High Back Bucket Seat Foam

- Highest quality available
- 2 required per car

After years of use your seat foam does two things, a) it disintegrates and b) it compresses, thereby unable to support you comfortably and maybe more importantly, it will not hold the crisp, good looking lines of your seat covers. To get the best looking and best feeling set of seats, always install new seat foam with new seat covers.

About Distinctive Industries

Manufacturing perfect factory replacement automotive interior products since 1969, Distinctive Industries pioneered the aftermarket replacement interior industry. Since then, Distinctive Industries has quietly become the world's leading provider of OEM quality interiors for 1960s, 1970s, 1980s, 1990s, and early 2000s muscle car, special interest, and collectible vehicles. Their factory reproduction interiors are continuously recognized for quality in craftsmanship and capture the essence of original manufacturing techniques, utilizing exact factory color matching, grain, and textured materials. Interiors are cut on state of the art digital cutting machines, sewn to original specifications, and inspected by the most knowledgeable manufacturing staff in the industry. Distinctive Industries is your one stop solution for all of your auto interior restoration needs.

Printed Circuit Boards

- Restoration correct
- High quality
- Easy to install
- Same fit and function as original

Your Camaro's printed circuit is simply a piece of plastic with conductive copper material embedded in it. Unlike solid hard computer printed circuit boards, these boards are flexible, translucent plastic sheets which operate in the same fashion by conducting electricity to the different dashboard functions. The printed circuit can act as a fusible link when using the wrong fuses in your fuse block leading to damaging and costly breaks in the circuit. If your gauges fail or the instrument lighting seems abnormally dim, your Camaro printed circuit may have gone bad.

AutoMeter AirDrive Gauges

- Works with most 1996 and newer OBDII vehicles.
- Download the free iOS or Android AirDrive App to verify compatibility and available parameters.
- Installs in seconds—simply plug into the vehicle's OBDII port
- True plug and play functionality
- Uses your vehicle's existing OEM sensors
- Easily configurable display parameters and warning points using a smart phone or tablet
- 256 color options for the perfect match to any interior

AutoMeter's new state of the art AirDrive module provides a plug and play solution that wirelessly transmits data through a secure WiFi network from your vehicle to our award winning AirDrive gauges. Program configurable colors, warning points and peak recall functions through AutoMeter's free AirDrive smartphone app. Quick and easy installation is as simple as plugging the control module into the vehicle's OBDII port, mounting and powering gauges, and connecting to the mobile app, eliminating any fear of voiding factory warranties on your new vehicle. The AirDrive system is capable of broadcasting two additional analog sensor inputs to deliver information not found on your vehicle's data bus. Take plug and play performance to the next level with the AutoMeter AirDrive system.

Gear Reduction Engine Starter

- Eliminates hard starting problems
- Ideal for high compression or high performance engines
- Lighter and smaller than stock starters
- Fits small block and big block engines

It's far more powerful than any stock starter plus it's lighter and smaller than the stock unit to make header clearance a thing of the past. Because the Powermaster starter does not act as a heat sink, it is unaffected by high header heat or high underhood temperatures.

Ram Powergrip Clutch Kits

As engine power and torque levels increase, Powergrip clutch sets meet the challenge. Powergrip utilizes a unique blend of 900 and 300 Series friction materials and increased clamp loads to give you the holding power needed for aggressive street driving, occasional drag strip use, and the all around performance you expect from your clutch system. Some chatter will occur on take-off. Use Powergrip for modified street/strip cars.

QA1 Handling Kits

- Lightweight hollow-core (4130) chromoly steel
- Gloss black powder coated finish
- Greasable graphite polyurethane bushings
- High quality plated hardware

Want better handling for your second generation GM F-body vehicle? Turn to QA1'S handling suspension kits for the best ride that fits your needs. Available in three different levels of performance, these handling kits offers easy, bolt-in installation and seamlessly works with whatever oe component each piece attaches to. Don't want to make the investment right away? No problem. You can build your car in stages, using our parts list as a road map to get to the level of performance you want and have the peace of mind knowing you won't have compatibility issues. These kits include spring rates carefully selected to maximize performance while maintaining a smooth, comfortable ride. They are geared towards average weight small block and ls powered vehicles with stock trim. Our level three handling kits offer stiffer springs to maximize cornering performance.

Level 1

- Designed for drivers who want to upgrade the car's handling, but don't want to significantly alter the ride height or quality.

Griffin Aluminum Radiators

- Offer the best cooling money can buy
- Side tanks and cores are all aluminum for maximum heat dissipation
- For higher performance engines, the larger tube sizes offer more cooling
- These radiators mount in the stock locations and are flanged as original

Step Up to Aluminum

Original Camaro radiators were constructed of copper and brass. Now you can upgrade to aluminum and get not only improved cooling but greater durability than the original copper brass units.

- Classic 5-spoke design
- One-piece polished aluminum alloy
- Fits with no body mods required
- Includes triple chrome plated center cap
- Includes (20) 7/16-20 chrome lug nuts

This styling update on the Torq-Thrust II wheels produces a larger center opening for better viewing and ventilation of performance disc brakes and rotors. The one-piece aluminum alloy construction of Torq-Thrust II wheels allows a greater range of available sizes and the fully polished wheel surfaces give them a real head-turning appearance.

Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit RicksCamaros.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

Shipping and Handling

Check RicksCamaros.com for current shipping and handling estimates. In the catalog, denotes items that ship via truck, and denotes oversized dimensions or weight, which incur additional charges.

Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST. Please contact our sales team for rates.

Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday–Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
