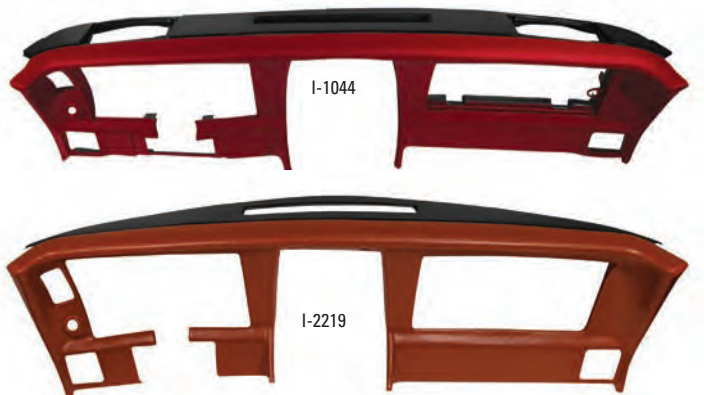

Made of same molded-color ABS substrate used for Zip's reproduction dash pads – won't chip or fade. Simply slide over factory pad and secure with included adhesive. Available in all original colors. '70-77 shields include left and right speaker perforations.

|        |       |                                  |        |
|--------|-------|----------------------------------|--------|
| I-2222 | 68-69 | Dash shield, specify color ..... | 216.99 |
| I-2221 | 70-76 | Dash shield, specify color ..... | 216.99 |
| I-2220 | 77    | Dash shield, specify color ..... | 216.99 |

### 78-82 Dash Pad

Exact reproduction in look and fit. Available in all original factory colors. For an "all-fresh" makeover, Zip recommends replacing glove box door cover and steering column lower cover at same time.

|         |       |                                            |        |
|---------|-------|--------------------------------------------|--------|
| I-1044  | 78-82 | Dash pad .....                             | 559.99 |
| ZSF-464 | 78-82 | Dash pad to door jamb screws (4) .....     | 2.99   |

### Armrest "T" Cushion

Give your elbow some relief!

Vinyl or leather (leather has vinyl side panels) – both match

correct seat cover pattern for model year.

Does not affect park brake operation. All original colors available.

|       |       |                                       |        |
|-------|-------|---------------------------------------|--------|
| I-253 | 68    | Vinyl "T" cushion, basketweave .....  | 84.99  |

## Seat Belt Warning

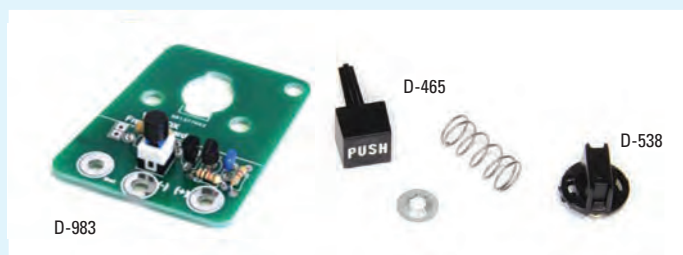

Reproduction solid state seat belt warning circuit board (module)

mounts to back of center gauge cluster. Controls seat belt warning

function. D-538 bulb socket twists into 1/2" hole in module. D-465 warning

PUSH button shuts off seat belt lamp. Mounts in center gauge bezel.

|       |       |                                                                             |       |

### Electronic Tachometer

Reproduction tachometer loaded with electronics for your late model engine conversion or electronic distributor. Fully assembled and ready for installation. They are even produced in the correct redline for your Corvette application. Simple 3-wire installation. Specify year and redline.

|        |       |                            |        |
|--------|-------|----------------------------|--------|
| D-1075 | 68-74 | Electronic tachometer..... | 289.99 |
|--------|-------|----------------------------|--------|

### Electronic Tachometer Conversion

Keep your Corvette's factory tachometer face even with a high energy electronic ignition distributor (no tach drive) or a complete LS engine conversion. Simple 3-wire installation. Instructions and hardware are included.

|        |       |                                       |        |

| D-1017 | 68-74 | Electronic tachometer conversion..... | 159.99 |
|--------|-------|---------------------------------------|--------|

### Tachometer Signal Generator

Designed to calibrate the electronic tachometers on the bench. Perfect for installing a new tachometer circuit board ('75-82) or upgrading with an electronic tachometer conversion ('68-74). Absolutely the most accurate way to calibrate the electronic tachometer at multiple RPM levels prior to installation.

|        |       |                                             |       |

## Voltmeter

If you're dropping in a late model or LS series engine in your Corvette - then you'd like to have a voltmeter gauge instead of the factory ammeter gauge. Our voltmeter gauges are designed to emulate the factory gauges, including correct face, letter style and color.

## Dakota Digital RTX Instrument Gauge Package

RTX series is the latest from Dakota Digital, focused on retaining the stock Corvette look without sacrificing the late-model functionality. Every effort has been put forth to incorporate original style elements regarding layout, face styling and indicators. A casual glance may dismiss these as OE gauges but once you hit the switch and the LED backlighting comes on in your favorite color scheme, all doubts will be removed! CNC machined housings are filled with electronics designed and built in-house, high-definition TFT message centers can be fully configured to display just about any piece of information needed. Central control box makes installation and setup as easy as possible.

| XR-111 | 70-82 | Stereo speakers, 4"x 6" (40 watt) .....  | 44.99 |
| XR-128 | 70-82 | Kenwood speakers, 4"x 6" (60 watt) ..... | 99.99 |

### Rear Speaker System

Take advantage of your Corvette's natural acoustical configuration. Custom rear speaker assemblies mount under the rear deck and will not interfere with illumination or T-top storage. Speaker boxes are made of MDF acoustics, predrilled for installation. Speaker assemblies are available with high-quality Rockford Fosgate Prime 6x9 speakers, capable of handling 130 watts max (4 ohm 2-way, 65 watts RMS). Sold in pairs.

### Bluetooth Radio Amplifier

Bluetooth amplifier can be used with or without a radio - simply connect your 2 or 4 speaker system directly to the amplifier and all our music is at the touch of your fingers through your mobile device. When connected to your Corvette's, radio you'll have access to all your normal radio functions. Once Bluetooth is enabled, the internal sensor mutes the output from the radio and converts to your streamed audio. Small enough (5" x 5" x 2") to be hidden anywhere - keep your factory radio for its aesthetics and hide behind the dash.

| M-3971  | 73-74 | Front bumper support "thick" shim        | ea 4.99  |

### Front Bumper Protector

Urethane bumper protects front fascia from incidental contact. Often the culprit of spider cracks found on the nose. Attaches to license area; 73-74 must use front license mount bracket.

|        |       |                        |       |

How to replace factory bumper with a TruFlex front cover

## 73-82 Bumper Covers

All '74-82 Corvettes wore urethane bumpers ('73 was front only). While a great choice due to its ability to "move", with age and sun exposure urethane will shrink, ripple, become brittle – and break into pieces. Before Flexi-glass, and now TruFlex, the only substitute was a fiberglass replacement that was vulnerable to the slightest impact.

TruFlex is constructed of fiberglass and a revolutionary resin that makes it 70% more flexible than pure fiberglass. TruFlex bumpers have a black gelcoat finish that looks and feels like urethane, plus adds additional give. Genuine TruFlex will not shrink, warp or ripple, requires no flexing agent when painting, and yields a perfect paint match.

## Power Antenna Repair Cable

Factory power antennas include a plastic cable that drives the mast up and down. Over time this cable often breaks due to the continuous up/down motion. If you can hear your Corvette's antenna motor running but the mast will not come up, this repair cable is the fix you need. Available in plastic or upgraded steel cable.

|       |       |                                                        |       |
|-------|-------|--------------------------------------------------------|-------|
| A-330 | 78-82 | Power antenna repair cable, w/o CB.....                | 37.99 |
| A-387 | 78-82 | Power antenna repair cable, w/o CB, steel upgrade..... | 74.99 |

## Antenna Package

Manual antenna assembly replaces broken or missing antenna. Includes mast, mount spacer, mount nut, antenna body and cable. Note underbody mount plate and ground strap sold separately.

|       |       |                                             |        |
|-------|-------|---------------------------------------------|--------|
| A-339 | 68    | Antenna package w/cable (correct mast)..... | 109.99 |
| A-337 | 69-73 | Antenna package w/cable.....                | 59.99  |
| A-336 | 74-77 | Antenna package w/cable.....                | 59.99  |

## Reproduction Power Antenna

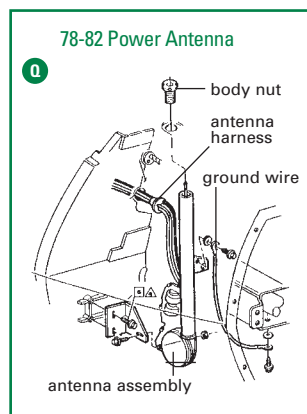

New reproduction antenna for '79-82 Corvettes without factory CB. New style lower body with original style mast for correct top end look. Uses factory mounting points for a seamless installation. Retracts when radio is switched off or ignition is keyed off. Zip recommends A-364 install kit for complete installation - includes correct coax cable, mount bracket and wiring harness for relay to antenna.

|       |       |                                 |        |

Chrome steel or stainless racks are same design as those installed as a dealer option. Choose 6- or 8-hole mount – 8-hole chrome rack includes alignment pins for T-top carriers. May not fit existing holes in rear deck, check before ordering. Perimeter holes measure 38 1/4" center-to-center horizontal and 14 3/8" vertical. Center tubes (straddle fuel door) are drilled at 6 3/4". See illustration on-line for detailed layout: [www.zip-corvette.com](http://www.zip-corvette.com). Zip recommends fitting rack to car before body and paint work. Assembled luggage racks include mount kit and tips.

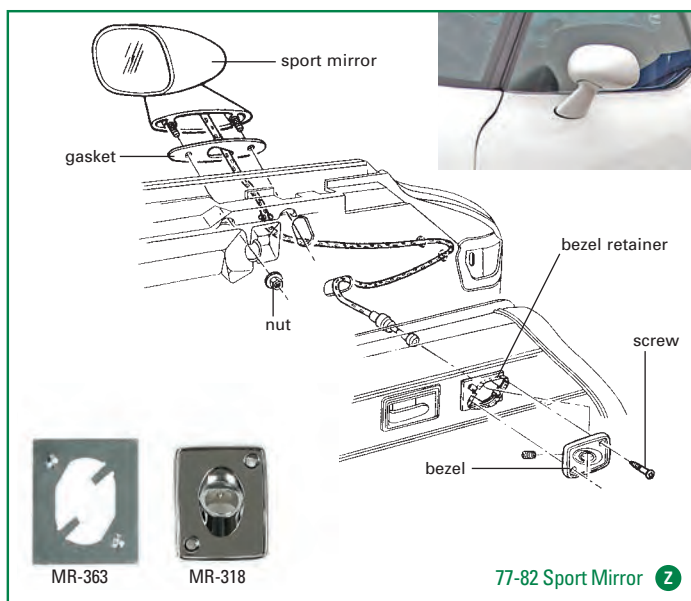

6-Hole Chrome Steel Rack

## Luggage Rack T-Top Carriers

Original-style brackets for securing roof panels to "factory" (dealer installed) rack. Includes front and rear brackets plus harness strap to hold tops in place. Mount using rack alignment pins.

### H 68-69 T-Top & Inner Panel

## T-Top Panel Repair

Zip's Velcro® fasteners replace your worn-out originals – often the cause  
behind panels that refuse to stay in place. Kit includes enough fasteners  
to install a pair of T-tops or pads.

| WS-4743 | 68-75 | Deluxe hardtop weatherstrip kit (4 pcs)..... | 399.99 |

## Adhesives & Cleaners

3M adhesive cleaner quickly dissolves weatherstrip adhesive, wax, grease, tar and more. Black or yellow adhesive (GM used yellow originally) bonds all types of weatherstrip to painted and unpainted metal. Silicone conditioner restores weatherstrip to "new black" look – and protects fresh weatherstrip against dry rot and cracking.

|          |                                         |       |

### Cleaners

Car Shampoo makes big suds, rinses streak-free. Wheel Cleaner is safe for polished, chrome, powder coat and painted finishes. All-Purpose Cleaner cuts grease, brake dust and tar; use to clean machine buffing pads and microfiber applicator pads. No-ammonia Glass Cleaner leaves glass streak free. Use Leather & Interior Cleaner to deep clean leather, vinyl and plastic. Carpet & Upholstery Cleaner is non-foaming, yet makes dirt and stains disappear from interior.

### Dressings

UV-blocking Leather Conditioner is a rich cream that leaves leather soft and nourished. In & Out Detail Spray keep ABS pieces like-new. Super V.R.T. preserves and protects vinyl, plastic and rubber with "dry" satin finish - use sponge applicator. Undercarriage Spray turns chassis and wheelwells satin black and virtually invisible.

|        |                                                                |       |

## Car Covers & Paint Protections

### Max-Tech Cover

4-layer protection that's easy on the wallet. Not waterproof, but Max-Tech fabric does breathe so trapped water can evaporate. Gray only. Includes mirror pockets, cable with lock and storage bag.

CC-59 68-82 Max-Tech cover ..... 89.99

### Premium Flannel Cover

Excellent dust barrier for garage-kept Corvettes. Moisture resistant poly/cotton outer layer is fully lined with soft flannel to pamper the finest paint. Includes grommets. Tan only. Storage bag included.

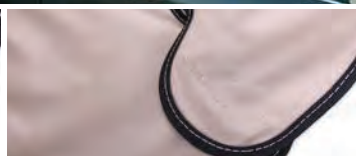

C75TF 68-82 Flannel cover ..... 154.99

### Ferguson Design Covers

Designed by Corvette enthusiast. Manufactured of high-grade, fire retardant and water repellant marine grade materials. Cockpit cover provides sun protection when the hardtop or soft top is down. Soft Top Hat Cover protects soft top and interior when the soft top is in up position. Coupe Sunjacket is perfect for covering your C3 coupe when you don't want to carry a full car cover.

X-3967 68-75 Ferguson conv Cockpit cover ..... 199.99  
X-3973 68-75 Ferguson conv Soft Top Hat cover ..... 209.99  
X-3978 68-82 Ferguson coupe Sunjacket cover ..... 219.99

### Onyx Black Cover

Onyx Black cover is the perfect cover for your indoor kept Corvette. Satin-like Lycra/Spandex exterior and soft underside pampers your exterior finish! Custom designed for your Shark Corvette with built-in mirror pockets and elastic corners. Includes storage bag.

CC-167 68-82 Onyx Black satin indoor car cover ..... 149.99

### Covercraft Form-Fit

Luxurious body hugging polyester with Spandex features a cotton inner lining for absolute beauty in curves. Highly breathable and machine washable. Available in black, charcoal, dark blue, silver-gray, hunter green or bright red. Includes matching storage bag.

CC-152 68-82 Covercraft Form-Fit indoor cover ..... 447.99

### Front Bumper Mini Mask

Nose protection that doesn't cover-up your Corvette's good looks. Breathable vinyl outer layer is backed by a soft, scratch-free cotton flannel lining that won't absorb moisture or trap dirt. Simple fastening system ensures a flap-free fit and allows quick removal for show-n-shine cleanup.

X-4353 75-79 Front bumper mini mask ..... 79.99  
X-4354 80-82 Front bumper mini mask ..... 79.99

### Cleartastic Paint Protection.

Ultra-thin film protects lower body from road rash where it's most needed: the chip-prone area in front of and behind the rear wheels. Precision cut pieces match body contours and lay flush against paint for a virtually invisible barrier. Designed for the DIY installer.

X-823 68-82 Cleartastic paint protection, front of rear wheels ..... 39.99  
X-824 74-82 Cleartastic paint protection, behind rear wheels ..... 39.99

## Race Ramps

Unlike steel ramps, which are very heavy (not to mention rust immediately) and plastic ramps that are not stable - Race Ramps are lightweight and strong, perfect for lifting or loading your Corvette or any other vehicle. Providing "rock-solid" stability in the garage, driveway or car show under any surface condition including epoxy coated floors or unstable sand and rocks. Race Ramp products eliminate the risks of skidding, slipping, sinking or crushing under pressure; that's a recipe for worry-free maintenance or hauling. Manufactured of high-density urethane foam and proudly made in the USA.

### 40" Race Ramps

10" wide - 40" long lift ramps can hold up to 6000lbs, and each ramp weighs less than 10lbs! Custom designed low ride-height high performance vehicles, providing 7" of lift with a 16.7 degree incline. Perfect for stock mid-year Corvette. Includes hand straps for carrying or storage. Sold in pairs.

X-3598 40" Race Ramps (7" lift) .....175.99

### 56" Race Ramps

12" wide - 56" long lift ramps can hold up to 6000lbs, and each ramp weighs less than 10lbs! Custom designed low ride-height high performance vehicles, providing 8" of lift with a 10.8 degree incline. Perfect for lowered mid-year Corvette. Includes hand straps for carrying or storage. Sold in pairs.

X-1706 56" Race Ramps (8" lift) .....265.99

Zip has a full selection of Race Ramp trailer accessories available for Corvette owners. Products include lightweight Trailer Steps for easy entry and exit, Trailer Mates for increasing tie down height inside your trailer and Trailer Side Kicks that can either protect your Corvette during loading or make changing flat tires on the side of the road a breeze. Contact a Zip salesperson or go online for more information.

## 2-Piece Race Ramps

Need additional access to the under-side of your Corvette when lifted? The 2-piece design is perfect for you! Simply drive up the ramp, and once your Corvette is firmly chocked in place; remove the sloped section for complete access for oil changes, detailing or accessing suspension components. Available in multiple lengths depending on the ride-height of your Corvette. 14" wide. Sold in pairs.

X-2307 56" 2-piece Race Ramps (8" Lift).....297.99  
X-2308 67" 2-piece Race Ramps (10" Lift).....414.99

## Wheel Chocks

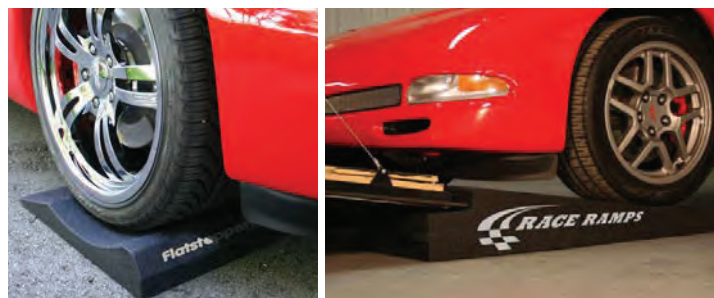

Provides extra security in any working environment - keeping your Corvette right where it is supposed to be. Made from solid rubber composite; allows them to be used on any surface including the ground (concrete, driveway or painted surfaces) or directly on your Race Ramps. 6" x 4" x 5" wide - weighing 3 pounds each. Sold in set of 4. Put a set in the garage and keep a set in the trailer.

X-2188 Race Ramp wheel chocks .....65.99

## Flatstoppers

Flatstoppers were designed to keep your Corvette's tires from flat spotting during long periods of storage. Flat spots are particularly troublesome for Corvettes with original style bias ply tires. Simply drive-on to the Flatstopper; your tires will settle into the pad's concave depression and they'll be cradled in their own radius. Flatstoppers do not conduct heat or cold to your tires from changing floor temperatures. Eliminates the hassle of jack stands during storage. 14" wide. Set of 4.

X-2185 Race Ramps 14" Flatstoppers.....285.99

## Trailer Ramps

Need a little more lift to make sure your car trailer loads correctly? Race Ramps Trailer Ramps allow low ride-height Corvettes a little less hassle while loading and you can be certain your front end will not get damaged in the process. Available in multiple heights depending on loading requirements.

X-3615 4" Trailer ramps (46" long x 14" wide).....307.99  
X-3616 6" Trailer ramps (46" long x 14" wide).....318.99  
X-3617 7" Trailer ramps (74" long x 14" wide).....441.99

## Corvette Reference

### Corvette Restoration Guide, 1968-82, 2nd Edition

Don't begin restoring a third-generation Corvette before reading this book! Long-time Corvette author Richard Prince has written a one-source reference guide covering every part and sub-assembly integral to the "factory-original" restoration of a '68-82 Corvette. Includes paint types and finishes, correct fasteners, part number references and more. Highly detailed – over 400 color photos.

B-712 Corvette Restoration Guide, 1968-82, 2nd Edition.....29.99

### How to Restore Your C3 Corvette

Restoration of a third generation Corvette is presented in four basic steps by author and Corvette expert Walt Thurn: disassembly, inspection, parts selection, and reassembly. Theory, procedures, hands-on techniques and more are covered in impressive detail through words and photos – with special attention devoted to restoring the "birdcage" frame and fiberglass body. Consider this book to be the ultimate restore-it-yourself guide!

B-711 How to Restore Your C3 Corvette.....32.99

### Assembly Manual

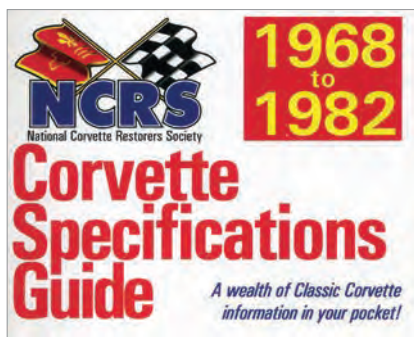

100%-accurate reprint of original build instructions used on the Corvette assembly line. Manual is broken into major groups (body, doors, engine, etc.) and features detailed illustrations showing how components were assembled. Available on CD or printed bound format. Specify year for printed manual – CDs include manuals of all years listed.

## Haynes Corvette Repair Manual, 1968-82

A repair manual based on the complete teardown and rebuild of your Corvette. Also a great way to better understand your car without having to take it apart! An excellent supplement to other repair manuals, this book covers all aspects of Corvette repair and maintenance.

B-315 Haynes Corvette Repair Manual, 1968-82 ..... 29.99

## Body Repair Guides

Be it poor panel fit, seams showing or past collision damage, the fact is most Corvettes exhibit body issues of some sort. Ray J. Shiro shares his 30+ years experience in fiberglass repair in step-by-step CD guides for do-it-yourself enthusiasts and pros alike. Packed with repair/replace photos and illustrations. Volume 3 includes hood and hood surround, bumper, door skins, fenders and T-top panels. Volume 4 covers headlights, jamb, quarters, deck lid, panel splicing, and crack and bonding strip repair.

B-652 Body Repair CD, 1968-82, Vol. 3: Hood/Front ..... 44.99  
B-653 Body Repair CD, 1968-82, Vol. 4: Headlights/Rear ..... 44.99

## Corvette By The Numbers™

Incorporating materials from GM archives, author Alan Colvin has compiled the most authoritative reference available for finding, decoding and verifying the correct part and casting numbers of every engine and drivetrain component for '55-82 Corvettes. Loaded with photographs, blueprints, technical bulletins and build sheets. Also includes information on Delco radios, glass codes and yearly model changes.

B-517 Corvette By The Numbers..... 69.99

## Vacuum System Troubleshooting Guide

Frustrated from trying to figure out why your Corvette's headlights or wiper door won't raise or lower properly? Then buy this guide! Includes troubleshooting tips plus plain-language explanations of vacuum system components.

B-440 Vacuum System Troubleshooting Guide ..... 9.99

## Corvette Fuel Injection & Electronics

The definitive guide to understanding, servicing and modifying your '82-01 Corvette's electronic engine control system. By expert Chuck Probst, author of equally-authoritative books on Bosch and Ford fuel injection systems. Includes trouble codes, wiring diagrams and hundreds of illustrations.

B-518 Corvette Fuel Injection & Electronics ..... 59.99

## Showroom Brochure

Quality reprints of the original showroom brochures used by Chevrolet to sell the Corvette. A great addition to any enthusiast's library. Every collector should have one! '53-74 available. Specify year of car when ordering.

B-106 Showroom brochure..... 11.99

## Owners Manual

Reprint of the original owners manual included with every new Corvette. Contains specific operating instructions and maintenance schedules for individual model year. Specify year.

B-302 68-80 Owners manual ..... 13.99

## Corvette Black Book Deluxe Edition

A pocket-size fact book brimming with valuable production figures, year-specific facts, RPO descriptions, exterior paint codes, interior choices and more. An absolute must to have along when checking out that "dream" Corvette for purchase! NEW EDITION.

B-400 Corvette Black Book Deluxe Edition ..... 19.99

## Corvette Illustrated Encyclopedia

An invaluable "A-to-Z" reference guide to Corvette – encompassing names, places, dates and terminology from throughout the car's first fifty years. Detailed appendix includes year-by-year specifications, production numbers, options, list prices and more. Written to appeal to everyone from the novice enthusiast to the NCRS veteran.

B-583 Corvette Illustrated Encyclopedia ..... 29.99

## Zora Arkus-Duntov – The Legend Behind Corvette

The story of how a gifted engineer bucked bureaucratic backwardness to turn the Corvette into a real sports car – and himself into a legend in the process. Author Jerry Burton takes the reader inside the mind of this remarkable man many call the godfather of the Corvette. Illustrated with never before seen photos, blueprints and archival documents.

## POLICIES & SHIPPING - Zip Products

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items! Packages ship UPS Ground unless otherwise requested or unavailable due to location or size and weight of parts. Expected delivery is 1-6 business days within the continental USA. Please provide complete street address to ensure delivery. Saturdays, Sundays and holidays are not included in UPS delivery times.

**SHIPPING CHARGES** - Shipping charges are most precisely calculated by shipment type, order weight and destination. Customers will be notified of shipping charges prior to order shipment. Please call or go online for shipping charge quotes if desired.

**UPS AIR SERVICES**- UPS provides all guaranteed Air services for Zip Products unless specified by the customer. Available services include Next Day Air, 2nd Day Air, and 3 Day Select. All charges are based on weight or dimensional weight (whichever is greater) and shipment destination. Saturday service is available on Next Day Air shipments only.

**TRUCK SERVICES**- Some parts in our catalog are too large to be shipped by UPS. These parts are noted in the catalog as "truck". Truck shipments are required to be prepaid for the total parts cost plus freight charges by check, money order or credit card. The customer is responsible for being at provided shipping address to accept parts.

**OTHER SHIPPING SERVICES**- Zip Products also uses the services of FedEx and the U.S. Postal Service. Orders must be paid by credit card, Pay Pal or prepaid check. All FedEx continental USA services are available. Packages sent through the Post Office are sent First Class Priority.

**ZIP INTERNATIONAL**- From single parts to everything needed for a complete restoration, Zip ships Corvette parts the world over. International orders are processed within 24 hours of receipt and delivered via UPS, Postal Service or your own freight forwarder. Please specify shipping method preferred. If not specified, orders will be shipped by the best method as determined by Zip Products. Charges are based on actual weight or dimensional weight according to the size of the entire shipment, whichever is greater. Payment is accepted by credit card, Pay Pal or bank draft. Shipping charges do not include any customs or duty fees and may not include brokerage fees. Quotes will be provided for total cost of order, if required due to payment method.

- **Canada:** Orders must include full address with city and province. All orders are shipped UPS Ground or Air unless otherwise specified or UPS is unable to deliver to your location. To better serve our customers, Zip is recognized as a non-resident importer, a status that allows us to collect all duties, taxes and brokerage fees at the time your order is processed. This arrangement means you know the exact cost to have parts delivered to your door – no hidden costs for your shipments!
- **PUERTO RICO, HAWAII & ALASKA:** All Puerto Rico and Hawaii orders can be sent UPS Ground, Next Day Air, 2nd Day Air, or through the Post Office. Please specify shipping method preferred.
- **A.P.O., F.P.O.:** All orders going to these addresses must be sent by the Post Office.
- **VIRGIN ISLANDS, GUAM:** All orders going to these locations can be shipped via UPS Express or the Post Office. Please specify shipping method preferred.

**MAIL-IN ORDERS**- Customers placing orders by mail and paying by personal check, money order or certified funds can go online or call for shipping charge quote. Shipping charges are most precisely calculated by order weight and destination. Download order forms at [www.zip-corvette.com](http://www.zip-corvette.com).

**LIABILITY DISCLAIMER**- Zip Products is not responsible for any damage, injury, loss or any other charges, caused by delays or incurred in the replacement of any defective items. Zip's liability is limited to the replacement and the shipping cost of defective items only. Improper installation, damage or injury resulting from the use of items sold by Zip Products are the purchaser's responsibility. Due to changes in the Corvette industry, part numbers, specifications, prices and availability of parts can change. Consequently, there may be times when parts are discontinued or prices increased. Changes may also occasionally occur in our policies and terms. Call Zip during regular business hours for up-to-date information.

CHEVROLET, the Chevrolet emblem, CORVETTE, Corvette emblems, GM and AC-Delco are trademarks of General Motors Corporation.

©2021 Zip Products, Inc. All rights reserved. No part of this publication may be reproduced without the prior written consent of Zip Products. Content is based on information believed to be reliable, but cannot be guaranteed. Printed in the USA.

**"NO HASSLE" GUARANTEE**- Since 1977, Zip Products has supplied parts and accessories to Corvette enthusiasts the world over. Then as now, packed into every shipment is our unparalleled commitment to customer service. Here at Zip, we believe a happy customer is a repeat customer. If you're not completely satisfied with any product for any reason, we'll promptly refund or exchange any purchase within 30 days.

**LOW PRICE GUARANTEE**- Zip works hard to make certain our prices are competitive. That said, it's possible you may find "cheaper" merchandise elsewhere. If it is the same brand part or accessory offered for a lower price by another supplier, we'll match their published price. Price must appear in a current magazine advertisement, Web site or catalog to qualify. Don't sacrifice quality and customer service for the sake of a few dollars – call Zip!

**RETAIL DISCOUNTS**- Retail customers receive a 10% discount on each minimum purchase of \$850 on any combination of parts and/or accessories, excluding (ND) items. Call or visit online for more information.

**WHOLESALE ACCOUNTS**- Zip provides Corvette parts to more than 3000 wholesale accounts around the globe. Multi-line discount programs are designed for the installer or reseller. Contact a salesperson for specific details. Proof of business required.

**"NO DISCOUNT"** - An (ND) designation beside a part, group of parts or price indicates that "No Discount" is available on that part or group of parts.

**BACKORDERS**- Over 96% of orders ship complete; however, backorders do occasionally occur. Most ship within 10 business days. For longer delays, our policy is to ship orders up to 30 days old. Past 30 days we'll call for authorization first. If you wish to cancel a backorder, please notify Zip as soon as possible.

**ITEM SHORTAGES**- Inspect merchandise immediately upon receipt of order. Notify Zip of any shortages or discrepancies in your order within seven (7) days from shipment date. No claims allowed after seven (7) days.

**DAMAGED PARTS**- All parts shipped are insured for the amount of purchase. Should your order arrive damaged or missing merchandise, immediately notify the carrier (UPS, truck freight company, etc.) and Zip. Keep all shipping materials (box, packing, etc.) intact until an inspection can be made by the carrier.

**CORE REFUNDS**- Customers who have purchased a product sold on an exchange basis and had a core deposit applied must return the required rebuildable core within 30 days from the date of shipment. A copy of the original invoice must accompany the return. Failure to return cores within 30 days may result in a reduction or loss of the core deposit. Return freight for cores is the responsibility of the customer.

**RETURNS & EXCHANGES**- Zip includes a return form on the back of each invoice for your convenience. If you have questions or concerns regarding a return or exchange, call to speak to your Zip sales representative. Returns are eligible for one (1) year without a restocking fee. Return shipping is the responsibility of the customer. C.O.D. return packages are not accepted. The customer is responsible for returning parts in the same condition they were received, with proper packaging and insurance to cover the value of parts being returned. Canadian and international customers, call for authorization to return parts.

**SALES TAX**- Zip is required by state law to collect and remit sales tax on purchases made and shipped to a variety of states. These requirements are based on the specific regulation of the state. Tax is based on delivery destination and may include freight charges. More information about sales tax collection can be found at: <http://www.zip-corvette.com/tax.html>.

**IN-STORE SHOPPING**- Zip has thousands of parts and accessories available for immediate pick-up at our showroom counter. Call before you come and we'll have your order waiting. Showroom hours are 8:30 a.m. to 5:30 p.m. EST Monday-Friday and 10 to 3 Saturdays. When traveling in the Richmond, Virginia area, visit Zip Products in Mechanicsville. We're just east of downtown Richmond, and only a quick drive off interstates I-64, I-95 or I-295.

**Zip has over 25,000 part & accessories  
in stock and ready to ship!**
