Style Options

LUXE Mats™

- The best mats ever! You won't find a more luxurious custom car mat

LUXE™ custom fit Chevy mats are made from yarn so soft you'll want to drive barefoot. This unique, sophisticated and upscale automotive floor mat is sure to please even the most discriminating driver, with 11 luxurious carpet color options, hand beveling details this 48oz per yard construction. Dozens of licensed Chevy Logo options to choose from.

Ultimates™

- The original and still the best custom carpet floor mats

Ultimates™ have the most to offer in custom options for Chevy floor mats. Each mat is custom made from handmade patterns digitally mastered in Lloyd's CAD system to achieve the best coverage and fit possible. Mat colors are specifically designed for the best match and complement to all Chevy interiors. Choose from the largest variety of Chevy logos available.

Velourtex™

- Silky smooth texture and high quality at a value price

The Velourtex line of floor mats was created by Lloyd's to provide a value priced, high quality automotive floor mat, with the availability of Lloyd's broad range of trademark, lifestyle and personalized logo options. Starting with a high quality nylon yarn, we've created a silky smooth texture similar to late model original equipment mats, but with a heavier more dense carpet face. The multi-layer backing is designed to maintain the mat shape and provide protection for your original carpet.

TruBerber™

- True contemporary elegance in custom car floor mats

TruBerber™ combines the perfect blend of contemporary design and durability in custom fit Chevy floor mats. Add depth and visual interest to your vehicle's interior with TruBerber's multi-tonal thread blends and your choice of Lloyd's licensed Chevy embroidered logos.

RubberTite™

- Custom fit all-weather rubber car mats

RubberTite™ mats are a synthetic rubber product featuring a contemporary pattern of rounded "wells" across the entire mat surface. Our "wells" provide the capacity to hold water, mud, snow, dirt and spills and allows for easy mat cleaning with a hose. RubberTite is available in Black, Grey, Tan and Crystal Clear to compliment your Chevy interior. RubberTite mats have a textured non-slip surface and nib backing for additional safety.

Protector™

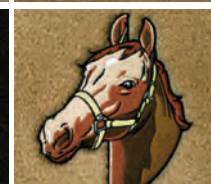

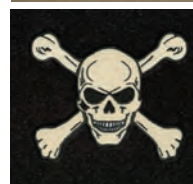

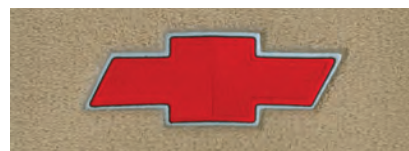

- Custom fit clear vinyl floor mats

Protector™ clear vinyl mats provide your Chevy with exceptional protection from water, dirt and other debris, while allowing the beauty of the car's carpet color to show through. Protector Mats won't wrinkle or crack and feature a textured non-slip surface with an aggressive vinyl nibbed backing to keep mats in place.

BedWoodX Bed-In-A-Box Kits

- Premier show-quality solid wood
- Kiln-dried for dimensional stability
- Precision milled to 3/4" thick

Available for 47-72 with finished or unfinished wood, polished stainless or plain steel strips. Please visit ecklers.com for all kits and available options

Bed-in-a-Box kits include the predrilled wood flooring, bed strips, hardware, and pre-drilled bed to frame and perimeter bolt holes. The wood is prefinished in H2X satin finish or unfinished and ready to install. The contents of the kit are neatly packaged in a single box, eliminating the mishaps and additional costs that often occur with kits requiring multiple packages.

Peep Mirrors with Straight Arm

- High-quality replacements
- Popular add-on accessory in the 50's and 60's
- High quality chrome plating
- Includes mounting hardware
- Most easily mounted on all body styles

These add on "Peep" mirrors are a fun add on, especially if you don't want to drill holes in your doors. These cool accessory mirrors hang down from the top of your door for that great 50's custom look. And let's face it, it's dangerous to drive with no mirrors.

Alternators

- Update your charging system
- Ideal for generator to alternator conversions

Original generators very often can't keep up with the addition of electronic accessories so common on today's classics. An alternator will upgrade your system and keep your battery fully charged. Use the internally regulated alternator if you wish to retain the stock indicator light. One-wire alternators will not operate the indicator light.

Power Steering Gear Boxes for 2-Wheel Drive and Power Steering

- 13/16" - 36 spline input shaft
- 2-wheel drive only
- Remanufactured original GM box

The GM 800 Series box works great for power steering conversions in early trucks. Combine this box with the bracket kit for your year truck, and the appropriate coupler, and you will be steering easy in no time.

Power Steering Conversion U-joint

- Use with 3/4" round original columns
- 13/16-36 x 3/4DD
- Use with power steering conversion kits

This part is a must when using Eckler's Trucks power steering conversion kits. The steering box is mounted on the outside of the frame and this universal joint allows you to connect the column to the box properly.

55-59**61-262794^Δ** **48.99** ea.

Note: The original column will need to be flattened on each side for this universal joint to be installed.

Nickel Plated U-Joints

- Nickel plating gives a polished stainless look
- Used with independent front suspension kits
- Easy to assemble using set screws provided - no welding required

Brake Booster Firewall Mounting Brackets

- Improves safety, modern look

Tired of worrying about your brake booster and/or master cylinder down on the frame rail? Convert them to a modern swing pedal setup with this bracket. Once you remove the factory firewall to dash support, this unit will triangulate and strengthen your dash. This assembly includes a new brake pedal. If you need room under the floor for custom exhaust, or if your truck is as low as it can go, this bracket will give you the clearance you need.

Calyx Exhaust Manifold Dressing

- Does not require removal of the manifolds
- Very little upkeep is required

To keep your cast iron exhaust manifolds looking concours prepared perfect, use Calyx Manifold Dressing. It applies with a flannel cloth and polishes to a silver shine in seconds. After the manifold is prepared with calyx, apply when necessary, very little upkeep is required. Application of the dressing does not require removal of the manifolds. Calyx Manifold Dressing will not burn and is non-toxic. One container, 3 ounces, will do 3 sets of cast iron exhaust manifolds.

Tower-Style Heater Hose Clamps

- Restoration correct
- Galvanized finish
- Slotted hex head screw as original

Eckler's Trucks offers these non-date coded tower-style hose clamps for the restorer who wants a Chevy or GMC Truck that looks factory correct without going to all of the expense of having date codes on everything. Tower clamps like this were used on all 1969-76 Truck heater hoses from the factory and being cold galvanized they were very susceptible to rust and corrosion.

500 CFM Flex-A-Lite Dual Electric Fan Kit

The Flex-A-Lite dual electric radiator fan system is the most powerful system on the market today. It pulls 2500 CFM and totally eliminates the need for the stock fan and shroud. The dual 12" fans fit compactly in a shroud area and measures only 2-5/8" in depth, 26-1/4" across, and 15-1/2" high. With these measurements, it will fit almost all Chevy Trucks (please measure your radiator core before ordering) and can be mounted either on the radiator core support with supplied brackets or through the radiator using mounting straps. This system allows you the flexibility of operating both fans thermostatically or one on continuously and one thermostatically. All mounting hardware and instructions are supplied.

Original Hollywood Wolf Whistle

- Awesome retro accessory
- High quality pressure die cast
- Gray hammertone finish
- Attaches to any vacuum source on non-fuel injected and non-computer controlled engines
- Mounting instructions and hardware included

All All metal.....61-327729^Δ 49.99 kit

Note: The brass insert that contains the whistle assembly can work itself loose and might fall out of the horn. To prevent this, we highly recommend that you remove the insert and apply an amount of clear silicone to the threads, install the brass insert and let it set overnight. This should prevent the insert from vibrating loose.

Twin Horn Kit

- High tone is 500hz and low tone horn is 400hz
- Includes relay
- Power consumption: 72w
- For trucks with 12-volt electrical systems

Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit Ecklers.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

Shipping and Handling

Check Ecklers.com for current shipping and handling estimates. In the catalog, denotes items that ship via truck, and denotes oversized dimensions or weight, which incur additional charges.

Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST. Please contact our sales team for rates.

Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday–Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
