ONYX CAR COVERS 3 YEAR WARRANTY

INDOOR COVER — The Onyx Indoor Car Cover is the Premium cover for the Premium Sports Car. Made of a Polyester blend that includes Lycra/Spandex, it creates the perfect combination of a Satin-like exterior feel with a luxuriously soft underside to pamper your Mustang's finish. The front and rear hems, mirror pockets and generation-specific patterns are tailored to your Mustang. Its stretchability results in a sleek, form-fitting look that is easy to slip on. **FREE storage bag & 3 Year Warranty Included!**

HOLLEY INTECH COLD AIR INTAKE

Holley's new patented Intech Cold Air Intake brand represents the highest degree of technology, performance and style for late model cars, trucks and suv's. This system is designed for the popular 2011-14 Ford Mustang GT V8-5.0L and produced + 17.1 Hp and + 16.27 lbs. X ft. Torque on the dyno with a very broad power curve. All Intech sealed intakes feature a unique slip-seal housing-filter-tube interface that eliminates the use of hose clamps and adapters for a seamless installation.

MA91597 86-93 Holley Cold Air Intake **\$586⁹⁹**

1994-1998 V6 3.8L CHROME COLD AIR INTAKE

More Airflow = More Power! This 1994-1998 Mustang V6 cold air kit replaces the entire factory SN95 inlet system with large diameter, chrome plated tubing and a reusable, high-flow air filter. Made in the USA. Lowers Intake Temps and Improved Appearance. The BBK fenderwell design isolates the air filter in your Mustang's fender well and away from high underhood heat that robs your engine of horsepower and torque. This design also works great to improve the looks of your 3.8L engine bay since the air filter will not be visible.

MA91230 94-98 V6 3.8L Cold Air Intake - Chrome **\$189⁹⁹**

1994-1995 5.0 AIR INTAKES - FENDERWELL STYLE

Easy 7-10 Horsepower Increase! More Airflow = More Power! The 1994-95 5.0 cold air kits replace the entire factory SN95 inlet system with large diameter tubing and a reusable, high-flow air filter. Made in the USA. Lifetime washable high-flow air filter. Blue silicone couplers and stainless clamps. Fender well mount design. Installation is simple and takes only half an hour. No special tools or additional hardware are required for installation.

1996-2004 GT COLD AIR INTAKES

Dyno proven 10-12 Horsepower Gain! Extremely Simple Installation. Fenderwell Mounted Reusable High Flow Filter. All Required Hardware Included. More Air = More Power! These BBK cold air intake kits will decrease intake restriction, significantly increasing the performance of your 1996-04 GT. These kits will also increase your 4.6 V8's throttle response. These kits are designed to pull cooler denser air from inside the fenderwell area, reducing intake air temps and making power gains you can feel. Feature a high flow washable conical cotton filter. Each cold air intake model has been designed and dyno tested at the BBK headquarters in Southern California to maximize performance.

2005-2014 E-FORCE SUPERCHARGER - STAGE 1

The Edelbrock supercharger stage 1 street system for 2005-09 Ford Mustangs increases the performance of your 4.6L 3V engine to 466 horsepower and 439 ft-lbs of torque at the crank. The core of this system is the Eaton Gen VI 2300 TVS rotating assembly with a four-lobe design with 160 degrees of twist for maximum flow, minimum temperature rise and quiet operation for excellent drivability.

2015-2017 E-FORCE SUPERCHARGER - STAGE 1

Edelbrock's performance-proven modular-inlet supercharger system is now available for owners of 2015-2017 Ford Mustangs with the 5.0L Coyote engine. The new Edelbrock supercharger is a complete bolt-on kit that produces an impressive 690 horsepower with 588 ft-lbs of torque. At the heart of this system is Eaton's biggest R2650 TVS rotor assembly housed in a new manifold with an integrated high-capacity DP3C (dual-pass, three-core) air-to-water intercooler for lower inlet air temperatures and increased power potential. This system is designed and manufactured in the USA and is covered by Edelbrock's industry-leading 3-year/36,000-mile warranty.

1979-2004 EIBACH DRAG LAUNCH KITS

Success In Drag Racing Requires Hard, Consistent Launches At The Starting Line. Proper Management Of Weight Transfer Is Vital For Success In The Quarter-Mile. Eibach Has The Answer. These Drag-Launch Kits Are Engineered To Do One Thing: Provide Maximum Traction To The Rear Wheels.

MA0919	79-93	Drag Launch Kit - V8 Coupe.....	\$294⁹⁹
MA0936	94-04	Drag Launch Kit - GT.....	\$294⁹⁹

1979-2004 EIBACH SWAY BAR

Complete Your Suspension Upgrade With An Eibach Anti-Roll-Kit. While The Pro-Kit And Sportline Spring Sets Are Regarded As The Primary Suspension Enhancement Components, The Eibach Anti-Roll-Kit Allows Critical Fine-Tuning Of Your Car's Handling Characteristics. These Anti-Roll-Kits Reduce Body Roll Through Increased Design Stiffness Over Stock Bars. The Result: Increased Handling And Cornering Grip In Any Performance-Driving Situation.

MA0922	79-93	Front Sway Bar - 36mm	\$251⁹⁹
MA0923	79-93	Rear Sway Bar - 25mm.....	\$155⁹⁹
MA0924	79-93	Sway Bar Kit Front - 36mm Rear 25mm.....	\$387⁹⁹

1979-2014 BMR LOWER A-ARMS

BMR's Lower A-Arms Eliminate Deflection, Greatly Improving Steering Feel And Response In Normal And Performance Driving Situations. The Polyurethane Bushings Add Strength And Reduce Deflection Over The Stock Rubber Bushing, While Still Absorbing Much Of The Nvh. The Means You Get A Great Blend Of Performance And Comfort.

1979-2021 LOWERING SPRINGS

There Is Nothing Like The Aggressive Look Of A Car With The Right Stance! Over Time, Stock Springs Sag, Get Rusty, And Simply Wear Out. BMR Suspension Believes The Right Springs Go Beyond Looks! Your 1979-2004 Mustang Needs To Perform, Too! All BMR Springs Are Manufactured From Chrome Silicon High-Tensile Spring Wire, And Are Cold Wound On A Cnc Coiling Machine.

1979-2004 REAR COILOVER CONVERSION KITS

Increase Traction And Add Ride Height Adjustability To The Rear Of Your 1979-2004 Mustang With A Coil-Over Conversion Kit From BMR Suspension. Oe-Style Lowering Springs Can Drop The Vehicle, But Do So At The Expense Of Suspension And Shock Travel. By Utilizing A Conventional Coil-Over, The Vehicle Can Ride At A Lower Ride Height, While Still Retaining Full Suspension Travel

MA9006	79-04	Rear Coilover Conversion Kit w/o Control Arm Bracket - Black	\$169⁹⁹
MA9007	79-04	Rear Coilover Conversion Kit w/o Control Arm Bracket - Red	\$169⁹⁹

MA9009	79-04	Rear Coilover Conversion Kit w/ Control Arm Bracket - Red	\$419⁹⁹

#MA9210

2005-2014 REAR BOLT-ON ANTI-ROLL KITS

Hard Launches From High Horsepower Cars At The Drag Strip Require More Than Just A Normal Street-Style Sway Bar. BMR Suspension's Xtreme Anti Roll Bar For 2005-2014 Mustang Or 2007-2014 Shelby GT500 Allows You To Launch Harder Without Excessive Body Roll Limiting Traction, With Little Sacrifice To Your Mustang's Street Manners.

MA9210	05-14	Rear Bolt-On Hollow 35mm Xtreme Anti-Roll Bar Kit w/ Poly Bushings - Black....	\$489⁹⁹
MA9211	05-14	Rear Bolt-On Hollow 35mm Xtreme Anti-Roll Bar Kit w/ Poly Bushings - Red.....	\$489⁹⁹

1979-2021 FRONT K-MEMBER

A Tubular Front K-Member Is The Ideal Component To Reduce Weight At The Front Of Your Mustang, And Also Provide Additional Clearance For Performance Modifications. Reduced Weight Over The Front End Results In Increased Weight Transfer And Better Traction. Adding A BMR Tubular K-Member To Your Mustang Requires No Modifications For Fitment And It's A 100-Percent Bolt-In. BMR's Tubular K-Members Are Designed For Drag Race, Street-Strip And Street Performance Applications.

1979-1993 DSE SUBFRAME CONNECTORS

The Detroit Speed Subframe Connectors Are Designed To Give Maximum Torsional Stiffness Connecting The Front And Rear Frame Rails. The Connectors Do Not Hang Lower Than The Rocker Pinch Flange So Ground Clearance Is Unaffected. In Addition To Front Seat Mounting Brackets That Are Stronger Than Factory, The Connectors Provide Torque Box And Lower Link Reinforcement.

MA8815 79-93 Subframe Connectors.....\$325⁹⁹

1979-1993 ADJUSTABLE TRACK BAR KIT

The Detroit Speed Fox Body Mustang Adjustable Track Bar Kit Adds A Critical Link To Keep The Rear Axle Stable During Hard Cornering. The Addition Of A Detroit Speed Track Bar To The Fox Body Mustang Will Prevent The Axle From Wandering Unpredictably. The Track Bar Connects To The Rear Axle To The Chassis Of The Vehicle, Which Helps Keep The Axle Centered Under The Chassis During Suspension Travel.

MA9485 79-93 Adjustable Track Bar Kit\$750⁹⁹

1979-1993 DSE EXO BRACE KIT

Detroit Speed Has Developed An Effective Bolt-On (Or Weld-In) Brace Kit Improves The Rigidity Of The Torque Box, Prevents Damage To The Chassis, And Improves The Safety Of The Vehicle. It Ties The Link Pockets Into The Frame & Floor Pan On Both Sides & Connects The Two Boxes Side-To-Side With A Telescoping Feature.

MA9472 79-93 EXO Brace Kit.....\$335⁹⁹

1979-1993 DSE CHASSIS STIFFENING KIT

The Detroit Speed Fox Chassis Stiffening Kit Is Designed To Give Maximum Stiffness To The Notoriously Flimsy Fox body Chassis. This Kit Combines DSE's Subframe Connectors And EXO Brace

MA9473 79-93 Chassis Stiffening Kit\$625⁹⁹

1979-1993 LOWER LINK DRILL GUIDE

The Detroit Speed Lower Link Drill Guide Was Designed To Give You Additional Lower Link Adjustment Holes For Your 1979-93 Mustang.

MA9474 79-93 Lower Link Drill Guide\$42⁹⁹

1979-1993 ANTI-ROLL BAR KIT

Detroit Speed Sway Bars Attach To The Rear End Housing And The Frame Rail, Where The Stock Bar Only Connects To The Lower Suspension Links. By Using The Chassis To Stabilize The Rear Axle As Opposed To The Opposing Link, The Deflection Of The Vehicle Under Heavy Cornering Is Minimized.

MA9486 79-93 3/4 Inch Rear Tubular Anti-Roll Bar Kit.....\$325⁹⁹

1979-1993 SWIVEL LINK REAR SUSPENSION KIT

The Detroit Speed Swivel-Link Rear Suspension Kit Eliminates Bind And Allow The Suspension To Fully Articulate Without The Use Of Noisy Spherical Rod Ends. Swivel-Link Rear Links Allow For Easy Pinion Angle Adjustment Without Unbolting From The Car For Improved Traction, Lower Driveline Vibrations.

MA9484 79-93 Swivel Link Rear Suspension Kit.....**\$975⁹⁹**

1979-1993 REAR COILOVER CONVERSION KITS

The Detroit Speed Rear Coilover Conversion Kit Allows The Latest In Coilover Spring/Shock Technology To Be Bolted On To Any Fox Body Mustang, Bringing Your Classic's Handling And Ride Into The 21st Century With Our "Detroit-Tuned" Valving. The Springs Are Removed From The Lower Control Arms And Shocks Mounts Are Relocated Into The Frame Rail For Maximum Strength And Wheel/ Tire Clearance. Once Coilover Conversion Is Complete, Detroit Speed Mini-Tubs (See MA8814) May Be Installed In The Car At Any Time.

The Single Adjustable Shocks Include All Features Of Base Shock With "Detroit Tuned" Valving Plus Installed Rebound Adjustment With The Simple Turn Of A Knob While Providing Excellent Ride Quality On The Street.

The Double Adjustable Shocks Are The Most Race Winning Shock JRI Has In Its Stable. With Its Two Independent Adjustments And The Enormous Range Of Adjustment It Can Be Set To The Exacting Demands Of The Driver And Performance Levels Required While Providing Excellent Ride Quality On The Street.

MA9487 79-93 Rear Coilover Conversion Kit With Non-Adjustable Shocks**\$1325⁹⁹**

MA9488 79-93 Rear Coilover Conversion Kit With Single Adjustable Shocks**\$2025⁹⁹**

MA9489 79-93 Rear Coilover Conversion Kit With Double Adjustable Shocks**\$3250⁹⁹**

1979-1993 DSE MINI-TUBS

The Detroit Speed Mini-Tubs Are Inner Wheel Housings Designed To Accommodate Wider Tire And Wheel Packages, Including Tires As Wide As 315mm Without Rolling, Flaring, Or Frame Rail Modification.

MA8814 79-93 Mini-Tubs.....**\$440⁹⁹**

1979-1993 DSE SPEED KITS

The DSE Speed Kit 1 Rear Suspension Kit Is Designed To Give Maximum Suspension Performance To Your Fox body Chassis. These Kits Combine DSE's Rear Coilover Conversion And Swivel-Link Kits.

MA9475 79-93 Speed Kit With 1 Rear Suspension Kit With Non-Adjustable Shocks**\$2250⁹⁹**

MA9476 79-93 Speed Kit With 1 Rear Suspension Kit With Single Adjustable Shocks**\$2975⁹⁹**

5.0 BILLET MASS AIR METERS

Precisely Calibrated. These BBK 76mm mass air meters for 1986-93 Mustangs are calibrated to work with the injectors to support more power. Starting with an all new 356 aluminum casting each unit is fully CNC machined to exact specifications before being fitted with one of BBK's electronically calibrated mass air sensor modules to ensure an accurate air/fuel ratio for the best possible performance potential. Gain Up To 15 RWHP in Minutes. Dyno testing has shown up to 15 RWHP gains while maintaining an accurate air/fuel ratio unlike some competitor's units that are not electronically calibrated and may fail to maintain the all important air/fuel ratio.

1979-1993 DIRECT FIT ALUMINUM RADIATORS

DeWitts Direct Fit Aluminum Radiators are designed to install into the stock core support and use factory connections without any modifications or adapters. Each Direct Fit radiator starts with a USA-made core, furnace brazed, with two rows of 1" cooling tubes, serpentine finned and epoxy free. Press formed end tanks are manually tig welded - not expoxied - in the USA, providing the ultimate in strength and appearance.

1987-1993 CERVINI'S HEAT EXTRACTOR HOOD

Cervini's Heat Extractor Hoods ventilate engine compartment heat that normally soaks your entire power plant. Hood extractor vents allow a cross stream of external airflow to flow through the engine compartment evacuating power robbing heat! An aggressive but refined look that helps your motor function at it's optimum performance level in all driving conditions!

MA8206	87-93 Heat Extractor Unpainted Fiberglass Hood ..	\$699⁹⁹

WHEEL AND TIRE PACKAGES

Buying a wheel and tire package brings the convenience of the tire shop directly to your door. These kits come complete with four wheels, tires, and necessary hardware to go from your door-step to installed without ever leaving your driveway - all you need is a jack and lug wrench. You save time and money with mounted wheel and tire packages as labor to mount and balance is included in the kit price. All wheels are checked for trueness prior to mounting and the tires carry the full manufacturer warranty.

1979-2004 MUSTANG MM350 WHEELS

Introducing the MM350 by Mr. Mustang!

Stand out from the crowd with these stylish and bold multi-spoke drift inspired design wheels! Go stylish with the Silver Metallic Finish for that attention grabbing look. Or, go sinister with the Gloss Black Finish for that stealthy black-out look. These MM350 wheels have been specifically engineered and designed for your Mustang to get more meat on the road. Measuring 18 inches in diameter and 8 inches in width, these wheels are designed to fit both the Front & Rear of your Mustang.

MGP CALIPER COVERS

MGP Caliper Covers are a car accessory designed and manufactured specifically for your Ford vehicle to cover up and hide those ugly brake calipers. These aluminum caliper covers are finished with a high-quality powder coat. These caliper covers will enhance your wheel appearance & curbside appeal. MGP Brake Caliper Covers are tested for safe fitment and are licensed by major manufacturers. Set of 4 engraved caliper covers. Includes stainless-steel fastening clips. Made with 6061-T6 Aerospace Grade Aluminum. Powder Coated for Durability. Quick and Easy Installation: about 1 hour. No glue, adhesives or special tools required. Reduces brake dust and dissipates brake heat. Made in the USA.

1997-2004 Caliper Covers - Shelby

1997-2004 Caliper Covers - SVT

2005-09 Caliper Covers - Bar/Pony S197

2015-2020 MUSTANG 4" & 8" DUAL VIDEO INPUTS

This dual camera interface allows users to integrate a new or existing rear view camera, and a front or side camera, into the factory display in a large number of Ford vehicles. Using this interface module, combined with a rear view camera and front or side camera (not included) provides the driver with a complete, unobstructed view of what's around their vehicle, utilizing their existing MyFord factory display.

MA91041 15-21 MyTouch 8" Dual Video Input Interface for Factory Display Radios**\$399⁹⁹**

2016-2021 CAN DECODER

Tapping into the electrical wiring system of modern vehicles can be problematic. These wires can be hard to find and mistakes can lead to expensive repairs. Yet, modern Safety Add-on Products like Radar Blind Spot and 360 Vision often need multiple vehicle signals to work. That's why we developed the Brandmotion CAN Decoder - an easy tool for turning discrete CAN signals into 12-volt outputs in a single location. This reliable data transfer technique is perfect for installing Brandmotion safety products in less time and with less fear.

COOLING

#MA2719

#MA6725

1994-2018 DIRECT FIT ALUMINUM RADIATORS

DeWitts Direct Fit Aluminum Radiators are designed to install into the stock core support and use factory connections without any modifications or adapters. Each Direct Fit radiator starts with a USA-made core, furnace brazed, with two rows of 1" cooling tubes, serpentine finned and epoxy free. Press formed end tanks are manually tig welded - not expoxied - in the USA, providing the ultimate in strength and appearance.

AFTER

BRAKE MASTER CYLINDER COVER

Our 2015-2019 Brake master cylinder cover is designed to improve the appearance of your engine bay, covering the factory white reservoir tank, leaving you with a factory finish look under the hood. Our cover is designed as a direct fit over the existing tank (not a replacement). Each cover comes with one alcohol pad and two strips of velcro for easy installation.

MA0204 15-19 Brake Master Cylinder Cover - Black **\$62⁹⁹**

BATTERY & MASTER CYLINDER COVERS - BLACK

These covers attach to the front of the cowl, each using two of the "factory" plastic clips that fasten the cowl to the firewall. A concealed interlocking tab on the underside secures the front of the cover to the inner fender flange to provide a securely fastened (yet easily removable) cover in just minutes. Made of the same injection molded textured plastic as the factory components for a perfect match.

MA0203 05-14 Battery & Master Cylinder Covers - pr..... **\$94⁹⁹**

BATTERY & MASTER CYLINDER COVERS - GT500

These covers attach to the front of the cowl, each using two of the "factory" plastic clips that fasten the cowl to the firewall. A concealed interlocking tab on the underside secures the front of the cover to the inner fender flange to provide a securely fastened (yet easily removable) cover in just minutes.

RADIATOR COVER & FENDER FILLERS

This one-piece Full-Length Radiator Cover and Fender Fillers are designed to improve the appearance of your engine bay, covering the area above the headlights, leaving you with a factory finish look under the hood. A direct replacement that installs using factory hardware for a simple bolt-on installation. The cover panel and fender fillers come in a black finish and are made of handcrafted fiberglass.

MA0210 15-17 Full Length Radiator Cover & Fender Fillers . **\$438⁹⁹**

RADIATOR COVER PANEL

This is a genuine Ford panel that we have modified to accept either Drake style of Hood Pin Kit. Makes installation much easier and saves time. Note: Our hood pins include instructions to help you modify your original panel should you chose to modify your existing part, so this panel is not required. Does not fit and is not required for GT500.

BILLET ALUMINUM FUEL DOOR

Add a race car inspired look to any 2005-09 Mustang with this CNC machined billet aluminum fuel door. The clean low-profile design of this fuel door compliments the contours of the Mustang's body lines. The look is further accented with stainless steel countersunk hardware for a more aggressive appearance. The hinge mechanism provides smooth operation and powerful magnets deliver a positive secure closure.

Hood Lift Kit

Eliminate your factory prop rod by replacing it with this beautiful bolt in gas strut hood lift kit. The assembly was engineered to lightly lift the hood for you and hold it open allowing easy access all around your engine bay. Truss design brackets are CNC machined from 6061-T6 billet aluminum and clear anodized. Includes high quality satin finished struts with stainless steel hardware.

Hood Prop Rod

This Hood Prop Rod is made of high-quality 304 stainless steel. Includes swivel mounting bracket and bolts directly into the factory prop rod location.

MA0552 05-09 Hood Prop Rod - Stainless Steel..... **\$27⁹⁹**

Hood Strut System

This high-tech system provides smooth controlled opening of the hood, allowing owners to get rid of the flimsy prop rod. Each system features long extruded aluminum hood reinforcement brackets with multiple mounting points to prevent the Mustang's aluminum hood from flexing or distorting during operation.

DIODE DYNAMICS
PERFORMANCE LIGHTING TECHNOLOGY

2005-2021 LED HALO LIGHTS

HDHalo Technology: These HD LED Halo Rings Have Been Designed From The Ground-Up To Be Absolutely The Brightest, Most Reliable Halos Physically Possible. Each Halo Is Populated With A Large Number Of High-Density (Hd) LEDs, Which Are Then Coated By A Diffusing Gel, Resulting In A Perfectly Uniform Light When Turned On. When Off, The Diffusing Gel Hides The Chips, Resulting In A Clean, OEM Appearance.

1994-2021 CERVINI's HEAT EXTRACTOR HOODS

Cervini's Heat Extractor Hoods ventilate engine compartment heat that normally soaks your entire power plant. Hood extractor vents allow a cross stream of external airflow to flow through the engine compartment evacuating power robbing heat! An aggressive but refined look that helps your motor function at it's optimum performance level in all driving conditions!

2005-2014 APR AERO KITS

APR Performance Widebody Aerodynamic Kits are designed to achieve the best possible aerodynamic characteristics. Each APR Performance Widebody Aerodynamic Kit is engineered to reduce drag coefficients, widen stance & increase traction. Not only are the kits fully functional but also provide a unique look that matches the curves and shapes of each specific vehicle. To ensure the quality, fitment & finish, high grade fiberglass & carbon fiber materials are used in the construction of these aero kits.

GURNEY FLAPS

Gurney Flaps are available for all APR Performance GTC Series (200/300/500) wings. These are super lightweight, made using pre-preg carbon fiber processes, and conform perfectly to the contours of the GTC series 3D airfoils. They are easily attached using the included double-sided tape.

Tired of your comfortable yet unsupportive factory seats?
Ready for a seat that can perform as well as the rest of your car? We've taken the guesswork out of getting a Corbeau seat into your Mustang.

These kits include one pair of seats and two sets of seat tracks, all built by Corbeau so quality and fitment are unrivaled.

1999-2021 CORBEAU A4 RECLINING SPORT SEAT SETS WITH TRACKS

The A4 Was Designed By Corbeau So That The Overall Width And Seat Base Height Would Make It A Great Fit In Today's Popular Sports Cars Like The Mustang, Leading To An Overall Greater Driving Experience. When It Comes To Reclining Race Seats, The A4 Is The Best Bang For Your Buck And Now Easier Than Ever To Put Into Your Mustang.

2015-2020 ABS SPLASH GUARDS - GT350

Add extra style and protection to your Mustang with a set of our front fender splash shields. Protect your pony's paint from stones and road debris. Our American made shields are made from durable ABS plastic and are precisely cut to the shape of your Mustang's wheel well openings and grab the fender edge firmly and securely. The hardware installation kit allows you to utilize your existing inner fender wheel well mounting holes.

STRUT TOWER BRACE - STEALTH EDITION

The 550R Aluminum Strut Tower Brace is available with a stealth satin black powder coat finish. This high-tech strut tower brace adds strength and style under the hood of 2015-19 Mustangs with V8 and Ecoboost engines. It is designed to provide enhanced chassis rigidity by reducing flex in high g-load driving situations. Installation is a simple bolt-on affair with no drilling or modifications required. Note: Does not fit V6 Mustangs.

THROTTLE INTAKE

Easy Bolt-On Power! The BBK throttle intake is the perfect way to add horsepower and torque to your 1996-04 Mustang GT. BBK's patented Mustang throttle intake incorporates a high flow upper plenum with a 73 or 78mm throttle body combined into one unit. This makes for a perfectly smooth transition and saves you money over buying the intake plenum and throttle body separately. Easy Installation! BBK's throttle body intake simply requires unbolting the stock unit and transferring a couple of sensors. The entire install can typically be done in 30 minutes or less and requires only basic hand tools.

WHEEL AND TIRE PACKAGES

Buying a wheel and tire package brings the convenience of the tire shop directly to your door. These kits come complete with four wheels, tires, and necessary hardware to go from your door-step to installed without ever leaving your driveway - all you need is a jack and lug wrench. You save time and money with mounted wheel and tire packages as labor to mount and balance is included in the kit price. All wheels are checked for trueness prior to mounting and the tires carry the full manufacturer warranty.

1979-2004 MUSTANG MM350 WHEELS

Introducing the MM350 by Mr. Mustang!

Stand out from the crowd with these stylish and bold multi-spoke drift inspired design wheels! Go stylish with the Silver Metallic Finish for that attention grabbing look. Or, go sinister with the Gloss Black Finish for that stealthy black-out look. These MM350 wheels have been specifically engineered and designed for your Mustang to get more meat on the road. Measuring 18 inches in diameter and 8 inches in width, these wheels are designed to fit both the Front & Rear of your Mustang.

MA8097	79-04	Gloss Black MM350 Wheel Set - 18x8	\$645⁹⁹
MA8090	79-04	Gloss Black MM350 Wheel - 18x8	\$175⁹⁹

2005-2014 RETRO STYLED STEEL WHEELS

Get a real vintage look on your 2005-14 Mustang! These wheels are designed after the Classic "Styled Steel" Wheel used in Vintage Mustangs. Available in the Square Fitment of 20x9 for the Front & Rear Fitment. They are also hub centric with a rear center bore 70.7 mm (2.78") and a cap hole size 46 mm (1.81") bore specifically for the 2005-13. These are premium quality chrome plated (1) piece cast aluminum wheels with painted cove areas. Includes stylized lug nuts.

Recommended Tire Size: 275/35/20 Perrelli on 20x9 (Front and Rear). Center caps sold separately. Proudly made in the USA!

Anthracite Machined Lip

Black Machined Lip

The finish on these wheels is achieved through several different phases. The finishing process includes a powder coat foundation followed by two layers of clear coat, not a one stage enamel. This is the correct way to finish a wheel. The lip of the wheel is then precision machined using a coolant and ceramic bit. This method creates a fine machined aluminum appearance on the lip of the wheel. They have an absolutely beautiful finish with a superior sheen due to the additional layer of clear coat.

1994-2004 BULLITT WHEELS - ANTHRACITE

Center caps included, factory center caps will interchange. Includes matching lug nuts and locking lugs. Wheels Have A Lifetime Structural Warranty. Bolt Pattern: 5-114.3

2005-2021 CARROLL SHELBY CS-5 WHEELS

Due to the popularity of their forged CS-21 made for the Shelby GT350, Carroll Shelby Wheel Company is happy to announce the CS-5 - a wheel with the same great styling of the CS-21 offered in standard Mustang fitments. Featuring sharp, elegant lines & flow-formed construction, the CS-5 comes in 19x9.5 +34Et and 19x11 +50Et sizes. Independently tested in the USA to Sae J2530 safety & durability standards, the CS-5 is not only light on weight - weighing in at only 23.5 lbs front and 24.5 lbs rear - but guaranteed strong.

2005-2021 CARROLL SHELBY CS-11 WHEELS

The CS-11 is the latest flow-formed wheel from Carroll Shelby Wheel Company. This 20" wheel offers classic 5-spoke style wrapping up in a modern package - a machined outer lip, Shelby branding & unique styling cues make this a wheel 'Frank' would definitely approve of! Finished in a choice of gloss black, gunmetal or chrome powder.

2015-2021 CARROLL SHELBY CS-21 WHEELS

The CS-21 is the first, one-piece forged aluminum wheel to be designed & produced by Carroll Shelby Wheel Company. It's specifically designed & engineered to fit the 2015-19 Shelby GT350 & GT350R. Offered in either brushed aluminum with clear coat or brushed aluminum with a smoked tint, this wheel is the only one out there officially licensed to carry the 'Shelby' & 'GT350' monikers. Offering GT350 owners an elegant, lightweight alternative to their black OEM wheels.

2005-2021 CARROLL SHELBY CS-80 WHEELS

Infuse your modern Mustang with a taste of classic racing style with the CS-80 from the Carroll Shelby Wheel Company. A stylistic homage to the wheels traditionally found on vintage racing cars, yet built with modern flow formed construction. Flow-formed wheels are stronger & lighter than traditional cast wheels. This wheel brings you the best of both worlds. The CS-80 will give you look that's inspired by the racetrack and will dominate the streets.

Since 1989, Neonetics has offered hundreds of different neon light inspired products. Their extensive collection of clocks and signs are given a colorful edge with neon lights and LED accents.

MA35500 Red Neon Sign
Size: 24w x 24h x 4d **\$300⁹⁹**

MA35501 Cobra Neon Sign
Size: 24w x 24h x 4d **\$300⁹⁹**

MA35504 Shelby Cobra Sign
Size: 24w x 24h x 4d **\$300⁹⁹**

MA35505 Cobra Shaped Sign
Size: 20w x 28h x 4d **\$300⁹⁹**

NEONETICS inc.

Neon signs are made the same way since the invention of neon lighting in 1903. Each sign takes about 2 man days to make and each neon sign is made up of between 5 and 12 hand blown neon tubes. All neon tubes start out as 4 foot straight raw tubes of glass. Some tubes have colored glass. When they are turned off, they appear similar to colorful stained glass murals in a church. The stained glass colored tubes are very expensive and are hand drawn even to make the raw tubes.

The other primary type of tube is white when turned off. These tubes have a phosphorus coating inside which turns argon gas to yellow, green, purple, white etc. Electricity excites the gas which then lights the phosphorus coating. The phosphorous coatings have different formulations generating different colors, so with handmade welds, a single tube can have many colors when lit.

For example, multi-colored neon sculptures are all one single tube, yet they may consist of different phosphorus sticks welded together and then bent over a long torch by hand. Every single tube is welded and then bent by hand over a ribbon burner. Once the tubes are hand bent to the desired shape, the tubes are filled with either an argon/mercury mix or pure neon gas.

POLICIES

Terms and Conditions: Goods and/or services sold by our company, hereinafter referred to as "Seller", to customer, hereinafter referred to as "Buyer", are expressly subject to these terms and conditions set forth below. Any proposal for different or additional terms and conditions contained in any prior oral or written communication, including, without limitation, are hereby objected to and rejected, but such proposal shall not operate as a rejection of this agreement unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and/or services but shall be deemed a material alteration thereof, and this agreement shall be deemed accepted by Buyer without said additional or different terms. Buyer's acceptance of shipment or performance and/or payment for the goods or services constitutes acceptance of Seller's terms and conditions. The Seller may, from time to time, change or supplement these terms and conditions.

Payment: We Accept Credit & Debit Cards, Checks and Money Orders. Payment must be received in full prior to shipment.

Prices Subject to Change: All prices and/or discounts are subject to change without prior notice. All prices quoted by Seller will be in effect for a period of thirty (30) days from the date of the written quotation unless otherwise stated. While every effort is made to ensure accuracy, Seller is not responsible for errors or omissions or unforeseen price adjustments in distributed catalogs or our website. Note: Some non-discount, limited discount or pre-discounted items may be excluded from certain promotional pricing and cannot be combined with other offers.

Limited Warranty: Seller makes every effort to list the warranty for each product on the product webpage. Unless otherwise specified, all products are warranted to be free of defects in workmanship and materials under normal use for a period of 30 days from the invoice date.

Limitation of Liability: Seller's liability on any claim for loss or damage arising out of this contract or from the performance or breach thereof or connected with any goods or services supplied hereunder, or the sale, resale, operation or use of goods, whether based on contract, warranty, tort (including negligence) or other grounds shall not exceed the price allocable to such goods or services or part hereof involved in the claim regardless of cause or fault. Seller shall not under any circumstances be liable for any labor charges without its prior written consent. In no event shall Seller be liable for any incidental or consequential damage, including but not limited to, loss of profits or revenue, loss of use of products or associated product, cost of capital, cost of substitute products, facilities or services, downtime costs, or claims of customers of Buyer for such damage.

Shipping Damage, Lost or Missing

Merchandise: Unless otherwise noted, all sales of goods are made F.O.B. point of shipment and, in all cases, title and risk of loss or damage shall pass upon Buyer with delivery to the carrier at point of shipment. Seller reserves the right of carrier selection. Delivery dates given in advance of actual shipment of goods or performance of services are estimates and shall not be deemed to represent fixed or guaranteed delivery dates. Buyer is required to examine all shipments upon arrival to ascertain condition. If any shortages or damages occurred in transit, please contact Seller within 5 days of receipt for instructions on how to proceed. Failing to do this could jeopardize the refund or replacement of the damaged or missing items. Please save the original box and packaging materials for inspection by the carrier. Damage/loss claims cannot be filed after 15 days from the date of receipt of the package. Items shipped via truck must be opened and inspected while the driver is still on the premises, and damage noted if there is any.

Refused Shipments: If a shipment is refused, customer will be charged for shipping and handling plus a restocking charge of 15% of the product value.

Returns: You may return products other than Special Orders, if returned in unused, original condition in original packaging. There is no need to call for authorization. Complete the Return Form enclosed with your shipment and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. No COD returns will be accepted. Qualified returns will be refunded in the same method they were paid (i.e. credit card refund or refund check). There will be a full refund on returns up to 30 days from invoice date. Qualified returns older than 30 days but less than 90 days, will be assessed a 25% restocking fee. Special orders, custom products, electrical products, tools, books, videos, CD's/ DVD's, exhaust products after installation, returns of partial sets/kits or returns more than 90 days old will not be accepted. Any unauthorized returns will be mailed back to customer at customer's expense.

Core Return Policy: Our rebuilders are not able to accept core returns on items once they have been modified in any manner. In order to receive full core credit, core returned must be from a vehicle that is the same year, application and options as the item ordered. Core must be complete, in rebuildable condition and drained of all fluids to receive full credit. Cores are to be shipped to Seller pre-paid by the customer. Core verification takes approximately 3-4 weeks. If you have any questions, please contact our Customer Service Department prior to returning.

Force Majeure: Seller shall not be liable for failure to deliver or for delay in delivery or performance due to (i) a cause beyond its reasonable control, (ii) an act of God, act or omission of Buyer, act of civil or military authority, governmental priority or other allocation or control, fire strike or other labor difficulty, riot or other civil disturbance, insolvency or other inability to perform by the manufacturer, delay in transportation, or (iii) any other commercial impracticability. If such a delay occurs, delivery or performance shall be extended for a period equal to the time lost by reason of delay.

Indemnification: Buyer hereby (1) waives, releases and discharges any and all claims with the exception of claims for breach of this sales contract of every kind, including, but not limited, to injury or death of any person or damage to property, which it may have at any time against Seller, its agents or employees, by reason of or arising out of any condition of or defect in the goods and (2) covenants to indemnify and hold harmless Seller, its agents and employees from and against any and all loss, damage, expense, claims, suits, costs of defense, including attorney's fees which Seller or any or its agents or employees may sustain or incur at any time for or by reason of any injury to or death of any person or persons or damage to any property arising out of any condition of or defect in the goods or any claimed

inadequate or insufficient safeguards of safety devices or warnings.

Governing Law: This Agreement shall be governed by and construed according to the laws of the State of Pennsylvania.

Entire Agreement: This Agreement sets forth the entire agreement and understanding of the parties relating to the subject matter herein and supercedes any prior discussions or agreements between them. No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing, duly executed by both parties.

Severability: If any provision of this Agreement is held to be invalid by a

court of competent jurisdiction, then the remaining provisions shall nevertheless remain in full force and effect.

Assignment: Buyer shall not assign or delegate any or all of its duties or rights hereunder without Seller's prior written consent. Any assignment or delegation made without Seller's consent shall be null and void.

Headings: Headings used in this Agreement are provided for convenience only and shall not be used to construe meaning or intent.

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and

birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products linked to this page:

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Motor Vehicles

California requires the following notice:

WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead

and lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Tools

California requires the following notice:

WARNING: Some dust and particles created by power and hand tools from cutting, sanding, sawing, grinding, drilling and other activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.
